PART I
Orders in Council

Order in Council constituting the Food Requirements Committee.

P.C. 4892

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 4th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas by Order in Council P.C. 9692 of October 22, 1942, the Food Requirements Committee consisting of representatives of departments and agencies of the government concerned with the formulation of policies in regard to the utilization of Canadian food supplies, and to the relevant aspects of production, was established to consult together, to advise and to report upon all major questions connected with these policies;

And whereas the President of the Privy Council reports that Canada's undertakings to export foods to the United Kingdom and to other United Nations, and to meet the needs of the UNRRA and for other relief, must be reviewed constantly in relation to one another and to the Canadian production of food, the price ceiling, and the essential requirements of food for domestic consumption, in order to achieve complete mobilization of Canada's food resources for war and for the achievement of the ends for which this war is being fought;

That the Combined Food Board established by the Governments of the United Kingdom and the United States, and of which Canada became a member on October 29, 1943, must from time to time through the continued co-operation of several departments and agencies be supplied with comprehensive information on Canadian supplies, requirements and plans for the production of foodstuffs;

That the war has reached a stage at which the Food Requirements Committee must be particularly concerned with the effect of these policies upon the volume of food supplies available for Canadian civilian or military use, or for alternative urgent external requirements, including relief;

That the pressure on Canadian food supplies as a result of these requirements requires the co-ordination of publicity programs affecting matters within the terms of reference of the Committee; and

That it is therefore expedient to reconstitute and further define the functions of the said Committee;

Therefore His Excellency the Governor General in Council, on the recommendation of the President of the Privy Council, is pleased to revoke the said Order in Council of October 22, 1942, (P.C. 9692) and it is hereby revoked accordingly.

His Excellency in Council is further pleased to order and doth hereby order as follows:

1. This Order shall be known as the Food Requirements Committee Order.
2. An interdepartmental Committee is hereby constituted, to be known as the Food Requirements Committee composed of senior representatives of the following departments and agencies:

Department of Agriculture,
Department of External Affairs,
Department of Finance,
Department of Fisheries,
Department of Pensions and National Health,
Department of Trade and Commerce,
Wartime Prices and Trade Board.

The Committee may invite representatives of other departments or agencies of the Government, and particularly the Mutual Aid Board and the Wartime Information Board, to attend meetings when matters of interest to these organizations are under consideration. It shall keep in close consultation with the External Trade Advisory Committee constituted under P.C. 3059 of April 27, 1944.

3. The Committee shall continue to make such arrangements for meeting and for the conduct of its business as are required for the performance of its duties. Its administrative and other expenses shall be payable out of the War Appropriation.

4. The Committee shall have the duty and authority to consider and to report upon all matters of policy connected with the utilization of Canadian food supplies in Canada and with the supply of Canadian foodstuffs to other nations, and without restricting the generality of the foregoing the said Committee shall in particular:

- (a) supervise the preparation of information on Canada's food position which the Committee may desire to furnish to the Combined Food Board or other bodies;
- (b) consider matters affecting food supply referred to it by the Governor in Council, by Cabinet War Committee, or by any of the departments and agencies of government;
- (c) consider the co-ordination of Canada's undertakings to export foods to various destinations; and the relation of these undertakings to the maintenance of the price ceiling, the provision of foods for domestic consumption and other factors which must be taken into account to ensure a balanced war effort; and to report to Cabinet thereon;
- (d) investigate, consider and make recommendations concerning the supplying by Canada of foodstuffs and related commodities for relief and rehabilitation purposes, through UNRRA and other agencies;
- (e) submit recommendations to the Cabinet with respect to matters of policy concerning embargoes or other restrictions on exports or imports of foodstuffs and concerning proposed agreements concerning external trade in food;
- (f) consider, investigate and report, in collaboration with the Wartime Information Board, on proposals relating to publicity programs affecting matters falling within the Committee's terms of reference.

A. D. P. HEENEY,
Clerk of the Privy Council.

Clerk of the Privy Council.

Clerk of the Privy Council.

Order in Council establishing an Overseas Committee of the Dependents' Allowance Board.

P.C. 5216

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 7th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Chairman, Dependents' Allowance Board, has reported to the Minister of National Defence as follows,—

By Order in Council dated 17th January, 1940, P.C. 187, there is established a Dependents' Allowance Board, Department of National Defence, to function in respect of all provisions relating to Dependents' Allowance pertaining to the Royal Canadian Navy, Canadian Army and the Royal Canadian Air Force.

At the present time there are approximately five hundred (500) dependents of members of the Royal Canadian Navy, twenty-two thousand (22,000) dependents of members of the Canadian Army, and four thousand (4,000) dependents of members of the Royal Canadian Air Force resident beyond the Western Hemisphere, largely in the United Kingdom. The number of such dependents residing beyond the Western Hemisphere is continually increasing by reason of marriages contracted by members of the Armed Services serving abroad.

In many cases investigation is required to be made by the Dependents' Allowance Board in regard to the qualifications and eligibility of such dependents to receive Dependents' Allowance before allowances can be awarded or other appropriate action taken by the Board. In consequence delays necessarily occur which result in hardship in some cases.

At a meeting held in London on 8th June, 1944, presided over by the Assistant Deputy Minister of National Defence and attended by the Chairman of the Dependents' Allowance Board and officers representing the Head of the Canadian Naval Mission Overseas, the Major-General in charge of Administration at Canadian Military Headquarters in Great Britain and the Air Officer Commanding in Chief, Royal Canadian Air Force Overseas, it was unanimously agreed that in the interests of the members of the armed Services and their dependents resident outside of the Western Hemisphere, an Overseas Committee of the Dependents' Allowance Board should be established in the United Kingdom to be composed of the Dependents' Allowance Board representatives Royal Canadian Navy, Canadian Army Overseas and Royal Canadian Air Force, and a Chairman to be appointed by the Dependents' Allowance Board with the approval of the Minister of National Defence, with power to exercise in respect of dependents resident outside the Western Hemisphere all of the powers, duties and functions of the Dependents' Allowance Board except such thereof as the Board shall from time to time reserve or withdraw, subject to the right of the Board to rescind or vary any or all decisions of the said Committee.

And whereas it is deemed desirable that there be established in the United Kingdom an Overseas Committee of the Dependents' Allowance Board in accordance with the foregoing proposal.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of National Defence, concurred in by the Minister of National Defence for Air and the Minister of National Defence for Naval Services, and under the authority of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to make the following Regulations and they are hereby made and established, effective as of and from 19th June, 1944:

Regulations

"

1. In these regulations

- (a) "Board" means the Dependents' Allowance Board;
- (b) "Committee" means the Overseas Committee of the Dependents' Allowance Board.

2. There is hereby established an Overseas Committee of the Dependents' Allowance Board.

3. The Committee shall, in respect of members of the Naval, military and air forces of Canada who have dependents residing outside the Western Hemisphere and such dependents, exercise subject to and in accordance with the provisions of these Regulations, all of the powers, duties and functions of the Board, except such thereof as the Board shall from time to time specifically reserve or withdraw.

4. The Committee in the exercise of its powers, duties and functions shall conform to the Procedures and Rulings established by the Board and to the Financial Regulations and Instructions applicable to the said forces.

5. All decisions, directions and awards of the Committee shall be acted upon and shall have effect upon the making thereof in the same manner and to the same extent as if made by the Board, but shall be subject to confirmation or otherwise by the Board.

6. The Board shall review every decision, direction and award of the Committee and may confirm, rescind or vary the same. Such rescission or variation may be made retroactive to such date as the Board may determine but there shall be no recovery made of any moneys paid under or pursuant to any decision, direction or award of the Committee unless the payment of such moneys has been obtained by fraud or wilful misrepresentation on the part of the person from whom it is proposed to make recovery.

7. The establishment of the Committee or anything done or purported to be done by it shall not be deemed to curtail or in any way limit the powers of the Board.

8. The Committee shall have its offices in the United Kingdom.

9. The Committee shall be composed of the following members:

- (a) A Chairman to be appointed from time to time by the Board with the approval of the Minister of National Defence.
- (b) The Dependents' Allowance Board Representative Royal Canadian Navy who shall be an officer of the Naval Service nominated by Naval Service Headquarters, Ottawa, and appointed by the Board.
- (c) The Dependents' Allowance Board Representative Canadian Army Overseas who shall be an officer of the Canadian Army nominated by the Major-General, i/c Administration at Canadian Military Headquarters in Great Britain and appointed by the Board.
- (d) The Dependents' Allowance Board Representative Royal Canadian Air Force who shall be an officer of the Royal Canadian Air Force nominated by the Air Officer Commanding in Chief, Royal Canadian Air Force Overseas and appointed by the Board.
- (e) Such additional members as may be appointed from time to time by the Minister of National Defence.

10. The Chairman, unless absent, shall preside at all meetings of the Committee. Two members in addition to the Chairman shall constitute a quorum. The Chairman shall not vote unless the members participating in the decision to be made are equally divided, in which case the Chairman shall vote. All decisions, directions and awards of the Committee shall be taken and made at meetings duly convened under the authority of the Chairman. In the absence of the Chairman the member of the Committee senior by length of service thereon shall preside and shall exercise and perform all the powers, duties and functions of the Chairman.

11. Pending reference thereof by him to the Board, the Chairman may at his discretion withdraw any matter which has been referred to or which is before the Committee for decision and may suspend action on any decision made by the Committee.

12. The Chairman shall cause such records and minutes to be kept and returns to be furnished to the Board as the Chairman of the Board may from time to time direct."

Clerk of the Privy Council.

7. (1) Where wheat is delivered by a producer to a mill for gristing purposes to obtain flour solely for the use of the producer and his household, the quantity of wheat so delivered shall be entered in the permit book under which the producer is entitled to deliver grain during the crop year, by the mill operator at the time of the delivery of the wheat to the mill and such entry shall be marked "family gristing" and the quantity of wheat so delivered shall not be included in computing the quantity of wheat delivered under the permit book for the purposes of paragraph (v) of subsection one of regulation four.

(2) No person shall deliver flour in exchange for wheat except at a mill and until after such wheat has been delivered at the mill.

(3) No producer shall sell, barter or otherwise dispose of flour obtained by him as a result of the delivery of wheat to a mill in exchange for flour or for gristing purposes.

(4) No mill operator shall establish depots or agencies for the purpose of exchanging flour for wheat on a gristing basis or transport flour from a mill to be exchanged for wheat on a gristing basis.

ISSUE OF PERMIT BOOKS

8. No permit book shall be issued to any person other than a producer.

9. (1) A producer may obtain a blank permit book from an elevator agent.

(2) The producer shall enter in the permit book the name of the delivery point at which he proposes to deliver grain and shall complete before a Municipal Secretary or other person authorized to administer oaths the two statutory declarations contained at the front of the permit book accurately describing in the declarations the lands on which the grain which he proposes to deliver is to be or has been produced.

(3) Both such statutory declarations shall be signed in ink or by indelible pencil by the producer taking the declaration and by the person before whom the declaration is made.

(4) An elevator agent shall, upon a producer returning a permit book to him with the delivery point named and the declarations completed in accordance with this regulation, apply to the board on forms supplied by it for an order fixing the authorized acreage for the lands described in the permit book and shall attach and forward with such application the first statutory declaration contained in the permit book.

(5) The elevator agent shall retain custody of the permit book until the Board has fixed the said authorized acreage and notified him thereof and no grain produced on the lands described in such permit book shall be delivered or received until the Board has so notified the agent and the authorized acreage has been entered in the book.

(6) Upon being notified by the Board of the authorized acreage for the lands described in a permit book the elevator agent shall enter this figure in the permit book in the proper place and return the permit book to the producer.

(2) The Board may, notwithstanding anything contained in paragraph one of this regulation, upon application by a producer and upon being satisfied that two or more farms operated by a producer are not operated as a unit and that it is not practicable for the producer to deliver the grain produced on such farms at one delivery point, authorize a separate permit book to be issued in respect of the lands comprised in each such farm naming different delivery points for the grain produced thereon.

14. Notwithstanding anything contained in these regulations, no person who has sold or delivered wheat pursuant to the terms of regulations made by the Governor in Council on the sixteenth day of March, nineteen hundred and forty-four, (P.C. 1722) shall be entitled to apply for or to be issued a permit book for the delivery of wheat produced on the lands from which such wheat was sold or delivered.

15. Unless otherwise ordered by the Board, any producer who has delivered grain to an elevator, mill, mill elevator, terminal elevator or dealer in contravention of these regulations or the orders or regulations of the Board, shall take re-delivery of such grain forthwith and shall repay any monies received for such grain to such elevator, mill, mill elevator, terminal elevator or dealer immediately, but this regulation or compliance therewith shall not be construed to relieve such producer or any elevator agent, mill operator or dealer from compliance with any other regulation or from the penalty for a breach of any regulation.

P.C. 5266

AT THE GOVERNMENT HOUSE AT OTTAWA

MONDAY, the 10th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas section seven of the regulations made by Order in Council P.C. 7942 of the 12th day of October, 1943, provides—

"7. The Board shall make wheat held by it for the account of His Majesty pursuant to these regulations available at prices fixed from time to time by the Governor in Council, to fill domestic requirements and the requirements of the United Kingdom of Great Britain for wheat and wheat flour and to provide wheat and wheat flour transferred under the War Appropriations (United Nations Mutual Aid) Act and paid for out of the Mutual Aid Appropriation and to meet any other obligations which the Dominion of Canada may undertake for the provision of wheat and wheat flour for countries other than Canada at the expense of the Government of Canada, in priority over all other wheat held by the Board."

And whereas the Minister of Trade and Commerce reports that it is necessary by reason of the war, for the peace, order and welfare of Canada, that The Canadian Wheat Board be empowered to make wheat held for the account of His Majesty available to fill the requirements of the United Kingdom of Great Britain for the products of wheat and wheat flour and to provide the said products transferred under the War Appropriations (United Nations Mutual Aid) Act and to meet any obligations which the Dominion of Canada may undertake for the provision of such products for other countries.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Acting Minister of Trade and Commerce, is pleased to revoke and doth hereby revoke regulation seven of the regulations established by Order in Council P.C. 7942, aforesaid.

His Excellency in Council, on the same recommendation and under the authority of the War Measures Act, is further pleased to make the following regulation and it is hereby made, established and substituted for the regulation hereby revoked,—

"7. The Board shall make wheat held by it for the account of His Majesty pursuant to these regulations available at prices fixed from time to time by the Governor in Council, to fill domestic requirements and the requirements of the United Kingdom of Great Britain for wheat, wheat flour, and products of wheat or wheat flour and to provide wheat and wheat flour and the products aforesaid transferred under the War Appropriations (United Nations Mutual Aid) Act and paid for out of the Mutual Aid Appropriation and to meet any other obligations which the Dominion of Canada may undertake for the provision of wheat or wheat flour or the said products for countries other than Canada in priority over all wheat held by the Board."

Order in Council providing financial assistance to dependents of former members of the forces residing outside of Canada, etc.

P.C. 53/5275

Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council on the 11th July, 1944.

The Board had under consideration the following memorandum from the Honourable the Minister of National Defence, concurred in by the Honourable the Minister of National Defence for Air, and the Honourable the Minister of National Defence for Naval Services:—

"The undersigned has the honour to state that the Adjutant-General reports that:—

- (a) Due to the current ban on travel from the United Kingdom, the departure for Canada of dependents of members of the armed forces of Canada residing therein has been indefinitely postponed;
- (b) In a number of instances, the member of the forces on whom the eligibility for dependents' allowance of such dependents is based has already been returned to Canada and discharged. Consequently, no further dependents' allowance or assigned pay is in issue to such dependents;
- (c) Many such dependents have relied entirely upon such dependents' allowance and assigned pay to meet their current living expenses, and unless some provision is made for their maintenance it will be necessary for them to apply for charitable assistance;
- (d) Should the current ban on travel from the United Kingdom be lifted, the need of such dependents and dependents residing in other places beyond Canada for assistance will not entirely disappear as their departure may be delayed during the rehabilitation period by lack of shipping and Government regulations;
- (e) It is considered that assistance can best be given to such dependents through the medium of the Dependents Board of Trustees which is established by Order in Council dated the 2nd December, 1943, P.C. 9239, to provide supplementary grants or special assistance for dependents of members of the armed forces in cases not provided for by the Marriage Allowance and Dependents' Allowance Regulations in circumstances where such dependents have special or emergent needs.

2. The Deputy Minister of National Defence (Army) therefore recommends that the Dependents' Board of Trustees be authorized to provide financial assistance for

dependents of former members of the armed forces of Canada if such dependents are residing outside of Canada and have applied to proceed to Canada but, owing to certain specified circumstances beyond their control, are prevented from so doing.

3. The Minister of National Defence for Air, the Minister of National Defence for Naval Services and the undersigned concur in the recommendation of the Deputy Minister, and the undersigned recommends that, pursuant to the provisions of the War Measures Act, Your Excellency in Council be pleased to make the following Order effective June 16, 1944:

ORDER

1. The Dependents' Board of Trustees established by Order in Council dated the 2nd December, 1943, P.C. 9239, may (upon such terms and conditions as may be specified by the Dependents' Board of Trustees, which may include, in appropriate cases, provision for repayment in whole or in part) pay to a dependent of a former member of the Armed Forces of Canada, if such dependent is residing outside of Canada, such sums of money as are required for, or towards, his or her maintenance until such time as such dependent is able to proceed to Canada; provided that—

- (a) such dependent was, prior to the retirement or discharge of such former member of the armed forces of Canada, in receipt of dependents' allowance; and
- (b) such dependent has applied to proceed to Canada but has been prevented from so doing by non-availability of shipping or Government regulations; and
- (c) such special assistance is necessary to alleviate hardship.

2. In no case shall the payments made to a dependent hereunder in any one month exceed the total amount of dependents' allowance and assigned pay formerly in issue monthly to such dependent."

The Board concur in the above report and recommendation, and submit the same for favourable consideration.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council *re* compensation for loss of or from registered postal packets addressed to members of the Armed Forces of Canada serving abroad.

(b) Order in Council P.C. 53/4120 dated 19th May, 1943, provides that compensation not exceeding one hundred dollars (\$100.00) may be paid where loss occurs of or from a registered postal packet addressed to a member of the Military or Air Forces of Canada serving anywhere on the continents of North or South America or the islands adjacent thereto, notwithstanding that theft or negligence on the part of personnel serving in the military or air forces can not be proved or does not exist.

(c) It is considered that compensation not exceeding twenty-five dollars (\$25.00) should be payable to personnel serving anywhere under the administrative direction or control of Canadian Military Headquarters in Great Britain or Royal Canadian Air Force Overseas Headquarters on the same basis as compensation is paid to personnel serving in North or South America or the adjacent islands and that the existing Orders in Council having reference to payment of such claims of personnel serving overseas, should be consolidated.

2. The Deputy Minister of National Defence (Army) recommends that an appropriate order be made in connection with the foregoing.

3. The estimated cost of the foregoing proposal for ten (10) months of 1944-45 amounts to eight hundred dollars (\$800.00) of recurring expenditure. Funds are available in the 'Sundries' Allotment of the 1944-45 Annual Army Estimates.

The Board concur in the above report and recommendation, and submit the same for favourable consideration.

A. D. P. HEENEY,
Clerk of the Privy Council.

SPECIAL NOTICE

The Government of Canada is trying to prevent excessive increases in costs and prices so that there will not be a disastrous price rise that will weaken the war effort, create chaos in many industries and cause general misery.

This Order fixes maximum prices and markups for licensed shippers, truckers, wholesale distributors and retailers.

These maximum prices and markups have been fixed to take care of the requirements of high cost operators. Anyone who is able to sell below these maximum prices and markups because of large volume or low operating costs should do so. In this way he will be sharing in the fight against disastrous inflation and will be complying with both the spirit and the letter of this regulation.

PART ONE

BENEFIT NUMBER ONE—OUT-OF-WORK BENEFIT

5. For any period during which a discharged person is capable of and available for work but unable to obtain suitable employment, payment of out-of-work benefit may be made to him upon the terms and subject to the conditions following:—

- (1) Out-of-work benefit shall not be paid for the first nine days of unemployment, whether continuous or not, nor for any period for which he may have been paid a rehabilitation grant, and the total period for which it may be paid shall not exceed his period of service nor shall it in any case exceed fifty-two weeks.

(2) Out-of-work benefit shall not be paid or continued beyond eighteen months after discharge, provided that the Department may in its discretion exclude from such period any time within such period during which the discharged person was a patient or out-patient of any hospital or health institution or was in receipt of a grant under this Order awarded because of temporary incapacitation.

(3) Where the Unemployment Insurance Fund has been credited with an amount pursuant to paragraph 18 of this Order, the total period for which he may receive out-of-work benefit shall be reduced by one-fifth of the period for which such credit was made.

(4) A discharged person shall not be deemed to be disqualified for out-of-work benefit by reason only that he has declined an offer of employment under conditions as described in paragraph (b) of Section 31 of The Unemployment Insurance Act, 1940, or by reason of his refusal of employment the acceptance of which would involve the consequences described in Section 32 of the said Act, and he shall not be deemed to be unemployed for any period or day as described in Section 33 of the said Act, but he shall be disqualified for out-of-work benefit in the circumstances defined in Section 43 of the said Act.

(5) The rates of payment of out-of-work benefit shall be in accordance with Part 1 of the Schedule of this Order, subject to reduction by such amount on account of any pension, wages, salary, Unemployment Insurance benefit or other income the discharged person may have received or be entitled to receive in respect of the period for which such out-of-work benefit is paid, as to the Department seems right.

(6) In the case of a person discharged from the Canadian Women's Army Corps, the Royal Canadian Air Force (Women's Division) or the Women's Royal Canadian Naval Service, the rate of out-of-work benefit shall not exceed the rate of pay of the discharged person at the date of discharge.

(7) Out-of-work benefit shall not be paid to a married woman whilst her husband is, in the opinion of the Department, capable of maintaining her either wholly or mainly and under legal obligation so to do.

BENEFIT NUMBER TWO—VOCATIONAL AND TECHNICAL TRAINING

6. Where a discharged person is pursuing vocational or technical training or other educational training which has been approved by the Department as training which will fit him or keep him fit for employment or re-employment, or will enable him to obtain better or more suitable employment, payment of a grant may be made to him for so long as he makes progress in such training to the satisfaction of the Department, upon the terms and subject to the conditions following:—

(1) Except as otherwise provided in this paragraph, the total period for which a grant hereunder may be paid shall not exceed the discharged person's period of service nor shall it in any case exceed fifty-two weeks, provided that the Department may regard such period as being exclusive of any time, within such period, during which the discharged person was a patient or out-patient of any hospital or health institution.

(2) In the case of a discharged person whose period of service has exceeded 52 weeks, such grant may be continued for a period which, together with the period of grant hereunder and/or any other grant or benefit which he may have received under this Order, does not exceed in all his period of service, if, in the opinion of the Department, the discharged person has made satisfactory progress in his training but requires additional training to qualify him for employment in the occupation for which he is being trained.

(3) In no case shall a grant hereunder be paid if application therefor is not made within twelve months after the cessation of hostilities of the present war or such earlier date as may be fixed by the Governor in Council or within twelve months after discharge, whichever is the later date, provided that in determining such period the Department may regard the same as being exclusive of any time, within such period, during which the discharged person was a patient or out-patient of any hospital or health institution.

(4) In the case of a grant hereunder to a discharged person who is in receipt of pension, all or any of the limitations imposed by sub-paragraphs (1), (2) and (3)

hereof may be waived if, in the opinion of the Department, such discharged person is unable to follow his pre-war occupation or his principal post-war occupation or the occupation for which he was previously granted training by the Department, and has been unable to secure or hold steady employment though possessing a potential physical and mental capacity for work.

(5) Where the discharged person is not in receipt of a pension, the rate of payment of grant hereunder shall be in accordance with Part 2 of the Schedule of this Order, and, where the discharged person is in receipt of a pension, the rate of payment of grant hereunder shall be in an amount which, when added to the discharged person's pension, inclusive of additional pension, equals the rate set forth in Part 3 of the said Schedule applicable to a discharged person of his status, and in either case such grant shall be subject to reduction by such amount on account of any wages, salary or other income such person may have received or be entitled to receive in respect of the period for which such grant is paid, as to the Department seems right.

(6) (a) The Department may pay to a discharged person pursuing a course hereunder and who is a married person or a person in respect of whom an additional allowance for dependents is being paid under this Order, a living allowance of five dollars per week for any week whilst he is necessarily living away from his usual place of residence in pursuing such course and is thereby in the opinion of the Department obliged to incur extra living expenses;

(b) Where such discharged person's place of residence during a course hereunder is at such distance from the place where the course is being held that daily transportation to and from such place is advantageous as an alternative to changing his place of residence, he may be allowed transportation to and from such place each day that such course necessitates, at a total cost not exceeding five dollars per week.

(7) (a) The Department may allow to a discharged person pursuing a course hereunder travelling expenses for one trip from his usual place of residence to the place where the course is being held and one trip in return, or one trip from his usual place of residence to the place where the course is being held and one trip to such other place where in the interests of rehabilitation it is deemed by the Department advisable for him to go and to which he can go without incurring greater travelling expenses.

(b) For the purpose of this paragraph, "travelling expenses" means,—

- (i) railway transportation, with sleeping berth if necessary, and/or reasonable charge for other modes of transportation when necessary and when supported by proper vouchers; or
- (ii) Transportation by privately owned automobile when authorized with a mileage allowance of three cents per mile or the equivalent of one railway fare irrespective of the number of passengers carried; and in either case
- (iii) the cost of meals in transit, if not provided by the transportation company, at one dollar each.

(8) Where a grant is being paid to a discharged person hereunder, or where a grant might be paid hereunder but for reduction on account of pension, wages, salary or other income, the Department may authorize an additional payment to be made on behalf of such person not exceeding the tuition fees, student fees, athletic fees or other charges and costs of his course.

BENEFITS NUMBER THREE AND NUMBER FOUR—AWAITING RETURNS FROM ENTERPRISE; TEMPORARY INCAPACITY

7. If the Department is of the opinion that, having regard to the special circumstances of the case, a grant will prove effective in re-establishing a discharged person who

- (a) is engaged in agricultural or other enterprise on his own account and is awaiting returns therefrom, or who
- (b) is temporarily incapacitated from accepting work or from taking training by reason of a disability, and is not entitled to care under the Department's treatment regulations,

a grant may be paid to such discharged person upon the terms and subject to the conditions following:—

(1) No grant shall be paid hereunder for any period for which the discharged person has been paid or is entitled to be paid a re-habilitation grant.

(2) The total period for which a grant may be paid hereunder shall not exceed the discharged person's period of service nor shall it in any case exceed fifty-two weeks.

(3) The rates of payment of grant hereunder shall be in accordance with Part 1 of the Schedule of this Order, subject to reduction by such amount of any pension, wages, salary, or other income the discharged person may have received or be entitled to receive in respect of the period for which such grant is paid, as to the Department seems right.

(4) No grant under clause (a) of this paragraph (Benefit No. 3) shall be paid unless application therefor shall have been made within twelve months after cessation of hostilities of the present war or such earlier date as may be fixed by the Governor in Council or within twelve months after discharge, whichever is the later date, provided that in determining the said period of twelve months the Department may regard such period as being exclusive of any time, within such period, during which the discharged person was a patient or out-patient of any hospital or health institution.

(5) No grant under clause (b) of this paragraph (Benefit No. 4) shall be paid or continued beyond eighteen months after discharge.

BENEFIT NUMBER FIVE—UNIVERSITY EDUCATION (UNDERGRADUATE)

8. In case any discharged person

- (a) has been regularly admitted to a university before his discharge, and resumes within one year and three months after discharge a course, academic or professional, interrupted by his service, or
- (b) becomes regularly admitted to a university and commences any such course within one year and three months after his discharge, or
- (c) because of ill health or because his admission to the university has been conditional upon his fulfilling some additional matriculation requirements or for any other good reason shown to the satisfaction of the Department, delays resumption or commencement of such course beyond the aforementioned periods,

a grant may be paid to such discharged person for any period during which he pursues such course, upon the terms and subject to the conditions following:—

(1) In no case shall a grant hereunder be continued to a discharged person who fails in more than two classes or subjects in any academic year, or who, having failed in either one or two classes or subjects, also fails in either or both supplementary examinations next offered by the university in such classes or subjects.

(2) The total period for which a grant may be paid hereunder shall not be greater than the discharged person's period of service unless his progress and attainments in his course are such that the Department deems it in his interest and in the public interest that the grant should be continued.

(3) Where the discharged person is not in receipt of a pension, the rate of payment of grant hereunder shall be in accordance with Part 2 of the Schedule of this Order, and, where the discharged person is in receipt of a pension, the rate of payment of grant hereunder shall be in an amount which, when added to the discharged person's pension, inclusive of additional pension, equals the rate set forth in Part 3 of the said Schedule applicable to a discharged person of his status, and in either case such grant shall be subject to reduction by such amount on account of any wages, salary, or other income such person may have received or be entitled to receive in respect of the period for which such grant is paid, as to the Department seems right.

(4) Where a grant is being paid to a discharged person hereunder, or where a grant might be paid hereunder but for reduction on account of pension, wages, salary or other income, the Department may authorize an additional payment to be made on behalf of such person not exceeding the tuition fees, student fees, athletic fees or other charges and costs of his course.

BENEFIT NUMBER FIVE—UNIVERSITY EDUCATION (POST-GRADUATE)

9. In case any discharged person

- (a) has entered upon a post-graduate course, either academic or professional, in a university before enlistment, or was about to do so at the time of his enlistment, or, having completed his undergraduate course in a university after his discharge, enters upon a post-graduate course as aforesaid, and
- (b) resumes or commences such post-graduate course within
 - (i) one year from his discharge, or
 - (ii) one year from the commencement, next following his discharge, of such course in such university, if his discharge precedes such commencement by not more than three months, or,
 - (iii) in the case of a discharged person who completes his undergraduate course after his discharge, as soon as may be after such completion,

if the Department, having considered such person's attainments and his course, deems it in the public interest that such discharged person should continue such course, a grant may be paid to him for any period during which he pursues such course upon the terms and subject to the conditions following:—

(1) The total period for which a grant may be paid hereunder together with any period for which he may have received a grant for undergraduate education under paragraph 8 of this Order shall not exceed the discharged person's period of service unless his progress and achievements are so outstanding that, in the opinion of the Department, it is important in the public interest that the grant should be continued.

(2) Where the discharged person is not in receipt of a pension the rate of payment of grant hereunder shall be in accordance with Part 2 of the Schedule of this Order, and, where the discharged person is in receipt of a pension, the rate of payment of grant hereunder shall be in an amount which, when added to the discharged person's pension, inclusive of additional pension, equals the rate set forth in Part 3 of the said Schedule applicable to a discharged person of his status, and in either case such grant shall be subject to reduction by such amount on account of any wages, salary, or other income such person may have received or be entitled to receive in respect of the period for which such grant is paid, as to the Department seems right.

(3) Where a grant is being paid to a discharged person hereunder, or where a grant might be paid hereunder but for reduction on account of pension, wages, salary or other income, the Department may authorize an additional payment to be made on behalf of such person not exceeding the tuition fees, student fees, athletic fees or other charges and costs of his course.

SCHEDULE—DEPENDENTS' ALLOWANCE, ETC.

10. In construing the meaning of the Schedule of this Order the following rules shall apply:—

(1) The additional amount for a person in lieu of wife may only in the discretion of the Department be paid to a woman who, although not legally married to the discharged person, was living with him at the time of his enlistment and on whose account Dependents' Allowance was being paid by the Department of National Defence at the time of his discharge.

(2) In the case of a person who is married and who maintains one or more children, or in the case of a widower who maintains one or more children and in either case who qualifies as a "married person" under the definition thereof and is being paid a benefit or grant as such, the additional amount paid as a "married person" shall be diminished by the difference in rates as between a married person and an unmarried person unless there exists a daughter, in respect of whom no amount is payable as a child, or other person, competent to assume and who does assume the household duties and the care of the child or children.

(3) The additional amounts for dependents provided in the said Schedule are the maximum amounts payable to or in respect of such dependents but, if lesser amounts are, in the opinion of the Department, sufficient for the maintenance of such dependents, lesser amounts may be paid.

(4) In lieu of the monthly payments set forth in the said Schedule, *pro rata* payments may be made semi-monthly or weekly, in the discretion of the Department.

CORRESPONDENCE COURSES

11. (1) The Department may authorize payment of fees in respect of a correspondence course for a discharged person in hospital undergoing treatment by the Department where the responsible medical officer of the Department consents thereto on medical grounds. Such payment may extend beyond fifty-two weeks or the length of period of service of the discharged person, and, notwithstanding the provisions of paragraph 14 of this Order, shall not preclude or in any wise diminish any other benefit or grant under this Order.

(2) The Department may authorize payment of fees in respect of a correspondence course for a discharged person who is employed if, in the opinion of the Department, such course is necessary to the successful rehabilitation of such discharged person and is directly related to the occupation in which he is employed. Such payment may extend beyond fifty-two weeks or the length of the period of service of the discharged person, but the amount of the payment shall in no case exceed the amount of grant under paragraph 6 of this Order which otherwise would have been payable.

GENERAL PROVISIONS

Not more than one grant may be paid to any person under this Order for any period nor shall any grant be paid to any person for any period for which he is paid out-of-work benefit hereunder, and except as otherwise specially provided in this Order the total period for which a person may receive out-of-work benefits or grants or any permutation of the same shall not exceed his period of service nor shall it in any case exceed fifty-two weeks.

15. Notwithstanding anything in this Order contained the Department may, for any reason deemed sufficient

(a) refrain from authorizing any payments under this Part, or

(b) on new facts being brought to attention, make any authorization under this Part which has been previously refused, or rescind or amend any authorization made under this Part, the decision of the Department otherwise being final, or

- P.C. 524, dated January 28, 1944

the Minister of Finance was authorized to acquire by way of lease from the owners thereof suitable buildings in various municipalities for the purpose of converting the said buildings into multiple housing units;

And whereas each of the said Orders in Council stipulates that the average estimated cost of construction for units created in any one building shall not exceed the sum of \$1,500 per unit;

And whereas the Minister of Finance reports that experience derived from operations under the said Orders in Council has proved that it is impossible to create units having more than one bedroom for a cost of \$1,500; and

That it is expedient and necessary for the relief of the housing shortage in the said municipalities that the Minister of Finance should be able to create units having more than one bedroom;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, is pleased to order and doth hereby order that, notwithstanding anything to the contrary contained in the said Orders in Council the estimated cost of construction for units containing more than one bedroom created under the provisions of the said Orders in Council shall not exceed the sum of \$2,000 per unit and that such cost shall not be included in determining the average estimated cost of construction of the other units in the buildings.

Order in Council amending National Selective Service Civilian Regulations, re coal mine workers

P.C. 5419

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 14th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas by Proclamation issued on the 17th day of May, 1944, it was declared and proclaimed that a state of national emergency exists in regard to the production of coal in Canada;

And whereas Section 210A of the National Selective Service Civilian Regulations (Order in Council P.C. 246 of January 19, 1943) as amended by Orders in Council P.C. 4092 of May 17, 1943, and P.C. 121 of January 10, 1944, provides, *inter alia*, that no person directed to employment as a coal mine worker, pursuant to the provisions of the said Section, and no person who, as his sole or main occupation, is engaged or employed as a coal mine worker shall be accepted prior to August 1st, 1944, for enlistment in any branch of the armed forces of Canada; unless such person has first obtained a permit to enlist, furnished by a Selective Service Officer; and every person directed to employment as a coal mine worker pursuant to the said Section and every person who, as his sole or main occupation, is engaged or employed as a coal mine worker, shall be deemed to have been granted a postponement order until the first day of August, 1944, pursuant to the National Selective Service Mobilization Regulations (Order in Council P.C. 10924 December 1, 1942, as amended) and an "Order-Medical Examination" or an "Order-Military Training" shall not be sent to any such person unless a Selective Service Officer has given his consent in writing to the sending of such notice;

And whereas the Minister of Labour reports that it is deemed necessary for the security, defence, peace, order and welfare of Canada, to extend until the first day of August, 1945, the time within which persons directed to employment as coal mine workers, and persons who, as their sole or main occupation are engaged or employed as coal mine workers, shall not be accepted for enlistment and shall be deemed to have been granted a postponement order;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Labour, and under the authority of the War Measures Act and the National Resources Mobilization Act, 1940, is pleased to amend the National Selective Service Civilian Regulations (Order in Council P.C. 246 of January 19, 1943) as amended, and they are hereby further amended by revoking paragraphs (i) and (ii) of subsection (9) of Section 210A thereof and substituting therefor the following:—

"(i) No person directed to employment as a coal mine worker, pursuant to the provisions of this section, and no person who, as his sole or main occupation, is engaged or employed as a coal mine worker shall be accepted prior to the first day of August, 1945, for enlistment in any branch of the Armed Forces in Canada, unless such person has first obtained a permit to enlist, furnished by a Selective Service Officer.

"(ii) Every person directed to employment as a coal mine worker pursuant to this section and every person who, as his sole or main occupation, is engaged or employed as a coal mine worker shall be deemed to have been granted a postponement order until the first day of August, 1945, pursuant to the National Selective Service Mobilization Regulations, 1944 (Order in Council P.C. 1355, March 4, 1944, as amended) and an "Order-Medical Examination" or an "Order-Military Training" shall not be sent to any such person unless a Selective Service Officer has given his consent in writing to the sending of such notice."

Order in Council making regulations re surcharge on certain dairy products when sold for export, etc.

P.C. 5424

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 14th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas by Orders in Council dated the 2nd day of April, 1943, P.C. 2709, and the 24th day of February, 1944, P.C. 1082, authority was granted for the payment of subsidies to primary producers with respect to butterfat and milk delivered to distributors and processors;

And whereas by Order in Council dated the 23rd day of February, 1944, P.C. 1151, the Agricultural Food Board was authorized to impose and the Department of Agriculture was authorized to collect a surcharge on butter sold as ships' stores and the Department of Agriculture was enabled to authorize any person to collect such surcharge on its behalf;

And whereas the Minister of Agriculture represents that it is in the public interest to recover the financial assistance so extended by collecting a surcharge in an amount commensurate with the subsidy paid and to be fixed by the said Board on all butter and cheddar cheese, and on such concentrated whole milk products as have been subsidized, when sold for ships' stores or for export, except when exported under government contract, and, with respect to butter only, when used for industrial purposes in Canada.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Agriculture, is pleased to revoke and does hereby revoke Order in Council P.C. 1151 dated the 23rd day of February, 1944,

His Excellency in Council, on the same recommendation, and under the authority of the War Measures Act, is further pleased to make the following regulations and they are hereby made and established accordingly,—

REGULATIONS RE THE IMPOSITION AND COLLECTION OF A SURCHARGE ON CERTAIN DAIRY PRODUCTS

1. The Agricultural Food Board is hereby authorized to impose and collect, directly or through a duly authorized person or agency, a surcharge fixed by the Board at a rate commensurate with the subsidy paid on butterfat or milk used in the manufacture of creamery butter, cheddar cheese, and concentrated whole milk products when sold for ships' stores or for export except when exported under government contract, and with respect to butter only, when used for industrial purposes in Canada.

2. The imposition and collection subsequent to the 30th day of April, 1943, of any surcharge by the Commodity Prices Stabilization Corporation Limited, the Ration Administration of the Wartime Prices and Trade Board, the Export Permit Branch of the Department of Trade and Commerce, the Department of Agriculture, or the Agricultural Food Board, with respect to butter exported, used as ships' stores, or used for industrial purposes in Canada, are hereby ratified and confirmed.

Clerk of the Privy Council.

Order in Council waiving requirement of the Canada Shipping Act that the Governor in Council should consent to the making of claims for salvage services rendered by H.M.C. Ships prior to the final adjudication of such claims

P.C. 5428

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 14th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas by Order in Council P.C. 1525 of February 26, 1943, regulations were made and established in respect of the making of claims for salvage services rendered by ships belonging to His Majesty and by the Commander and crew or part of a crew of such ships;

And whereas by section 534 of the Canada Shipping Act the consent of the Governor in Council is required for the making of any claim by the Commander or crew or part of the crew of any such ship before final adjudication upon such claim, and by the said regulations the consent of the Minister of National Defence, the Minister of National Defence for Air or the Minister of National Defence for Naval Services is required for the making of any such claim before final adjudication thereon;

And whereas in the opinion of the Minister of National Defence for Naval Services it is sufficient if the consent of any of the said Ministers be obtained to the bringing of any such claim and that the provision contained in section 534 of the Canada Shipping Act requiring consent of the Governor in Council is no longer necessary.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of National Defence for Naval Services, and under the authority of the War Measures Act, is pleased to amend the regulations made by Order in Council P.C. 1525 of February 26th, 1943, and they are hereby amended by adding thereto the following regulation as regulation six:—

"6. The provisions of section 534 of the Canada Shipping Act, 1934, shall not apply to or in respect of any claim for salvage services by the Commander or crew or part of the crew of a ship belonging to His Majesty which claim has not been finally adjudicated upon prior to the date of this Order and the consent of the Governor in Council shall not be required for the final adjudication on any such claim."

A. D. P. HEENEY,
Clerk of the Privy Council.

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

H. W. LOTHROP,

Associate Clerk of the Privy Council.

Order in Council prohibiting importation of manila, java or sisal fibres, except under licence

P.C. 5470

AT THE GOVERNMENT HOUSE AT OTTAWA

MONDAY, the 17th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Finance reports that the processing, sale and use of hard fibres and hard fibre cordage are subject to control in Canada;

That jurisdiction over this control was recently transferred from the Wartime Industries Control Board to the Wartime Prices and Trade Board, and consequent upon this transfer the form of import control formerly exercised by the Wartime Industries Control Board under Order Number Supplies 1, dated January 9, 1943, was discontinued; and

That arrangements for the centralized purchase of Canada's requirements of hard fibres and hard fibre cordage through the Defence Supplies Corporation of the Government of the United States of America require import control as a complement.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, and under the authority of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to order as follows:—

The importation into Canada of the goods enumerated hereunder is hereby prohibited except under and in accordance with the terms of a permit issued by, or on behalf of, the Minister of National Revenue:

Manila, java or sisal fibres of all kinds and grades, and cables, ropes, twine or other cordage wholly or in part thereof (ex Tariff Items 535, 535a, 535b, 535d, 535e, 537, 537a, 537c, 538, 538a, 539, 539a et al).

H. W. LOTHROP,

Associate Clerk of the Privy Council.

Order in Council providing that the Wartime Labour Relations Board continue to exercise the jurisdiction vested in it by the Wartime Labour Relations Regulations with respect to the Coal Mining industry in the Province of British Columbia

P.C. 5485

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 18th day of July, 1944

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Order in Council P.C. 3062 of April 27, 1944, makes provision for the administration within the Province of British Columbia of the Wartime Labour Relations Regulations by the Minister of Labour of the said Province including matters relating to the mining industry in the said Province, but reserving *inter alia* the jurisdiction of the Wartime Labour Relations Board under the said Regulations with respect to matters where employers or employees in more than one province are affected:—

And whereas a close relationship exists between employers engaged in the coal mining industry in the provinces of British Columbia and Alberta and between employees engaged in such industry in the said provinces with respect to matters covered by the said Regulations, and in view thereof, it is desirable that matters affecting employers and employees in the said industry in British Columbia be dealt with by the Wartime Labour Relations Board as such Board would be in a position to exercise jurisdiction in such matters simultaneously in the provinces of British Columbia and Alberta as circumstances may require from time to time;

And whereas the Government of the Province of British Columbia have accordingly requested that, notwithstanding anything contained in Order in Council P.C. 3062 of April 27, 1944, or the agreement referred to therein, the Wartime Labour Relations Board continue to exercise the jurisdiction vested in it under the said Wartime Labour Relations Regulations with respect to employees in the coal mining industry in the said Province and their employers.

And whereas it is deemed advisable to amend the provisions of Order in Council P.C. 3062 of April 27, 1944, to give effect to such request and to remove any uncertainty there may be under existing legislation as to the jurisdiction of the Wartime Labour Relations Board with respect to such employees and their employers:

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Labour, and under the authority of the War Measures Act is pleased to amend Order in Council P.C. 3062 of April 27, 1944, and it is hereby amended by adding the following as paragraph (iii) of subsection (2) of section two thereof:

“(iii) Employees who are employed upon or in connection with a work or undertaking engaged in coal mining and the employers of all such employees in their relations with such employees and trade unions, employees’ organizations and employers’ organizations composed of such employees or employers.”

His Excellency in Council, on the same recommendation, is further pleased to authorize and doth hereby authorize the amendment accordingly of the agreement entered into by the Minister of Labour with the Minister of Labour of British Columbia and approved by Order in Council P.C. 3062 of April 27, 1944.

A. D. P. HEENEY,

Clerk of the Privy Council.

And whereas the width of the right-of-way was not specified;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources, and pursuant to the provisions of the Dominion Lands Act and the War Measures Act, is pleased to authorize and doth hereby authorize the Minister of Mines and Resources to withdraw from disposal any lands in the Northwest Territories or in the Yukon Territory required not only for right-of-way and works relating thereto but also a sufficient area on both sides of the right-of-way to insure orderly development and to prevent the establishment of anything that might hinder the construction, development or maintenance thereof, or of services that may use the same.

P.C. 5521

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 18th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Order in Council, P.C. 2557, of March 30, 1943, removed inducements to travel in the form of certain reduced fares offered by the railways and established a test period terminating on August 15, 1943, to ascertain the effect on passenger travel of the removal of such inducements;

And whereas the said test period has been extended to August 15, 1944;

And whereas the Transport Controller has reported that he considers it in the public interest that the removal of the inducements be continued and that the test period be further extended to February 15, 1945;

THE BOARD HEREBY ORDERS AS FOLLOWS:

1. The Schedule to Board Order No. 116 is hereby amended by deleting therefrom the item "split peas".

2. This Order comes into force on July 10, 1944.

NOTE:—Maximum prices of split peas are governed by Administrator's Order No. A-1274.

WARTIME PRICES AND TRADE BOARD

Order No. 421

Reduction in Maximum Prices for Imported Agricultural Equipment and Repair Parts Affected by 1944 Budget Changes

Explanatory Note: The Government, in the national interest, has removed the Customs Duty and/or War Exchange Tax on the Tariff Items referred to in this Order on the basis that, with certain necessary exceptions, the benefit of removal of such duty or tax will be passed on to the consumer by means of reduction in importers', distributors' and dealers' prices for the imported equipment and parts described in those Tariff Items.

The Board accordingly issued Order No. 419 but, due to the intermingling of parts and other circumstances which render it difficult to identify the parts in terms of the respective dates on which they were imported, and due to varying pricing procedures having been adopted when the War Exchange Tax was imposed by Parliament in 1940, and due to the large inventories of parts on which customs duty and War Exchange Tax had been paid, it is desirable to amend Order No. 419 and to consolidate the Order as amended.

Therefore, under powers given to the Board by the Wartime Prices and Trade Regulations, being Order in Council P.C. 8528, dated November 1, 1941, as amended, the Board hereby orders as follows:—

1. Order No. 419 of the Board is revoked and is replaced by this Order which comes into force on July 17, 1944.

2. In this Order, the expressions "equipment" and "complete parts" mean, respectively, the imported equipment and complete parts described in Tariff Items 409, 409a, 409b, 409c, 409d, 409e (i), (ii) and (iii), 409f, 409g, 409h, 409i, 409j, 409k, 409l, 409m, 409n, and 409o in Schedule "A" to the Customs Tariff (Chapter 44, Revised Statutes of Canada, as amended).

3. (1) Every person who enters for consumption in Canada any equipment after June 26, 1944, shall reduce his lawful selling price for such equipment to each class of buyer from him by an amount equivalent to the reduction in his laid-down cost thereof resulting from the removal of customs duty thereon by Parliament and/or the removal of the War Exchange Tax thereon by order of the Governor in Council as announced by the Minister of Finance in his Budget Address on June 26, 1944.

(2) Every person who, before June 26, 1944, has entered or who on or after that date enters for consumption in Canada any complete part shall, forthwith after September 30, 1944, reduce his lawful selling price for that complete part to each class of buyer from him by an amount equivalent to

- (a) the amount of the War Exchange Tax that was added to his selling price for the complete part after such tax was imposed by Parliament as of June 25, 1940, and
- (b) the amount of reduction in his laid-down cost of the complete part resulting from the removal of the customs duty thereon by Parliament as of June 26, 1944.

This subsection shall not apply, however, to any complete part imported by a manufacturer for use only in the further manufacture by him of any equipment described in any Tariff Item listed in Section 2.

4. (1) Every person (other than an importer referred to in Section 3) who sells any equipment at wholesale or at retail shall reduce his lawful selling price for that equipment to each class of buyer from him by an amount equivalent to

- (a) the amount by which his laid-down cost for that equipment was reduced under the provisions of subsection (1) of Section 3, and
- (b) the sum by which his markup is reduced, which markup shall be calculated at a percentage not exceeding the percentage at which the lawful markup obtained by him on sales of that equipment immediately before June 26, 1944, was calculated.

(2) Every person (other than an importer referred to in Section 3) who sells any complete part at wholesale or at retail shall, forthwith, after September 30, 1944, reduce his lawful selling price for that complete part to each class of buyer from him by an amount equivalent to

(a) the amount by which his laid-down cost for a complete part of that kind was reduced under the provisions of subsection (2) of Section 3, and

(b) the sum by which his markup is reduced, which markup shall be calculated at a percentage not exceeding the percentage at which the lawful markup obtained by him on sales of that complete part immediately before June 26, 1944, was calculated.

This subsection shall also apply to all complete parts in such person's possession or control on September 30, 1944, regardless of the respective dates on which he acquired possession or control of them.

(3) Every person selling any complete part at wholesale or at retail who is required by his supplier to sell it at the supplier's list price or otherwise at a price specified by his supplier, shall, forthwith after September 30, 1944, reduce his lawful selling price for the complete part by an amount equivalent to the amount formerly added to cover customs duty and War Exchange Tax thereon. Each supplier shall inform such person of the amount so formerly added. This subsection shall also apply to all complete parts in such person's possession or control on September 30, 1944, regardless of the respective dates on which he acquired possession or control of them.

(4) In this Section, a sale at wholesale means any sale except a sale at retail.

5. (1) Every importer of any equipment shall forward to the Administrator of Farm and Construction Machinery and Municipal Service Equipment, not later than July 31, 1944, a schedule of his selling prices for such equipment as reduced in accordance with Section 3. Any price listed in such schedule shall be varied as that Administrator may direct by notice in writing.

(2) Every importer of any complete part to which Section 3 applies shall forward to the said Administrator, not later than September 30, 1944, a schedule of his selling prices for such complete parts as reduced in accordance with Section 3. Any price listed in such schedule shall be varied as that Administrator may direct by notice in writing.

(3) Every notice given by the said Administrator under this Section shall be sent in duplicate to the importer who, upon receipt of the notice and before further selling or offering to sell any equipment or complete parts, shall endorse upon one copy of the notice a signed and dated acknowledgement of its receipt by him and shall forward that endorsed copy to the said Administrator.

6. Every person, on sales by him of any equipment or complete parts, shall continue to allow such differences in price as he allowed during the basic period or customarily allowed to different classes of buyers or for different quantities or under different conditions of sale.

Dated at Ottawa, July 12, 1944.

D. GORDON,
Chairman.

WARTIME PRICES AND TRADE BOARD

ADMINISTRATOR'S ORDER No. A-1279

Used Construction Equipment

Under powers given by the Wartime Prices and Trade Board to the Administrator of Farm and Construction Machinery and Municipal Service Equipment, it is hereby ordered, as follows:—

Application and Effective Date

1. This Order on used equipment comes into force on July 15, 1944, and revokes and replaces Administrator's Order No. A-845. Wherever used in this Order, the expression

"Used Equipment" means construction equipment or machinery of a kind or type listed in Schedule A or Schedule B of this Order which has been used and includes any of such equipment or machinery which has been rebuilt or reconditioned.

Reports of Schedule B Equipment

2. (1) In this Section which applies only to contractors and distributors,

"Contractor" means a person who undertakes contracts for construction, removal or demolition works of any kind or nature or for any purpose in the performance of which used equipment is or may be employed; and

"Distributor" means a person who deals in equipment listed in Schedule B.

(2) Every contractor and distributor shall, within the time stated below, register with the Administrator on Form CM. 1 each item and unit of used equipment listed in Schedule B that he now owns or of which he becomes the owner. The time for such registration is as follows:

(a) for items and units he owns on July 15, 1944, within thirty days thereafter, and

(b) for items and units of which he becomes the owner after July 15, 1944, within thirty days of becoming the owner.

(3) Registration under subsection (2) is excused as to items and units owned by a contractor or distributor on July 15, 1944, if he is then registered as the owner under Order No. A-845.

(4) Every contractor and distributor shall, within seven days after the event occurs, report to the Administrator on said form CM. 1 each item and unit of his used equipment listed in Schedule B which

- (a) becomes idle on completion of the project or particular part thereof on which it has been used,
- (b) having been idle is again put to use on a project, or
- (c) becomes so dilapidated, worn or damaged that it is unusable and unfit to repair.

Essential Project Requirements

3. (1) In this Section which applies to all persons and to all used equipment,

"Essential Project" means a work or undertaking authorized or approved by or on behalf of the Government of Canada for or as ancillary to the defence of Canada or to prosecution of the war by His Majesty or any of His Allies.

(2) Where any item or unit of used equipment is needed by a person for an essential project, the Administrator may by written notice require the owner to sell or hire the same, whichever the owner may elect, to such person. The owner in such case shall within 48 hours after his receipt of the notice, advise the Administrator by telegraphic or other quick means of communication where the needed used equipment is located and whether he elects to sell or hire it. If he elects to sell it he shall also state his selling price, not to exceed the lawful maximum price.

(3) If in such a case the owner advises that he elects to sell, the Administrator will give the person needing the used equipment 48 hours within which to accept the offer to sell. At the end of that time, if he has informed the Administrator that he declines the offer or has failed to inform him of his intentions, the proposed requisitioning of the used equipment shall be treated as being cancelled and the notice of requirement to the owner as having been withdrawn, of which fact the Administrator will give prompt notice to the owner.

(4) If, however, the owner's offer to sell is accepted, or if he elected to hire the used equipment instead of selling it, any directions which the Administrator may issue to bring the transaction to completion shall be complied with promptly by the persons to whom the directions are issued.

Approval of Sales of Schedule B Equipment

4. (1) A person who owns any item or unit of used equipment listed in Schedule B, before selling it, shall first obtain the Administrator's approval. To obtain such approval he shall make application in duplicate on form CM.2. Where approval is given by the Administrator, it shall be evidenced by his endorsement thereof on one copy of the application returned to the owner. In every case giving of approval to a sale shall be in the Administrator's discretion.

(2) In case of emergency (of which fact the Administrator shall be the judge) approval of a sale to which this Section applies may be sought and obtained by telegraphic communication.

Maximum Selling Prices of Used Equipment

5. (1) The maximum price at which used equipment of a kind or type listed in either Schedule A or Schedule B may be sold or offered for sale by any person shall be as follows:—

- (a) for an item or unit which is in a condition for performance substantially equivalent to that of which it was capable when new, and whether or not the same has been rebuilt or reconditioned,—the maximum price shall be 85 per cent of the prevailing price in Canadian funds at which new construction equipment of the same or most closely comparable type and model is then currently selling at retail; and
- (b) for an item or unit which is not in the condition described in clause (a),—the maximum price shall be the same as fixed in clause (a) less, however, the estimated cost of putting it in such condition.

(2) If in any case doubt exists or dispute arises as to the maximum price at which a particular item or unit of used equipment may be sold or offered for sale, the

owner or any other party concerned or affected with respect to a sale or proposed sale thereof or to a hiring thereof may apply to the Administrator to fix the maximum price and his determination thereof shall be final for all purposes of this Order.

Hirings of Used Equipment

6. (1) This and the succeeding Sections of this Order shall, unless otherwise stated, apply to all persons and to all used equipment, and, wherever used in this Order,

"Hiring" means a leasing, letting, renting or other transaction of a similar nature by or as the result of which a person obtains possession and right of use of used equipment from another person, whether or not that other person owns the same, and a "hiring" includes a re-hiring or renewal of hiring as well as a hiring which provides an option or other right of purchase of the used equipment hired.

(2) This and the succeeding Sections of this Order shall apply to the following hirings, namely,

- (a) a hiring by or to any person or between any persons made after June 28, 1942 or which may be made after July 15, 1944, and
- (b) a re-hiring or renewal of hiring made after July 15, 1944, by or as the result of which a person who has had possession and right of use of used equipment under a hiring made before July 15, 1944, obtains continuance of his right of use of the same used equipment or any item or unit thereof from the same person, whether or not the terms of re-hiring or renewal of hiring and of the previous hiring are the same.

(3) Every hiring shall be evidenced by an agreement in writing signed by all the persons who are parties to the hiring. This requirement applies whether or not the person from whom the used equipment is hired is the owner thereof.

Hirings of Schedule B Equipment

7. (1) A person who owns or otherwise has the possession of any item or unit of used equipment listed in Schedule B, before hiring it to any other person, shall first obtain the Administrator's approval and the procedure in connection therewith shall be the same as in the case of a sale of any such used equipment as set forth in Section 4 of this Order.

(2) It shall not be necessary, however, to obtain the approval specified in subsection 1 if the hiring is for one single term only of less than 15 days without right of renewal, but no renewal of such term or re-hiring of the equipment to the same person within thirty days after expiration of such term shall be made without first obtaining the Administrator's approval.

Maximum Rentals on Hirings

8. (1) The maximum rental which may be charged, received, paid or provided for on a hiring of used equipment which, when new, was first sold after September 14, 1941, shall be as follows:—

- (a) where the hiring is for a term of one month (which means a period of 30 consecutive days) or longer,—the maximum rental shall be the monthly rate of 8 per cent of the prevailing price in Canadian funds at which new construction equipment of the same or most closely comparable type and model is selling at retail at or about the time of hiring, plus an additional hourly rate of 1/480 of the said monthly rate for each hour of operating use in excess of 240 hours of such use during any one month; and if the term of hiring ends in a fraction of a month, the maximum rental provided in clause (b) following shall apply to each day of such fraction;
- (b) where the hiring is for a term of less than one month,—the maximum rental shall be the daily rate of 1/30 of the monthly rate fixed in clause (a) above, plus an additional hourly rate of 1/8 of the said daily rate for each hour of operating use in excess of the number of hours of such use resulting from multiplying by 8 the number of days for which the daily rate is chargeable; but, where the operating use exceeds 240 hours, the additional hourly rate for each hour of operating use in excess of 240 hours shall be the rate of 1/16 of the said daily rate.

(2) The maximum rental which may be charged, received, paid or provided for on a hiring of used equipment which, when new, was first sold on or before September 14, 1941, shall be as follows:—

- (a) where the hiring is for a term of one month (which means a period of 30 consecutive days) or longer,—the maximum rental shall be the monthly rate of 8 per cent of the maximum price at which the used equipment may be sold as fixed by section 5, plus an additional hourly rate of $1/480$ of the said monthly rate for each hour of operating use in excess of 240 hours of such use during any one month; and if the term of hiring ends in a fraction of a month the maximum rental provided in clause (b) following shall apply to each day of such fraction;
- (b) where the hiring is for a term of less than one month,—the maximum rental shall be the daily rate of $1/30$ of the monthly rate fixed in clause (a) above, plus an additional hourly rate of $1/8$ of the said daily rate for each hour of operating use in excess of the number of hours of such use resulting from multiplying by 8 the number of days for which the daily rate is chargeable; but, where the operating use exceeds 240 hours, the additional hourly rate for each hour of operating use in excess of 240 hours shall be the rate of $1/16$ of the said daily rate.

(3) For the purpose of determining the maximum rental on any hiring, the term of hiring shall be deemed to commence when the used equipment is shipped by the person from whom it is hired and shall be deemed to end when the used equipment hired is returned to him at his shipping point or at such other place as the hiring agreement may specify.

(4) Where the total aggregate of all rentals paid by a person on a hiring or hirings to him becomes equal to the maximum price fixed by this Order at which the used equipment hired may be sold, the maximum rental for the same used equipment which thereafter may be charged, received from or paid by that person under the then existing hiring or on a subsequent hiring shall be reduced to and not be more than one-eighth ($1/8$) of the maximum rental which otherwise may be chargeable and payable.

Implied Terms of Hirings

9. (1) On every hiring it shall be an implied term thereof and of the hiring agreement that the cost of transportation both ways between shipping point and receiving point shall be the obligation of the person to whom the used equipment is hired.

(2) Unless the hiring agreement otherwise specifies, the following conditions shall be implied terms of every hiring and hiring agreement, and shall be the obligations of the person to whom the used equipment is hired, namely,—

- (a) he shall supply at his own expense all fuel and lubricants necessary,
- (b) he shall at his own expense supply an operator,
- (c) he shall at his own expense, maintain, repair and return the used equipment in good condition, ordinary wear and tear only excepted, and
- (d) he shall reimburse the person from whom the used equipment is hired for such part of all premiums of insurance carried on or in respect of the used equipment as is proportionate to the term of hiring.

(4) The customer shall keep a duplicate copy and the processor shall keep the original of each certificate furnished by the customer as required by this Section, available for inspection by any authorized representative of the Board at any time within twelve months after the date of the transaction to which the certificate relates.

Order in Council making provisions for service in Civil Affairs Units in War Endorsement on policies of Civil Service Insurance

P.C. 5529

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 21st day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Finance reports:—

(1) that a war endorsement is attached to all policies of Civil Service Insurance issued since the beginning of the war;

(2) that authority for the attachment of the endorsement was given by Order in Council P.C. 3114 of October 12, 1939, issued under the provisions of the War Measures Act;

(3) that certain modifications in the endorsement were made by Order in Council P.C. 3350 of May 14, 1941, and by Order in Council P.C. 6068 of July 29, 1943;

(4) that according to the Table of Extra Premiums in the War Endorsement now being attached to all policies of Civil Service Insurance the rate of extra premium

for general overseas military service is \$7.50 per \$1,000 per month, but the rate for overseas military service in the Army Medical Corps (except Nurses), Pay Corps, Postal Corps, Ordnance Corps, Forestry Corps and Railway Operating Units is \$3.35 per \$1,000 per month;

(5) that no special provision was made when the rates in the Table of Extra Premiums were decided upon or in subsequent revisions for overseas military service in Civil Affairs (Amgot) Units and that Civil Service Insurance policyholders now engaging in such service are liable to the rate of \$7.50 per \$1,000 per month;

(6) that according to a report from the Superintendent of Insurance the extra premium rate already provided for Pay Corps and other like services is more properly applicable to service in Civil Affairs Units than the rate for general military service;

(7) that the Superintendent of Insurance is of the opinion that the lower extra premium rate should be made applicable to all Civil Service Insurance policies containing a war endorsement but without retroactive effect.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, and under the authority of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to order and doth hereby order,—

(1) that the Table of Extra Premiums in the War Endorsement now being attached to policies of Civil Service Insurance be and it is hereby amended by repealing Part 2 of Section II of the said Table of Extra Premiums and substituting therefor the following:—

2. Army Medical Corps (except Nurses), Pay Corps, Postal Corps, Ordnance Corps, Forestry Corps, Railway Operating Units, *Civil Affairs Units*.....
\$3.35 per \$1,000 per month.

(2) that the said Part as amended shall apply to all policies of Civil Service Insurance to which a war endorsement shall have been heretofore attached as well as to policies hereafter issued with such an endorsement, provided, however, that no refund be made in pursuance of the said amendment of any extra premiums at the rate for general overseas military service which may have been paid prior to the date of this Order by any policyholders engaged in overseas military service with Civil Affairs Units.

H. W. LOTHROP,

Associate Clerk of the Privy Council.

Certified to be a true copy of a minute of a meeting of the Treasury Board, approved by His Excellency the Governor General in Council on the 19th July, 1944.

The Board recommend that paragraph 11 of Order in Council of July 2, 1942 (P.C. 113/5687) as amended, respecting provision of railway fare to employees for Government Departments at Headquarters, be cancelled and the following substituted therefor, effective July 1, 1944:—

And whereas the Minister of Munitions and Supply reports that War Assets Corporation proposes to adopt and to affix or otherwise apply to surplus Crown assets from time to time sold or otherwise disposed of by it the following distinguishing mark, namely:

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply, and under and by virtue of the powers conferred by the War Measures Act and The Surplus Crown Assets Act, is pleased to order and doth hereby order as follows:

(1) War Assets Corporation, and any person thereunto authorized by War Assets Corporation, are hereby authorized to apply in or on any public stores from time to time sold or otherwise disposed of by the said Corporation, a mark substantially in the form hereinbefore set out.

(2) Sections 434 and 435 of the Criminal Code shall not be applicable with respect to any public stores marked as aforesaid notwithstanding that such stores may also bear any other mark denoting that the same are His Majesty's property.

(3) Every person shall be guilty of an indictable offence and liable to two years' imprisonment who, without lawful authority, the proof of which shall lie on him, applies in or on any public stores, or any stores which were at any time public stores, a mark which is the same as or substantially similar to the mark hereinbefore set out in this Order;

(4) The words "public stores" as used in this Order shall have the same meaning as in Sections 434 and 435 of the Criminal Code.

Whereas section fourteen of the Canadian Wheat Board Act, as amended, provides as follows:—

"14. The provisions of this Act shall apply *mutatis mutandis* to wheat produced in the Eastern Division, and the sums certain to be paid producers delivering such wheat shall be fixed by the Board with the approval of the Governor in Council so that they shall bear the same relationship to the sums certain payable in the case of wheat produced in Manitoba, Saskatchewan, Alberta and British Columbia as the price of wheat produced in the Eastern Division bears to the price of wheat in store at Fort William."

And whereas the Minister of Trade and Commerce reports that, by reason of war conditions, Canada Eastern Winter Wheats are selling at the maximum price of \$1.26 per bushel delivered Montreal; and

That the fixing of an initial price of \$1.25 per bushel basis delivered Montreal for No. 1 grades of Canada Eastern Winter Wheats by the Canadian Wheat Board would not facilitate the marketing of such grain and it is therefore advisable and

necessary, by reason of the war, for the peace, order and welfare of Canada, that The Canadian Wheat Board be exempted from the operation of the said Section fourteen and be specially authorized and empowered to buy, sell and deal in Canada Eastern Winter Wheats.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Trade and Commerce and under and by virtue of the powers conferred by the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to order that the Canadian Wheat Board be and it is hereby exempted from the operation of Section fourteen of the Canadian Wheat Board Act, as amended, from the first day of July, 1944, to the thirtieth day of June, 1945, both inclusive.

His Excellency in Council, on the same recommendation and under the above cited authority, is further pleased to make the following regulations and they are hereby made and established accordingly:—

The Canadian Wheat Board is empowered to buy No. 1 Canada Eastern Winter Wheat at \$1.25 per bushel, basis delivered at Montreal and at prices for each other grade of Canada Eastern Winter Wheat as in the opinion of the Board brings such grade into proper relationship with No. 1 Canada Eastern Winter Wheat.

5. It shall be the duty of the Board

(a) to report in writing to the Minister as soon as possible after the end of each month, as to the close of business on the last day of said month, its purchases and sales of Canada Eastern Winter Wheat during the month and the quantities of Canada Eastern Winter Wheat then on hand, the cost of same to the Board and the Financial results of the Board's operations, which report shall be certified by the Auditors of the Board;

(b) to make such other reports and furnish such further information as the Minister may from time to time require;

(c) to appoint a responsible firm of Chartered Accountants for the purpose of auditing accounts and records and certifying such reports of the Board as the Governor in Council may require;

**Order in Council authorizing the Minister of Munitions and Supply
to recover excessive fees, commissions etc. received by
agents *re* munitions contracts**

P.C. 5697

AT THE GOVERNMENT HOUSE AT OTTAWA

MONDAY, the 24th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Section 13 of The Department of Munitions and Supply Act contains provisions under which the Minister of Munitions and Supply is empowered to recover amounts which represent excessive profits received by any person under a "munitions contract" as therein defined;

And Whereas the Minister of Munitions and Supply reports that it has been found that some manufacturers of or dealers in munitions of war or supplies with whom contracts are placed by the Department are under contractual obligations to pay to agents a fee or commission upon sales and that in some cases such fees or commissions are payable whether or not such sales are made by or through the agent; and

That it is desirable that the Minister of Munitions and Supply should be empowered to recover directly from an agent who has received a fee or commission or similar payment in respect of a munitions contract, as defined in The Department of Munitions and Supply Act, any amounts so received by such agent which in the opinion of the said Minister are in excess of a fair and reasonable remuneration for services actually rendered by the agent in respect of such contract.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply, and under and by virtue of the powers conferred by the War Measures Act and The Department of Munitions and Supply Act, is pleased to order and it is hereby ordered as follows:

1. If the Minister of Munitions and Supply is satisfied that any amount received by any person as or by way of fee, commission or similar payment, based upon the procurement of or calculated with respect to the amount or value of or the price paid or payable under a munitions contract, as defined in Section 13 of The Department of Munitions and Supply Act, is in excess of a fair and reasonable remuneration for the services rendered by such person in respect of such contract, the Minister of Munitions and Supply may direct such person to pay to the Receiver General of Canada forthwith any amount which such person has received which, in the opinion of the said Minister, represents such excess.

2. Any direction by the Minister of Munitions and Supply, pursuant to this Order in Council, shall be deemed to be a direction by the Minister under Section 13 of The Department of Munitions and Supply Act and subsections (6), (7), (8), (9) and (10) of the said Section shall apply with respect thereto.

3. Nothing in this Order in Council shall limit or restrict any right, power or duty otherwise vested in the Minister of Munitions and Supply.

Associate Clerk of the Privy Council.

P.C. 5741

AT THE GOVERNMENT HOUSE AT OTTAWA

MONDAY, the 24th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas by Order in Council P.C. 1350, dated the sixth day of March, nineteen hundred and forty-four, empowers The Canadian Wheat Board to purchase flaxseed from producers on the basis of two dollars and seventy-five cents per bushel for the grade Number One Canada Western Flaxseed, basis in store at Fort William/Port Arthur or Vancouver, and the grade Number One Canada Eastern Flaxseed, basis in store Montreal; and to sell flaxseed to domestic crushers, feed, breakfast or cereal food manufacturers, and manufacturers of pharmaceutical products on the basis of one dollar and sixty-four cents per bushel for Number One Canada Western Flaxseed, basis in store at Fort William/Port Arthur, and for Number One Canada Eastern Flaxseed, basis in store Montreal;

And Whereas the Minister of Trade and Commerce reports that linseed oil is being exported from Canada under the direction and control of the Wartime Prices and Trade Board and it is deemed necessary that the price of such exports should be based on a cost for Number One Canada Western Flaxseed in store Fort William/Port Arthur, of two dollars and seventy-five cents per bushel plus a carrying charge not to exceed three cents per bushel; and

That in order to recover such cost in respect of flaxseed sold to domestic crushers for use in the production of linseed oil for export, it is deemed necessary to provide that such exports may be made only after repayment to The Canadian Wheat Board of the benefit the exporter received;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Trade and Commerce and under and by virtue of the powers conferred by the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to make the following Regulations and they are hereby made and established accordingly,—

- (b) "linseed oil" means linseed oil, processed or unprocessed, manufactured from flaxseed purchased from The Canadian Wheat Board.

2. (1) Every person shall, before he exports linseed oil from Canada, repay the benefit involved by paying to The Canadian Wheat Board an amount which is determined by the Wartime Prices and Trade Board to be equal thereto; and no person shall export any linseed oil from Canada until such amount has been paid to The Canadian Wheat Board.

(2) Every amount payable under this section shall be determined by the Wartime Prices and Trade Board, either by specific determination or by specifying the method of calculation, and every such determination shall be conclusive for all purposes of these regulations.

(3) In any court a copy of any determination under these regulations purporting to be certified by any officer or employee of the Wartime Prices and Trade Board shall be received as *prima facie* evidence of such determination without proof of the signature or of the official character of the person or persons appearing to have signed the same, and without further proof thereof.

3. Any amount payable under section two of these regulations shall be recoverable as a debt due to the Crown and, without prejudice to any other remedy, may be recovered by The Canadian Wheat Board as a civil debt.

4. The Canadian Wheat Board shall deposit all amounts paid to it pursuant to section two of these regulations to the credit of the flaxseed account.

5. The Canadian Wheat Board may, by regulation—

- (a) require any person to make reports or returns to The Canadian Wheat Board furnishing such information relating to the sale or purchase or storage of linseed oil by him either on his own behalf or on behalf of some other person as The Canadian Wheat Board deems advisable;
- (b) prescribe such forms as it deems necessary for the administration of these regulations or any regulation made pursuant to these regulations;
- (c) require any person to keep such records of sales of linseed oil as The Canadian Wheat Board deems advisable and prescribe the form thereof.

6. Every person who contravenes or omits to comply with any of these regulations or with any regulation made by The Canadian Wheat Board under these regulations shall be guilty of an offence and liable on summary conviction to a fine not exceeding five thousand dollars or to imprisonment for a term not exceeding two years, or to both such fine and such imprisonment.

7. The Wartime Prices and Trade Board may, by Order, declare any linseed oil, exported under the terms of any contract, to be exempt from the operation of these regulations and upon such Order being made, such linseed oil shall be exempt from the operation of these regulations.

8. These regulations shall come into force and be of full force and effect on and after the first day of August, nineteen hundred and forty-four and shall expire on the thirty-first day of July, nineteen hundred and forty-five, subject to section nineteen of the Interpretation Act which is hereby made applicable hereto as if said regulations were revoked on said latter date.

- (a) the actual price paid by him for such fruit but not exceeding the maximum price fixed by this Order at which it may be sold to him by his supplier;

- (b) if his supplier is not required by this Order to deliver free to him, the actual cost incurred by him in transporting the fruit from his supplier's shipping point to the city, town or village in which he has his place of business; and
- (c) a markup not exceeding 25 per cent of his selling price; or
- (d) a markup not exceeding 30 per cent of his selling price if his supplier is a grower or a licensed shipper and he purchased the peaches, pears or plums at a price not exceeding the maximum price at which his supplier could have sold those peaches, pears or plums to a wholesale distributor.

(2) Except as provided in subsection (4) of this Section if Canadian grown peaches, pears and plums are not sold by a retailer by the container in the original container in which they are packed when received by him, they shall be priced and sold by him on a per pound basis. When Canadian grown peaches, pears or plums are sold at retail by weight the maximum price per pound shall be determined by dividing the maximum retail price per original container as fixed by this Section by the net weight of the fruit in the original container in which the fruit is packed when received by the retailer.

(3) For the purposes of determining the maximum price per pound of any Canadian grown peaches, pears or plums sold at retail by weight the net weight of the fruit in the original container in which it is packed when received by the retailer shall be deemed to be the net weight for such container set forth in the following table:—

TABLE

6 quart leno basket	10½ lbs.
6 quart flat basket	8 lbs.
11 quart flat basket	15 lbs.
Standard Peach Box	18 lbs.
Standard Pear Box (wrapped)	45 lbs.
Standard Pear Box (unwrapped)	42 lbs.
Standard Plum and Prune Lug	15 lbs.
Other Containers	Actual Net Weight

(4) A retailer may sell Canadian grown peaches, pears and plums by unit if the number of units of fruit in the original container in which the fruit is packed when received by him is stamped or marked on such container. When Canadian grown peaches, pears or plums are sold at retail by unit, the maximum price per unit shall be determined by dividing the maximum price per original container as fixed by subsection (1) preceding by the number of units stamped or marked on the original container in which the fruit is packed when received by the retailer.

MAXIMUM PRICES—IMPORTED FRUIT

12. (1) Up to and including January 31, 1945, the maximum price at which any person may sell at retail any imported peaches, pears or plums of a grade and variety set forth in the Schedule hereto purchased by him from a wholesale distributor shall be the sum of the following:—

- (a) the actual price paid by him for the fruit but not exceeding the maximum price fixed by this Order at which it may be sold to him by his supplier according to the kind and capacity of the container in which it is packed when received by him;
- (b) if his supplier is not by this Order required to deliver free to him, the actual cost of transporting the fruit from his supplier's shipping point to the city, town or village in which he has his place of business; and
- (c) a markup not exceeding 25 per cent of his selling price.

(2) Up to and including January 31, 1945, the maximum price at which any person may sell at retail any peaches, pears or plums imported by him, of a grade and variety set forth in the Schedule hereto, shall be the sum of the following:—

- (a) according to the kind and capacity of container in which the fruit is packed and sold, an amount equal to the maximum price at which a licensed shipper

may sell f.o.b. his shipping point, to a wholesale distributor, Canadian grown fruit of the same kind, grade and variety packed in the same kind and capacity of container;

- (b) an amount equal to the cost, including protective services, of transporting the fruit by freight in carload lots to the city, town or village in which his place of business is situated from Kelowna, British Columbia, if his place of business is situated in a part of Canada west of the 88th degree of west longitude or, from Grimsby, Ontario, if it is situated in a part of Canada east of the 88th degree of west longitude; and
- (c) a markup not exceeding 30 per cent of his selling price.

(3) When imported peaches, pears or plums are sold at retail by unit the maximum price per unit shall be determined by dividing the maximum retail price per original container as fixed by this Section by the number of units in the original container in which the fruit is packed when received by the retailer. For the purposes of this Section the number of units of the fruit in the original container when received by the retailer shall be deemed to be the number of units

(a) stamped or marked on the container; or

(b) if not so stamped or marked as shown on his supplier's invoice; or

(c) if neither so stamped or marked nor shown on his supplier's invoice, actually in the container when received by him.

(4) When imported peaches, pears or plums are sold at retail by weight the maximum price per pound shall be determined by dividing the maximum retail price per original container as fixed by this Section by the net weight of the fruit in the original container in which the fruit is packed when received by the retailer. For the purposes of this Section the net weight of the fruit in the original container when received by the retailer shall be deemed to be the net weight

(a) stamped or marked on the container; or

(b) if not so stamped or marked, as shown on his supplier's invoice; or

(c) if neither so stamped or marked nor shown on his supplier's invoice, actually in the container when received by him.

Part VII—General Provisions

PEACHES

13. (1) "Select grade", "No. 1 grade" and "No. 2 grade" mean, respectively, peaches, whether Canadian grown or imported, which are graded, packed and marked in accordance with the standards for such grades of peaches as defined in the Regulations issued under The Fruits, Vegetables and Honey Act.

PEARS

(2) "Extra Fancy grade", "Fancy grade", "C grade", "No. 1 grade" and "Domestic grade" (sometimes known as "No. 2 grade") mean, respectively, pears, whether Canadian grown or imported, which are graded, packed and marked in accordance with the standards for such grades of pears as defined in the Regulations issued under

The Fruits, Vegetables and Honey Act.

PLUMS (INCLUDING FRESH PRUNES)

(3) "Select grade", "No. 1 grade" and "No. 2 grade" mean respectively, plums and fresh prunes, whether Canadian grown or imported, which are graded, packed and marked in accordance with the standards for such grades of plums and fresh prunes as defined in the Regulations issued under The Fruits, Vegetables and Honey Act.

SALES OF UNGRADED AND UNLISTED GRADES OF FRUIT

14. (1) The maximum price at which any person may sell to any class of buyer any ungraded peaches or any peaches of a lower grade than No. 2 grade shall be an amount equal to the maximum price at which he may sell No. 2 grade peaches to the same class of buyer, according to the country of origin of the peaches and the kind and capacity of container in which they are packed and sold.

(2) The maximum price at which any person may sell to any class of buyer any ungraded pears or any pears of a grade lower than Domestic (No. 2) grade packed in any kind of container other than a standard box shall be an amount equal to the maximum price at which he may sell Domestic grade pears of the same variety to that class of buyer, according to the country of origin of the pears and the kind and capacity of the container in which they are packed and sold.

(3) The maximum price at which any person may sell to any class of buyer any pears packed in a standard box which have not been graded or are of a lower grade than "C" grade shall, according to the country of the origin of the pears, be an amount equal to the maximum price at which he may sell to that class of buyer "C" grade pears of the same variety packed in a standard box.

LISTED CONTAINERS

15. (1) Listed containers are those containers listed in the Schedule hereto and conforming with the requirements of The Fruits, Vegetables and Honey Act.

(2) If the covering (leno) of a leno basket is not intact or has been removed following packing of the fruit, the basket of fruit shall for the purposes of this Order be deemed to be an open basket and subject to the maximum price fixed for an open basket of that fruit.

(3) The maximum price fixed by this Order for any fruit in a listed container is on the basis of the container being well and properly filled according to the provisions of The Fruits, Vegetables and Honey Act. If any listed container is not well and properly filled the container shall be deemed to be an unlisted container and the maximum price shall be governed by Section 16.

SALES OF UNLISTED CONTAINERS

16. (1) The maximum price at which any person may sell to any class of buyer any peaches, pears or plums in an unlisted container shall be determined on the basis of the maximum price fixed by this Order for sales to the same class of buyer of that grade and variety of fruit packed in its base container according to the relationship which the net weight of the fruit in the unlisted container bears to the standard net weight of the fruit in its base container, cost of container included. For the purposes of this Section the base containers for peaches, pears and plums and the standard net weight thereof shall be as follows:—

FRUIT	BASE CONTAINER	STANDARD NET WEIGHT
Peaches	6 quart leno basket	
Pears	11 quart flat basket	10½ lbs.
Plums	6 quart flat basket	15 lbs.
		8 lbs.

EXAMPLE

(2) Suppose a grower is selling No. 1 Bartlett Pears packed in a bushel hamper to a wholesale distributor. The price for the base container (11 qt. flat) is 95c. If the bushel hamper contains 45 lbs. of pears, this is three times the weight of the pears in the base container (15 lbs.) and therefore the maximum price for the bushel hamper will be three times 95c. or \$2.85.

(3) This Section does not apply to sales at retail except when the fruit is sold by the container in the original container in which it was packed when received by the seller. Where the fruit is not sold in the unbroken original container but in smaller quantities Section 11 or Section 12 shall apply depending on the country of origin of the fruit.

ADDITION TO MAXIMUM PRICES FOR CANADIAN GROWN STORAGE PEARS

17. If any Canadian grown pears are stored and are sold after September 20 in the year in which they are grown and prior to April 1 of the following year the maximum prices fixed by the other provisions of this Order for sales of such pears shall be increased by 5 cents per standard box or 11-quart basket for each month that the pears have actually been in storage. However, if the pears have been stored for more than three months the total storage charge shall not in any event exceed 15 cents for each such container.

SALES OF FRUIT RECEIVED ON CONSIGNMENT

18. The maximum price at which any person may sell to any class of buyer any peaches, pears or plums received by him on consignment from any person shall be an amount equal to the maximum price at which he may sell to the same class of buyer fruit of the same kind, grade and variety and packed in the same kind and capacity of container purchased by him from such person.

PROTECTIVE SERVICES AND PRE-COOLING

19. The maximum prices fixed by this Order for sales of Canadian grown peaches, pears and plums do not include the cost of pre-cooling and protective services necessary to protect shipments of such fruit while in transit. When it is necessary to pre-cool any shipment of peaches, pears or plums and/or to use any customary protective service to protect such fruit while in transit, the maximum price at which any person may sell such fruit to any class of buyer shall be an amount equal to the maximum price fixed by the other provisions of this Order on sales by him of such fruit to that class of buyer PLUS the actual cost of such pre-cooling and/or protective service but not exceeding the standard or customary charge for the same.

Part VIII—Records of Sales and Purchases

SALES INVOICES

20. (1) On every sale of peaches, pears or plums other than a sale at retail the seller shall at the time of delivery of the fruit furnish the buyer with an invoice showing the name and identifying address of the seller and the buyer, the date of sale, the quantity sold, the kind and capacity of the container, the kind, grade (if graded) and variety of the fruit and any protective service or pre-cooling charge lawfully made and the price charged.

(2) Every such seller shall keep a duplicate copy of each invoice furnished by him as required by this Section.

RECORDS OF PURCHASES

21. Every wholesale distributor, trucker and retailer, immediately upon receipt by him of any peaches, pears or plums purchased by him shall make a written record at the place of business at which he receives the fruit showing the date of purchase, the name and identifying address of his supplier, the kind and capacity of the containers, the kind, grade (if graded) and variety of the fruit, the transportation protective service and pre-cooling charges, if any, and the actual price paid. However, if such person keeps the copy of the invoice he receives from his supplier in accordance with Section 20, he need not keep any other record of the particulars of sale on that invoice.

INSPECTION OF RECORDS AND INVOICES

22. Every record and invoice which a seller of peaches, pears or plums is required by this Order to make and keep shall be kept by him available for inspection by any authorized representative of the Board at any time within twelve months of the date of the transaction to which it relates.

SALES SLIPS ON SALES AT RETAIL

23. Every person who sells peaches, pears or plums at retail shall upon request of the buyer furnish him with a sales slip, showing the date of sale, the seller's name and address, the kind and capacity of container, the quantity and the price of the fruit sold.

Dated at Ottawa this 21st day of July, 1944.

WARTIME PRICES AND TRADE BOARD

ADMINISTRATOR'S ORDER No. A-1305

Maximum Prices of Used Passenger Motor Vehicles

Under powers given by the Wartime Prices and Trade Board to the Administrator of Motor Vehicles, it is hereby ordered as follows:—

Effective Date

1. This Order comes into force on August 1, 1944.

Definitions

2. For the purposes of this Order unless the context otherwise requires:—

- (a) "motor vehicle" means any vehicle the motive power for which is furnished by any type of internal combustion engine but does not include a motor cycle, any self-tracklaying vehicle, tractor or railway rolling stock, or any implement or machine designed for sowing or cultivating agricultural land or harvesting crops grown thereon;
- (b) "model year", in respect of passenger motor vehicles, begins with the first day of October which next precedes the year by which the model of such passenger motor vehicle is designated by the manufacturer, and if the manufacturer does not designate his passenger motor vehicles by model year, then the calendar year in which such passenger motor vehicle is produced is the model year of such vehicle; provided that in respect of a reserve passenger motor vehicle released pursuant to Order No. M.V.C. 17 dated March 28, 1942, "model year" means the calendar year in which such vehicle was first released;
- (c) "new passenger motor vehicle price", for any motor vehicle listed in Schedule A, B or C to this Order means the price respectively shown for such vehicle in such Schedule, and for any passenger motor vehicle not listed in said Schedules, means the price shown therein for the passenger motor vehicle of the make and model most nearly similar to the passenger motor vehicle sold or offered for sale;
- (d) "passenger motor vehicle" means a motor vehicle suitable for carrying passengers, with seating capacity for ten people or less;

- (e) "dealer" means any person who in the ordinary course of business buys, sells or otherwise deals in used passenger motor vehicles.

Maximum Price of Used Passenger Motor Vehicles

3. (1) The price at which any person may sell or offer to sell or purchase or offer to purchase a used passenger motor vehicle shall not exceed a price computed as follows:—

- (a) Add the following items (i), (ii), (iii) and (iv),
 (i) The new passenger motor vehicle price;
 (See Section 2 (c) for definition of new passenger motor vehicle price).
 (ii) A handling charge of \$25.00.
 (iii) A charge for any accessory or option included with or fitted to the passenger motor vehicle and listed in Schedule D, provided such accessory or option was not included in the price of the passenger motor vehicle as original equipment, such charge to be not in excess of the price provided for such accessory or option in said Schedule, and no allowance shall be made or amount charged for any accessory or option not listed in said Schedule D.
 (NOTE:—A spare tire and tube is an accessory).
 (iv) Transportation charges to place of sale, as provided by Schedule E to this Order.

And

- (b) Adjust the total sum thus reached by taking the appropriate percentage thereof in accordance with the following tabulation:—

TIME ELAPSED FROM DATE OF BEGINNING

OF MODEL YEAR TO DATE OF SALE	PERCENTAGE
Up to and including 6 months	100
Over 6 months and not more than 1 year	95
Over 1 year and up to 2 years	85
Over 2 years and up to 3 years	75
Over 3 years and up to 4 years	65
Over 4 years and up to 5 years	55
Over 5 years and up to 6 years	50
Over 6 years and up to 7 years	45
Over 7 years and up to 8 years	40
Over 8 years and up to 9 years	35
Over 9 years	30

(For Example

Assume a passenger motor vehicle of X make 1940 model, listed in Schedule A at \$1,500.00, and sale is made in August, 1943, in Saskatchewan, and the car is equipped with a radio and a spare tire (not original equipment):—

New passenger motor vehicle price (Section 3 (a) item (i) and Schedule A)	\$1,500.00
Plus handling charge (Section 3 (a) item (ii))	25.00
Plus accessories— (Section 3 (a) item (iii) and Schedule D)	
Radio	\$70.00
Spare tire and tube	25.00
	<hr/> 95.00
Plus transportation (Section 3 (a) item (iv) and Schedule E)	140.00
Total is	<hr/> \$1,760.00

In accordance with the appropriate percentage shown in Section 3 (b) for a motor vehicle over 3 and up to 4 years, take 65 per cent of this sum of \$1,760.00 which gives the maximum selling price of the vehicle, as \$1,144.00).

(2) The maximum price fixed by subsection (1) applies only to a used passenger motor vehicle reasonably fit for the purpose for which it was manufactured. If any used passenger motor vehicle is not reasonably fit for that purpose the maximum price shall be the maximum price as fixed by the said subsection (1) less the estimated cost of making the vehicle reasonably fit for that purpose.

Used Passenger Motor Vehicle to Be Tagged by Dealers

4. Any dealer who has for sale, exchange, or other disposition, any used passenger motor vehicle in his possession or under his control, shall conspicuously display on each such motor vehicle a tag showing the make, model, model year and serial number, accessories (including any spare tire and tube) and the proposed sale price thereof, which shall not exceed the maximum price permitted by this Order.

Dealers Required to Sell for Cash in Certain Cases

5. (1) Any person, other than a dealer, who signs and presents to a dealer a certificate in the form prescribed below and who is ready and willing to pay in cash for a used passenger motor vehicle in the possession or control of such dealer the proposed sale price as stated on the tag displayed by such dealer on such vehicle, shall be entitled to acquire it for such price in cash and the dealer shall sell to such person without requiring such person as a condition of his right to acquire such vehicle to exchange or trade-in any other vehicle or to furnish any consideration other than the proposed selling price in cash:

PART I
Orders in Council

**Order in Council authorizing agreement with the Government of the
United States for the settlement of claims arising
out of vehicle accidents.**

P.C. 81/4133

*Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved
by His Excellency the Governor General in Council on the 31st May, 1944.*

The Board had under consideration a memorandum from the Honourable the Minister of National Defence concurred in by the Honourable the Minister of Transport, the Honourable the Minister of National Defence for Air and the Honourable the Minister of National Defence for Naval Services reporting that:—

- “(a) Frequently vehicles used by the Armed Forces of the Government of Canada have become involved in accidents with vehicles of the Armed Forces of the Government of the United States.
- (b) Such accidents give rise to claims by or against the said Governments which must be carefully investigated in order to determine liability. Such investigation involves expense and loss of the time of the personnel concerned, and in the end results in no great financial gain to either Government.
- (c) It is therefore considered that an agreement should be entered into with the Government of the United States for the settlement of claims arising out of such accidents on the following basis:
- (i) The agreement would cover all vehicles of the Armed Forces of the Government of Canada and all vehicles of the Armed Forces of the Government of the United States.
 - (ii) The agreement would apply to accidents wherever they occur which take place on or after 7th December, 1941, which have not already been disposed of, and which involve a Canadian or United States vehicle.
 - (iii) Neither Government would make any claim against the other for any damage caused in an accident to which this agreement applies to any vehicle, stores or other property of the Government of Canada and used by the Royal Canadian Navy, the Canadian Army or the Royal Canadian Air Force, or to any vehicle, stores or other property of the Government of the United States and used by the United States Army, the United States Army Air Force, the United States Navy or the United States Navy Air Force.
 - (iv) Neither Government would make any claim against the other in respect of the death of or injury to any member or civilian employee of the Armed Forces of Canada or of the United States caused by a United States vehicle or a Canadian vehicle in an accident to which this agreement applies, provided that no claims which members or civilian employees of the Armed Forces of Canada or of the United States may have in their own right on account of injury or death, would be affected by this agreement.

P.C. 5771

AT THE GOVERNMENT HOUSE, AT OTTAWA

THURSDAY, the 27th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Labour reports that as a measure to provide for the retail delivery of needed coal supplies for the coming winter it is deemed necessary to retain in their present employment persons engaged or employed in the actual delivery of coal, and that for this purpose and additional to such other measure as may be taken to this end, it is considered necessary to provide for temporary postponement from military training of persons so engaged or employed, and to restrict the voluntary enlistment of such persons in the Armed Forces of Canada;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Labour and under the authority of the War Measures Act and the National Resources Mobilization Act, 1940, is pleased to order and do hereby order as follows:—

1. (a) Unless the context otherwise requires, expressions contained in this Order shall have the same meaning as in the National Selective Service Mobilization Regulations, 1944, and definitions contained in the National Selective Service Mobilization Regulations, 1944, shall apply in this Order.

(b) "Coal delivery-man" means a person who as his sole or principal occupation is engaged or employed in physically handling coal in the unloading, storing or distribution thereof, in any incorporated city in Canada and has been continuously so engaged since June 1, 1944, but shall not include any person employed in a clerical or office capacity.

2. A Mobilization Board, upon the application of a coal delivery-man, or upon the application of the employer of any such person, shall grant to such coal delivery-man a postponement order until February 1, 1945, and no "Order—Military Training" to report before February 1, 1945, shall be sent to any such coal delivery-man unless a National Selective Service Officer has given his consent in writing to the sending of such notice.

3. If an "Order—Military Training" is sent contrary to this Order it shall be null and void if the person to whom it is sent delivers it to his employer, and the employer returns the notice to the Registrar by whom it was sent.

4. No coal delivery-man shall be accepted prior to February 1, 1945, for enlistment in any branch of the Armed Forces of Canada unless such person has first obtained a permit to enlist furnished by a National Selective Service Officer.

Petroleum Reserves and the appointment of F. C. Mechin
as Director thereof**

P.C. 5813

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 27th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Regulations Respecting Protection of Petroleum Reserves were established by Order in Council P.C. 4107 of the 16th day of May, 1942, and by the said Order in Council Frederick Charles Mechin, Esquire, was appointed Director of Protection of Petroleum Reserves;

And whereas the Minister recommends that the Directorate be discontinued in view of the fact that the work undertaken by the Directorate has been completed with the exception of two projects in Newfoundland and no further projects are now contemplated;

**Order in Council amending the Defence of Canada regulations with
reference to racing and homing pigeons**

P.C. 5900

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 27th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of National Defence for Air reports that when the Royal Canadian Air Force Pigeon service was established in 1943, it was deemed necessary to make regulations restricting the use of racing and homing pigeons by persons in Canada, and Regulation 18B of the Defence of Canada Regulations (Consolidation) 1942 was therefore amended by Order in Council dated 22nd April, 1943, P.C. 3294, to provide that it is illegal for persons in Canada to keep or fly racing or homing pigeons, to send messages by means of such pigeons, to kill, wound or take such pigeons or to remove or tamper with any articles attached to such pigeons except under the authority of a written permit granted by or on behalf of the Minister of National Defence for Air.

And whereas the Minister further reports that the said Pigeon Service has now been abandoned, with the exception of two experimental lofts, one on the west coast and the other on the east coast of Canada, and it is no longer deemed necessary to restrict the use of pigeons by the civilian population, and therefore, recommends that the Defence of Canada Regulations (Consolidation) 1942 be amended accordingly.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of National Defence for Air, concurred in by the Minister of Justice, the Minister of National Revenue and the Minister of Trade and Commerce, and under the authority of the War Measures Act, chapter 206, Revised Statutes of Canada, 1927, is pleased to amend the Defence of Canada Regulations (Consolidation) 1942, and they are hereby amended by revoking paragraphs two, three, four, five and six of Regulation 18B, and substituting therefor the following:—

“(2) For the purpose of this Regulation, ‘a competent authority’ shall mean in respect of importation the Minister of National Revenue and in respect of exportation the Minister of Trade and Commerce.”

H. W. LOTHROP,

Associate Clerk of the Privy Council.

Order in Council revoking amendments to the Dominion Elections Act, 1938, made by Order in Council P.C. 364, dated Jan. 27, 1940

P.C. 5913

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 27th day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Order in Council dated January 27, 1940 (P.C. 364), which established the Active Service Voting Regulations, also provided several consequential amendments to The Dominion Elections Act, 1938.

And whereas Section 12 of Bill 135, which has been passed during the present Session of Parliament, provides for the revocation of the said Active Service Voting Regulations.

And whereas the Secretary of State represents that it is advisable to repeal the several amendments to The Dominion Elections Act, 1938, mentioned in the said Order in Council, as these amendments have been superseded by the necessary consequential provisions contained in the said Bill 135.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Secretary of State, is pleased to revoke the amendments to The Dominion Elections Act, 1938, set out in paragraphs 1 to 9, inclusive, of the said Order in Council, and they are hereby revoked accordingly.

Associate Clerk of the Privy Council.

Order in Council exempting oranges from duty of customs for the period of August 1, 1944 to December 31, 1944.

P.C. 5999

AT THE GOVERNMENT HOUSE AT OTTAWA

MONDAY, the 31st day of July, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Finance reports that oranges originating in and imported from the United States or any other non-British Empire Country are admitted duty

free during the months of January to July, inclusive, and are subject to a customs duty of 35 cents per cubic foot during the months of August to December, inclusive;

That Order in Council P.C. 6083 was passed on July 30, 1943, exempting imports of oranges from the customs duty of 35 cents per cubic foot under the Intermediate and General Tariffs, during the period August 1, 1943, to December 31, 1943; and

That the Wartime Prices and Trade Board recommends that the customs duty be eliminated on imports of oranges during the period August 1, 1944, to December 31, 1944, in order to maintain the existing ceiling price on oranges.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, and under authority of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to order and it is hereby ordered that oranges originating in and imported from countries the products of which are subject to Intermediate or General Tariff treatment be exempt from the duty of customs of 35 cents per cubic foot, during the period August 1, 1944, to December 31, 1944.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council amending regulations respecting the establishment of reserve stocks of feed grains in Eastern Canada.

P.C. 1/6000

Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council on the 1st August, 1944.

The Board had under consideration a memorandum from the Honourable the Minister of Agriculture reporting that:—

“Whereas by Order in Council dated 18th day of August, 1943, P.C. 1/6567, Your Excellency in Council, under the authority of the War Measures Act, approved regulations respecting the establishment of reserve stocks of feed grains in Eastern Canada, and,

Whereas by Order in Council dated the 28th day of March, 1944, P.C. 3/2200, the said regulations were amended by repealing Plan ‘A’ as set out in the Order in Council dated the 18th day of August, 1943, P.C. 1/6567 and substituting an amended Plan ‘A’ retroactive to the 8th day of June, 1943, and,

Whereas the said Plan ‘A’ did not specify in detail all the normal trade charges incurred as incidental to the transportation of feed grains from Western into Eastern Canada and it is desirable that such charges should be set out in detail.

The undersigned, therefore, has the honour to recommend that Your Excellency in Council, under the authority of the War Measures Act, do amend Clause 1 of Plan ‘A’ as set out in Order in Council dated the 28th day of March, 1944, P.C. 3/2200 by adding thereto the following as paragraph (h):

(h) Subject to the approval of the Feeds Administrator, demurrage, forwarding charges, exchange or transfer charges on funds, and all other normal trade charges incurred subsequent to the 8th day of June, 1943, and incidental to the transportation of grain.”

The Board concur in the above report and recommendation, and submit the same for favourable consideration.

H. W. LOTHROP,
Associate Clerk of the Privy Council.

Order in Council authorizing the Special Products Board to purchase and be the sole exporter of certain agricultural seeds and to pay to producers thereof guaranteed returns and any net profits earned.

P.C. 2/6000

Certified to be a true copy of a Minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council on the 1st August, 1944.

The Board had under consideration a memorandum from the Honourable the Minister of Agriculture reporting that:—

"Whereas it is necessary to maintain, and if possible, to increase the production of certain forage crop seeds in Canada, in order to assure the Canadian farmers an adequate supply to meet the demand for seed reproduction and the increased requirements of feed for live stock, as well as the urgent need for seed in the United Kingdom, the United States, and for U.N.R.R.A., and

Whereas the production of certain forage crop seeds has been seriously reduced and is barely sufficient to meet domestic needs, and

Whereas the prevailing prices for these seeds in Canada are not sufficiently attractive to encourage producers to increase production and, in some cases, to maintain the normal acreage, and it is considered inadvisable at the present time to raise the ceiling prices of these seeds in Canada, and

Whereas it is essential that some assurance be given of reasonable returns to the farmer, in order to provide the necessary incentive to maintain or increase the production of these seeds.

The undersigned, therefor, has the honour to recommend that His Excellency the Governor General in Council, under authority of the War Measures Act, authorize the Special Products Board:

- (a) To purchase and become the sole exporter of certain agricultural seeds and to arrange for the distribution to producers of each class of seed, of any net profits resulting from its transactions, as provided in P.C. 5428, dated July 6, 1943.
- (b) To pay to producers as a guaranteed return on participation certificates issued on alfalfa, alsike clover, and alsike-white clover mixtures five cents per pound, and on red clover three cents per pound, and to credit against these payments the net profits that accrue from export transactions in each kind of seed, provided, however, that administration costs, including office expenses and expenditures in connection with the issuing and distribution of participation certificates, shall not be a charge against proceeds from the sale of these seeds.
- (c) To distribute to producers of each class of seed, any net profits in excess of the guaranteed payments as provided in Clause (b), resulting from the export of that class of seed.

The undersigned further recommends that Your Excellency in Council authorize out of monies to be allotted from the War Appropriation to the Department of Agriculture for the use of the Special Products Board, an expenditure to cover guaranteed payments as outlined in Clause (b), not exceeding \$500,000.00, recoverable as far as possible from the re-sale of seeds purchased."

The Board, having approved the estimate of expenditure and allotment of funds chargeable to the War Appropriation 1944-45, concur in the above report and recommendation, and submit the same for favourable consideration.

H. W. LOTHROP,
Associate Clerk of the Privy Council.

P.C. 5002

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 30th day of June, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Fisheries reports that the following item appears in the Estimates tabled in Parliament for the fiscal year 1944-45:—

Vote 83 To provide for Canadian share of expenses of the International Pacific Salmon Fisheries Commission to overcome obstructions to the ascent of sockeye salmon at Hell's Gate Canyon, and for investigating and overcoming obstructions to such salmon at other points on the Fraser River Watershed \$1,000,000.

That a similar sum has been provided for the same purpose by the Government of the United States, thus enabling the work to proceed at joint expense;

That persons who, in the opinion of the Minister, may be interested in the work contemplated at Hell's Gate, including the Government of the Province of British Columbia, the Canadian Pacific Railway Company and the Canadian National Railways, have been consulted with reference thereto and that such persons have no objection thereto provided their interests are adequately safeguarded;

That by arrangements between Canada and the United States all expenditures properly incurred by the Commission are paid by the Canadian Government, one-half of such payments to be recovered later by Canada from the United States Government; and

That it is, by reason of the war, necessary for the security, defence, peace, order and welfare of Canada that the Order hereinafter set forth be made.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Fisheries, and under the authority of the War Measures Act, is pleased hereby to authorize the International Pacific Salmon Fisheries Commission constituted pursuant to the Fraser River Sockeye Convention, confirmed by chapter ten of the Statutes of Canada, one thousand, nine hundred and thirty, to enter into contracts in the name of His Majesty in right of Canada for the execution of the work at Hell's Gate Canyon and other points on the Fraser River, British Columbia, for which money is, or is to be, provided by the said Vote 83 hereinbefore set out; and is further pleased to authorize and doth hereby authorize the chairman and secretary of the said Commission to execute any such contract on behalf of the Commission.

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 1st day of August, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Finance reports:

That the demand for heavy fuel oil in British Columbia has been steadily increasing during the past year with the result that it is now impossible to supply requirements from the crude oils available for refining in British Columbia;

That for some time heavy fuel oil for domestic consumption in British Columbia has been imported from California;

That it is now necessary to import a portion of British Columbia's crude oil requirements from Ecuador and Colombia instead of from California;

That the domestic ceiling price of heavy fuel oil does not include the customs duty of $\frac{1}{2}$ cent per Imperial gallon;

That a loss of more than the customs duty must be borne by the importer on heavy fuel oil sold for domestic consumption; and

That the Oil Controller recommends that heavy fuel oil, .934 specific gravity or heavier at 60 degrees Fahrenheit, when imported into British Columbia ports in bulk by tank vessels during the calendar year 1944 be exempt from the customs duty of $\frac{1}{2}$ cent per Imperial gallon.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, and under authority of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to order and it is hereby ordered that imports of heavy fuel oil, as described hereunder, when imported into British Columbia ports in bulk by tank vessels, be exempt from customs duty during the period January 1, 1944 to December 31, 1944;

Order in Council providing for a customs drawback of 99 per cent on bituminous coal screenings converted into coke for use in smelting etc.

P.C. 6012

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 1st day of August, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Finance reports:

That Item 1019 of Schedule "B" to the Customs Tariff provides for a drawback of 99 per cent of the customs duty paid on bituminous coal when imported by proprietors of coke ovens and converted at their coke ovens into coke for use in the smelting of metals from ores and in the melting of metals;

That substantial quantities of coal screenings, known as "degradation slack", which have been found to be suitable for coking purposes, have been accumulated at certain centres in Canada;

That if proprietors of coke ovens convert these screenings into coke for use in the smelting of metal from ores and in the melting of metals, they are not entitled to the benefits of Drawback Item 1019 as they were not the importers of such screenings;

That the Coal Controller recommends that the provisions of Drawback Item 1019 be extended to bituminous coal screenings used in the production of coke; and

That it would be in the best interests of Canadian industry if a temporary Drawback Item were established providing for a drawback of 99 per cent of the customs duty paid on bituminous coal screenings converted into coke for use in the smelting of metals from ores and in the melting of metals, whether or not such screenings are imported by proprietors of coke ovens.

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance and under the authority of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to order that a temporary item be and it is hereby established in Schedule "B" to the Customs Tariff, providing for a drawback of 99 per cent of the customs duty paid on bituminous coal screenings, as set forth hereunder:

THE GOVERNOR GENERAL IN COUNCIL:

Whereas by Order in Council P.C. 8735, dated November 11, 1943, as amended by Order in Council P.C. 275, dated January 21, 1944, provision was made for payments at the rate of 25 cents per bushel in respect of western wheat purchased for feed purposes;

And whereas the Minister of Finance reports that the Agricultural Supplies Board concurs in the view that it is necessary to continue these payments in order to maintain a reasonable relationship between the purchase cost of western wheat to feeders and the price of other feed grains and livestock products.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, is pleased to revoke and doth hereby revoke Orders in Council P.C. 8735, dated November 11, 1943, and P.C. 275, dated January 21, 1944.

- (b) In respect of western wheat purchased for use exclusively as feed for livestock and poultry in the Provinces of Ontario, Quebec, New Brunswick, Nova Scotia, Prince Edward Island and British Columbia, with the exception of those parts of Ontario and British Columbia, specified in paragraph (a), payment shall be made under similar conditions to the payment of freight charges under the Freight Assistance Policy as set forth in Orders in Council P.C. 8396, dated October 28, 1941, and P.C. 8989, dated November 18, 1941, and regulations issued thereunder;
- (c) In respect of western wheat purchased for use exclusively as feed for livestock and poultry in the provinces and areas specified in paragraph (a) and the cities of Fort William-Port Arthur, payment shall be made in accordance with regulations issued pursuant hereto, provided that in no case shall payment be made to producers of western wheat possessing a permit book issued by the Canadian Wheat Board entitling the holder to deliver wheat during the crop year 1944-45, unless the holder of such permit book submits such permit book for inspection and the Feeds Administrator is satisfied that at time of application the permit holder has no wheat on his farm for sale, and provided further that the holder of such permit book shall not be eligible for payment hereunder in respect of a number of bushels of wheat delivered under and recorded in the said permit book;

- (d) Payment shall be made only in respect of such wheat, whether sold separately or as an ingredient of a mixed feed, as is shown to contain not more than the maximum limits of foreign material allowed under the Canada Grain Act for the lowest numerical statutory grade of wheat;

- (f) Stocks of wheat in the hands of retail dealers on the effective date of this Order, in respect of which payments have been made under Order in Council P.C. 8175 dated September 11, 1942, shall be eligible for a further payment of 17 cents per bushel;
- (g) No payment shall be made in respect of any grade of wheat sold, at a price higher than the Canadian Wheat Board selling price for wheat held for account of His Majesty, basis in store Fort William-Port Arthur or Vancouver, for Manitoba Number Four Northern as established from time to time, provided that on submission of evidence satisfactory to the Feeds Administrator grades of higher value than Manitoba Four Northern shall be eligible for the payment authorized by paragraph (f) hereof if they were in dealers' hands at the close of business November 13, 1943, and were resold for use as feed but not delivered or were purchased in good faith for resale as feed or were already processed into mixed feeds;
- (h) No payment shall be made in respect of any wheat purchased from a producer of western wheat unless such wheat is weighed, graded and recorded in the Canadian Wheat Board permit books held by the seller and the purchaser at an elevator or warehouse licensed by the Canadian Wheat Board in accordance with regulations issued pursuant hereto.

2. The Feeds Administrator under the direction of the Agricultural Supplies Board is hereby charged with the administration of this Order in Council and all the powers of the said Administrator shall be exercisable by him with respect to such Order, and the said Administrator is hereby authorized to make such orders or regulations as may be necessary or advisable for carrying out the provisions of such Order.

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Order in Council P.C. 6765 of November 20, 1940 provides in part that no person, firm or corporation shall hereafter make, assemble or produce a new model of any machine, appliance or other article;

And whereas the Machine Tools Controller is by the Order in Council given authority to issue permits of exemption from its provisions where he is satisfied that there is sufficient reason to do so;

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Section 8 of The Department of Munitions and Supply Act, with respect to contracts to be entered into by the Minister of Munitions and Supply on behalf of His Majesty provides that, subject to certain exceptions, no contract for an estimated expenditure of more than \$15,000 shall be entered into without authority from the Governor in Council;

And whereas the Minister of Munitions and Supply reports that in some cases the munitions of war or supplies for which requisitions or contract demands are received by the Department have already been manufactured or procured and are the property of His Majesty or of a Government-owned company the incorporation of which has been procured by the Minister of Munitions and Supply pursuant to the powers conferred by Section 6(3) of the said Act;

That in such cases no additional expenditure of public funds is required in connection with the procurement by the Department of Munitions and Supply of such munitions of war or supplies to fill such requisitions or contract demands; and

ORDER No. 425

Living Accommodation in Tourist Cabins and in Automobile-trailers

Explanatory Note:

Due to wartime restrictions, tourist trade has been substantially curtailed throughout Canada and in many areas in which there is an acute shortage of housing accommodation tourist accommodations have been rented at daily tourist rates to resident war-workers and other persons contemplating comparatively lengthy occupancy. As these tourist accommodations are no longer being used for the purpose for which they were originally intended, it is in the national interest that they be treated as housing accommodations and be let at rentals comparable to rentals generally prevailing in the same locality for other housing accommodation.

Under powers given to the Board by the Wartime Leasehold Regulations, being Order in Council P.C. 9029, dated November 21, 1941, and amendments thereto,

THIS BOARD ORDERS AS FOLLOWS:

1. For the purpose of this Order, unless the context otherwise requires, the definition of any expression contained in Order No. 294 of the Board shall extend and apply to the same expression in this Order.

2. Notwithstanding any definition to the contrary contained in any other Order of the Board, any accommodation in a tourist cabin or in any automobile-trailer shall be deemed to be housing accommodation for which no maximum rental has been fixed, as referred to in Section 10 of Order No. 294 of the Board, and to which the provisions of Order No. 294 relating to housing accommodation shall apply.

3. The Regional Rentals Officer may exempt any accommodation in a tourist cabin or in an automobile-trailer from the provisions of this Order if he is satisfied that the accommodation is kept available at all times for occupancy by bona fide tourists or travellers. For the purpose of this Section, "Regional Rentals Officer" means the person appointed as such by the Board for the area in which the accommodation is situated.

4. This Order shall apply to such areas as a Rentals Administrator may designate by notice published in Canadian War Orders and Regulations.

5. This Order shall come into force on the 29th day of July, 1944.

Made at Ottawa, this 26th day of July, 1944.

Chairman.

ORDER No. 428

Termination of Leases for Certain Shared Accommodation

Since the requirements regarding dispossession of tenants of housing accommodation were removed from shared accommodation on October 1, 1943, by Order No. 294 of the Board, circumstances have developed that make it advisable in the national interest that those requirements be reinstated in regard to shared accommodation.

Therefore, under powers, given to the Board by the Wartime Leasehold Regulations, being Order in Council P.C. 9029, dated November 21, 1941, and amendments, **THE BOARD HEREBY ORDERS AS FOLLOWS:**

1. For the purposes of this Order, unless the context otherwise requires, the definition of any expression contained in Order No. 294 of the Board shall extend and apply to the same expression contained in this Order.

2. (1) Notwithstanding anything contained in any other Order of the Board, the provisions of Part II of said Order No. 294 entitled "Termination of Leases for Housing Accommodation" except the provisions of Sections 15A, 15B, 15C and 15D thereof shall apply to any shared accommodation as if the accommodation were housing accommodation, unless the tenant thereof is a boarder.

(2) Any notice to vacate, however, given before July 29, 1944, to the tenant of any shared accommodation in accordance with the law of the province in which the accommodation is situated shall remain in full force and effect.

3. (1) This Section and Section 4 apply to shared accommodation instead of Sections 15A, 15B, 15C and 15D of Order No. 294. A landlord of any shared accommodation may give to the tenant of that accommodation a notice to vacate which notice shall be on a form provided by the Board if the landlord

(a) desires the accommodation as an enlargement of his personal residence; or

(b) has made an agreement with his father, mother, son, daughter or daughter-in-law that the accommodation will be occupied as a personal residence by the person with whom the agreement has been made; and the notice shall contain a signed statement by the person with whom the agreement has been made that the accommodation will be so occupied by him and stating his name, address and relationship to the landlord;

(c) as personal representative of the deceased landlord, has made an agreement with the father, mother, son, daughter, daughter-in-law, widower or widow of the deceased landlord that the accommodation will be occupied as a personal residence by the person with whom the agreement has been made; and the notice shall contain a signed statement by the person with whom the agreement has been made that the accommodation will be so occupied by that person and stating his name, address and relationship to the landlord.

(2) Before giving any notice to vacate under this Section, the landlord shall file one copy of the notice with the Rentals Appraiser who shall record on the copy that is to be given to the tenant and on the copy that is to be retained by the landlord that the notice has been filed with him in accordance with this subsection.

4. Unless the lease provides for a longer notice, at least six months' notice to vacate shall be given directing the tenant to vacate

(a) in the case of a monthly lease, at the end of a lease month or, in the case of a weekly lease, at the end of a lease week, but in neither case between September 30 and the following April 30;

(b) in the case of any other lease not for a term certain, at the end of the term or, if the unexpired portion of the term is less than six months, at the end of the following term;

(c) in the case of a lease for a term certain, at the end of the term; but, if the unexpired portion of the term is less than six months at the date on which

the notice is given, the notice shall be null and void and the provisions of Section 20 of Order No. 294 of the Board shall apply.

5. This Order shall not apply to any area to which the provisions of Administrator's Order No. A-421 or Administrator's Order No. A-488 now apply. The Rentals Administrator may, however, by Order or by notice published in Canadian War Orders and Regulations, direct that this Order shall apply to any such area when- ever, in his opinion, circumstances make it desirable that this Order should be extended to such area.

6. This Order shall come into force on July 29, 1944.

Dated at Ottawa, July 29, 1944.

PART I
Orders in Council

**Order in Council prohibiting the export of books, except
under permit**

P.C. 6024

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 8th day of August, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas, by Order in Council of October 4, 1941, P.C. 7674, the exportation from Canada of certain articles is prohibited except under permit issued by or on behalf of the Minister of Trade and Commerce;

And whereas the Minister of Trade and Commerce reports that the Wartime Prices and Trade Board, with the concurrence of the External Trade Advisory Committee, recommend that, for the purpose of curtailing unusually large and increasing exports of Books printed in Canada, their exportation, except when consigned to the Armed Forces, be similarly prohibited, except under permit;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Trade and Commerce and under and by virtue of the power vested in the Governor General in Council by Section 290 of the Customs Act, (Section 10, Chapter 24 of the Statutes of 1937) and by the War Measures Act (Chapter 206 of the Revised Statutes of Canada of 1927) is pleased to order and doth hereby order as follows,—

1. The exportation of Books, except when consigned to the Armed Forces, is hereby prohibited, except under permit issued by or on behalf of the Minister of Trade and Commerce.

2. Schedule One of the said Order in Council (P.C. 7674 of October 4, 1941) is hereby amended by the addition thereto of the above commodity.

3. This Order shall come into force and have effect on and after the fourteenth day of August, 1944.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council re the appointment of Director of Civil Defence

P.C. 6167

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 9th day of August, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas, under Part III of the Defence of Canada Regulations (Consolidation) 1942, wide powers and duties are vested in and placed upon the Minister of Pensions and National Health;

And whereas, under and by virtue of the authority contained in Order in Council dated the 31st of December, 1941 (P.C. 10196), there was created in the Department

of Pensions and National Health the office of Director of Air Raid Precautions which office was later, by Order in Council dated the 2nd of November, 1943 (P.C. 8453), designated as Director of Civil Defence;

And whereas by Order in Council dated the 17th of July, 1943 (P.C. 5676) Brigadier General Alexander Ross, Judge of the District Court of Saskatchewan, was appointed to such office;

And whereas the Minister of Pensions and National Health reports that by reason of the stabilization of the organization of Civil Defence and by reason of the fact that all equipment necessary for such organization has been secured and issued, there is no longer any need for the employment of a Director, devoting his full time to the duties of this office, but that it is essential that so long as it is necessary to maintain Civil Defence precautions there should be a Director of Civil Defence to exercise supervision over the Provincial Committees and to advise the Minister on all matters of policy and the said Brigadier General Alexander Ross is willing to undertake the discharge of such duties without remuneration other than necessary travelling expenses;

And whereas it is deemed expedient that Brigadier General Alexander Ross be continued in the said office of Director of Civil Defence under the conditions set forth;

Now, therefore, His Excellency the Governor General in Council on the recommendation of the Minister of Pensions and National Health and under the authority of the War Measures Act, Chapter 206 of the Revised Statutes of Canada, 1927, is pleased to order, and doth hereby order,—

1. That Order in Council dated the 17th of July, 1943 (P.C. 5676), be and it is hereby revoked.

2. That Brigadier General Alexander Ross, C.M.G., D.S.O., V.D., Judge of the District Court of the Province of Saskatchewan, be and he is hereby appointed Director of Civil Defence without remuneration;

3. That the said Director shall exercise such powers and perform such duties under Part III of the Defence of Canada Regulations (Consolidation) 1942 as may be delegated or assigned to him by the Minister of Pensions and National Health and shall report thereon direct to the Minister of Pensions and National Health;

4. That for the purposes of this order the said Director shall be and is vested with the rank and powers of a deputy head of a Department;

5. That the said Director shall, while engaged in the discharge of the duties of his office, be entitled to receive the cost of his actual travelling expenses for each and every day when he is necessarily absent from his ordinary place of residence at Yorkton, Sask.;

6. That the said Director be and is hereby authorized to employ temporary clerical assistance in the discharge of his duties elsewhere than in Ottawa and to expend therefor an amount not exceeding the sum of \$50.00 per month.

7. That this order shall become effective on the 15th day of August, 1944.

A. D. P. HEENEY,

Clerk of the Privy Council.

Order in Council appointing Controllers *re* Montreal Tramways Company

P.C. 6416

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 11th day of August, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas a strike of the employees of the Montreal Tramways Company has been in progress since the third day of August, 1944, arising out of the failure of negotiations between the Company and the bargaining representatives of the employees appointed under the Wartime Labour Relations Regulations to settle the terms of a collective agreement;

And whereas as a result of the strike the entire transportation system of the Montreal Tramways Company has ceased to operate with most serious consequences to both civilian and military pursuits in that locality and consequential diminution in the production of essential war supplies;

And whereas in view of the foregoing it is advisable for the security, defence, peace, order and welfare of Canada and the efficient prosecution of the war that Controllers be appointed to manage and control the operations of the Company and that employees be required to return to work immediately pending settlement of the dispute aforesaid;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply and the Minister of Labour and under and by virtue of the powers conferred by the War Measures Act, being Chapter 206 of the Revised Statutes of Canada, 1927, is pleased to order and doth hereby order as follows:—

1. E. L. Cousins, Esquire, of the City of Halifax, Wartime Administrator of Canadian Atlantic Ports and J. E. St. Laurent, Esquire, of the City of Ottawa, Vice-Chairman of the National Harbours Board, are hereby appointed Controllers of the business, undertaking, affairs and operations of the Montreal Tramways Company;

2. The said Controllers shall have the custody and control of the undertaking and all the property and assets of the Company in so far as the same relate to or are connected with the operations of its transportation system, and shall have the power and authority in the name of and on behalf of the Company to manage, operate and carry on the transportation business, undertaking, affairs and operations of the said Company, and for such purpose shall exercise the powers, authorities and rights which but for the provisions of this Order would have been exercisable by the board of directors of the Company.

3. The Controllers shall exercise the foregoing powers and authorities subject always to existing contracts with the municipalities in which the company operates and subject to such instructions and directions, if any, as may from time to time be approved by the Governor-in Council.

4. The authority of the Controllers shall commence at the first moment of the fourteenth day of August, 1944, and shall continue until the same is revoked by Order in Council which shall be published in the *Canada Gazette*.

5. The authority of the board of directors and the shareholders in respect of the management, operation and carrying on of the transportation business, undertaking, affairs, and operations of the Company is, subject to paragraphs nine, suspended from the last moment of the thirteenth day of August, 1944, until the authority of the Controllers is revoked.

6. The said Controllers and any persons acting for or on behalf of or under the authority of the said Controllers shall not be or become liable to any person (including the Company, its creditors or shareholders) for anything done or omitted in the exercise or purported exercise of any power or authority from time to time vested in or conferred upon the said Controllers.

7. It shall be the duty of every person who was in the employ of the Company immediately before the aforesaid strike to resume work on the fourteenth day of August, 1944, at the hour he should normally have resumed work on the fourth day of August, 1944, and to perform the duties of his employment until the authority of the Controllers is revoked; and every person who fails to resume work and perform his duties as aforesaid as herein required without lawful excuse, the onus of proof of which is upon him, is guilty of an offence and liable upon summary conviction to a fine of twenty dollars for each day or part of a day on which he fails so to perform his duties.

8. It is hereby provided that all the terms of employment which were in force between the Company and its employees immediately before the aforesaid strike are applicable to employment under this order.

9. The Bargaining representatives of the employees and the Company shall enter into negotiations immediately with a view to the completion of a collective agreement, and shall negotiate in good faith with one another and make every reasonable effort to conclude a collective agreement.

10. If the Controllers at the end of sixty days following the date of their appointment report to the Minister of Labour that the bargaining representatives of the employees and the Company are unable to negotiate a collective agreement, the Minister of Labour shall report the same to the Governor in Council for his further consideration as to what further measures may be taken for settlement of the matters in dispute.

11. Any person who (a) interferes with the exercise by the Controllers of any of the powers, authorities and rights conferred upon them or (b) interferes with any employee or other person seeking to comply with the terms of this order or (c) counsels or procures any person to violate this order shall be liable upon summary conviction to a fine not exceeding in the case of (a) five thousand dollars or imprisonment for a term not exceeding five years or to both such fine and such imprisonment and in the case of (b) or (c) to a fine not exceeding five hundred dollars or imprisonment for a term not exceeding six months or to both such fine and such imprisonment.

12. In this order "Company" means the Montreal Tramways Company and all the tramway companies that the Montreal Tramways Company controls or whose powers, franchises, privileges or other rights it exercises either under its own name or any other name.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

(iv) of any ship or ship under construction wherever such ship may be within the geographical limits set forth in paragraph (c) of this subsection;

- (c) have a camera with him on board any Canadian ship or vessel in the waters touching the coastline of Canada, in the waters of the St. Lawrence River east of Cornwall, Ontario, or in any other waters of Canada declared by a competent authority to be an area in which the restriction of photography appears to be expedient in the interest of the safety of the State:

Provided that it shall be a defence to any prosecution for being in possession of any such photograph, sketch, plan or other representation to prove that the person accused was in possession of such photograph, sketch, plan or other representation without knowledge—

- (a) that it was a photograph, sketch, plan or other representation of a place or thing mentioned in subparagraphs (i) to (vi) inclusive of paragraph (a) of subsection (1) hereof, or
- (b) that he was in possession of such photograph sketch, plan or other representation;

and provided further that no prosecution under this Regulation shall be instituted except by or with the consent of a competent authority.

(2) A competent authority who has given permission in writing pursuant to subsection (1) of this Regulation may make such order as he deems advisable in respect of the use and disposition of any photograph, sketch, plan or other representation made pursuant to such permission.

(3) Any camera found in any such place or area as aforesaid contrary to the provisions of this Regulation or any camera found anywhere being used or suspected to have been or to be about to be used for any purpose contrary to the provisions of this Regulation, and any photograph, sketch, plan or other representation of any place, area or object, mentioned in subparagraphs (i) to (vi) inclusive of paragraph (a) of subsection (1) of this Regulation suspected to have been taken, made or published without the permission in writing of a competent authority, may be seized without warrant by any constable or any member of His Majesty's Forces being in uniform and on duty; any camera so seized may be disposed of in accordance with the provisions of Regulation 58A of these Regulations, and any photograph, sketch, plan or other representation so seized may be disposed of as a competent authority directs.

(4) For the purposes of this Regulation, "a competent authority" shall mean the Minister of Justice or the Minister of National Defence or the Minister of National Defence for Naval Services or the Minister of National Defence for Air or any person whom the said ministers may designate as such.

(5) For the purposes of this Regulation, the expression "photograph" shall have the same meaning as the same or similar expression has in Regulation 14 of these Regulations."

Order in Council making further reduction in premiums under War Risk Insurance Act, 1942

P.C. 6469

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 16th day of AUGUST, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas under the War Risk Insurance Act 1942 provision is made *inter alia* for the laying down of regulations by the Governor in Council to determine the rate or rates of premiums to be charged for insurance under the said Act;

And whereas by Order in Council P.C. 8344 dated September 14, 1942, regulations were made providing for the rates of premiums to be charged on various types of policies to be issued under the said Act;

And whereas by Order in Council P.C. 11038 dated December 3, 1942, provision was made whereby the aforesaid rates were altered by providing for a refund of a portion of the net premium contribution by the persons insured under the said Act, in the event of there being a net surplus in the said Act at the end of the war;

And whereas by Order in Council P.C. 7407 dated September 21, 1943, the rates of premiums of policies other than transit policies were reduced by 20 per cent, such reduction being effective with respect to all policies or renewals of policies issued on and after the 17th day of August, 1943, and transit rates were simultaneously reduced from three to two and one-half cents;

And whereas the Minister of Finance reports that in view of the continuance of the state of war but having regard to the position of the allied nations in recent months and the desirability of the public of Canada maintaining coverage against war damage for another year it is considered expedient and desirable to effect a further reduction in premiums on all policies in force on August 17, 1944, other than transit policies, such reduction to take the form of an extension of insurance under such policies for a period of twelve months from the respective expiry dates of each of such policies;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, and under and by virtue of the War Risk Insurance Act 1942 and the War Measures Act, is pleased to order and doth hereby order as follows:

1. The rates of premiums of policies under the War Risk Insurance Act, 1942, in force on August 17, 1944, other than transit policies, as laid down by Order in Council P.C. 8344 dated September 14, 1942, and amended by Orders in Council P.C. 11038 dated December 3, 1942 and P.C. 7407 dated September 21, 1943, are hereby further reduced, such reduction to take the form of an extension of each of such policies for a period of twelve months from its date of expiry.

2. No charge by way of fee shall be payable by the insured with respect to such renewals, and no endorsement or other notation on such policies shall be required.

3. No agent's policy fee or remuneration to insurance companies shall be payable under the War Risk Insurance Act for any services performed in connection with such renewals.

Order in Council amending the Wartime Leasehold Regulations.

P.C. 6234

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 8th day of August, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Finance reports that he has received representations from the Wartime Prices and Trade Board to the effect that it is expedient that the Wartime Leasehold Regulations established by Order in Council P.C. 9029 of the 21st day of November, 1941, as amended, be further amended as hereinafter set forth,

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance, and under and by virtue of the powers conferred by the War Measures Act and otherwise, is pleased to order and it is hereby ordered as follows:

1. (1) Clause (g) of subsection (1) of Section 3 of the Wartime Leasehold Regulations is hereby amended by deleting therefrom the words "in excess of any such rental" and by substituting therefor the words "in excess of any rental fixed by these regulations or by or under the provisions of any order; and, in any case in which any person has collected or received or collects or receives from any tenant any rental for any real property in contravention of an order by which he is required to have the maximum rental for that real property fixed, the Board shall have power to require such person to refund to such tenant any difference between the rental at which such person let that real property and the maximum rental therefor that is fixed by or under authority of the Board subsequent to such letting."

(2) The provisions of such clause (g) as amended by subsection (1) preceding shall apply as well to lettings before as to lettings after the date of this order.

2. Subsection (8) of Section 6 of the said Regulations is hereby deleted and the following is substituted therefor:

"(8) No person shall make any misrepresentation or false statement to or for the use or information of the Board or any member, employee or agent thereof or any police officer or any other person concerned in the administration of these regulations or of any order, with reference to any matter affected by these regulations or such order."

Clerk of the Privy Council.

**Order in Council authorizing certain licensed pilots, Saint John, N.B.
to take command of pilot vessels**

P.C. 6673

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 25th day of August, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Acting Minister of Transport represents that seven of the licensed pilots of the Pilotage District of Saint John, New Brunswick, do not hold proper Master's Certificates of Competency to allow them to take command of the pilot

vessels in accordance with the provisions of the Canada Shipping Act, 1934; and

That these licensed pilots, on account of their training, experience and local knowledge, are deemed to be competent to take command of the said vessels.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Acting Minister of Transport, and under the powers conferred by the War Measures Act, Chapter 206, of The Revised Statutes of Canada, 1927, is pleased to authorize and doth hereby authorize the licensed pilots of the Pilotage District of Saint John, whose names are set out hereunder, on account of their training, experience and knowledge of the waters of the said Pilotage District, to take command of the pilot vessels in the said Pilotage District, in the same manner as other licensed pilots who hold proper certificates of competency:

John F. Abbott,
William B. Alexander,
Edward F. Lahey,

Order in Council amending P.C. 4600, 7th June, 1943, *re* appeals from summary conviction trials, Province of Quebec

P.C. 6713

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 25th day of August, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas under section 749 of the Criminal Code, as amended by Chapter 35 of the Statutes of 1944, appeals from summary conviction trials in the province of Quebec may now be taken to the Superior Court instead of to the Court of King's Bench, Crown side;

And whereas section two of the Order in Council, made on the seventh day of June, 1943 (P.C. 4600), provides that in any proceedings under Part XV of the Criminal Code for an offence against wartime regulations an appeal from a judgment of the county or district court judge or, in the province of Quebec, the judge of the Court of King's Bench, Crown side, on any ground of appeal which involves a question of law or of mixed law and fact shall by leave of such court lie to the court of appeal as defined in paragraph seven of section two of the Criminal Code;

And whereas the Minister of Justice reports that it is therefore necessary to amend the said Order of June 7, 1943, by substituting the Superior Court for the Court of King's Bench, Crown side;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Justice and under the authority conferred by the War Measures Act, is pleased to revoke section two of the Order in Council of the seventh day of June, 1943 (P.C. 4600), and it is hereby revoked and the following substituted therefor:

"2. In any proceedings under Part XV of the Criminal Code for an offence against wartime regulations, an appeal from a judgment of the county or district court judge, or in the province of Quebec, the judge of the Superior Court, on any ground of appeal which involves a question of law or of mixed law and fact shall lie to the court of appeal by leave of such court."

WARTIME PRICES AND TRADE BOARD

ADMINISTRATOR'S ORDER NO. A-1319

Maximum Prices of Canned Poultry

Under powers given by the Wartime Prices and Trade Board to the Administrator of Meat and Meat Products, it is hereby ordered on behalf of the Board as follows:

Effective Date and Application of the Order

1. (1) This Order comes into force on August 28, 1944.

(2) Regulations issued under the Livestock and Livestock Products Act, 1939, prescribe certain restrictions on processors of canned poultry as to grading, packing and marking the product: such restrictions are limited in their application to inter-provincial and export shipments as set out in such regulations. This Order makes such regulations of universal application in Canada.

(3) This Order fixes maximum prices on sales by any person of canned poultry of specified grade and pack when packed in metal or glass containers having a net weight content of 7 or 16 ounces all of which as mentioned in the Schedule to this Order.

Definitions

2. For the purposes of this Order,

- (a) "canned poultry" means the edible portion of chicken, fowl or turkey from which the skin and bones have been removed and which has been cooked, sterilized and packed in hermetically sealed containers;
- (b) "consumer" means a person who buys canned poultry for his personal or household consumption;
- (c) "solid pack", "jellied pack", "grade 1" and "grade 2" apply respectively to canned poultry which is graded, packed and marked in accordance with and as defined in the Regulations for canned poultry issued under the Livestock and Livestock Products Act, 1939;
- (d) "processor" means a canner, packer, manufacturer or other person engaged in the business of processing for sale any of the products to which this Order applies;
- (e) "sell" includes an offer to sell;
- (f) "wholesaler" means any person who sells canned poultry at wholesale other than the processor thereof.

Zones

3. For the purposes of this Order the following zones are established:

(a) Zone No. 1 composed of

- (i) the provinces of Prince Edward Island, Nova Scotia and New Brunswick;
- (ii) that part of the province of Quebec lying south of the St. Lawrence River and east of a line drawn parallel to and always at a distance of ten miles west of the Temiscouata Railway from Riviere du Loup to the boundary of New Brunswick including all stations on that railway; and
- (iii) the counties of Lac St. Jean and Chicoutimi;

(b) Zone No. 2 composed of that part of the Province of Quebec lying to the south and west of Zone No. 1, and bounded on the north by the 48th parallel of latitude from the point where it intersects the westerly bank of the St. Lawrence River to the point of its intersection near Strachan with the most northerly transcontinental route of the Canadian National Railway, and westerly therefrom by a line drawn parallel to and always a distance of ten miles north of the said railway.

- (c) Zone No. 3 composed of that part of the province of Ontario lying to the south of a line drawn parallel to and always a distance of ten miles north of the most northerly transcontinental route of the Canadian National Railway including all stations on that railway;

 - (i) that part, not included in Zone No. 6, lying south of a line drawn along the 50th parallel of latitude from the coast to a point twenty miles west of the main line of the Canadian Pacific Railway where it crosses the 50th parallel thence along a course paralleling the said railway main line and always twenty miles westerly and northerly thereof to the Eastern boundary of British Columbia at or near Lake Louise, and
 - (ii) that part composed of the territory lying within twenty miles, north or east and south or west, of the most northerly line of the Canadian National Railway from the Eastern boundary of British Columbia to but not including Prince Rupert; and

Processing to be in Compliance with Regulations under Livestock and Livestock Products Act and Application of the Regulations Extended to All Sales

4. No person shall sell any poultry, packed in glass or metal containers after the effective date of this Order, unless all of the bones have been removed therefrom and unless such poultry has been packed, graded and marked in accordance with the regulations issued from time to time under the Livestock and Livestock Products Act, 1939, which regulations shall hereafter apply to every sale of canned poultry in Canada except the canned poultry to which Section 5 applies.

Maximum Prices for Certain Stocks on Hand

5. The maximum price at which any person may sell any canned poultry which he has on hand on August 28, 1944, and which is of a quality or pack or packed in a container having a net weight content other than those for which prices are fixed in this Order shall be the highest lawful price at which he sold such canned poultry during the basic period. Provided, however, that if the seller has no maximum price for such canned poultry the maximum price per ounce at which he may sell such canned poultry shall be in appropriate relationship to the maximum price per ounce for the same zone of the most similar grade and pack of canned poultry for

which a maximum price is fixed in this Order but, in any event not exceeding the maximum price per ounce of such similar grade and pack in a container having a net weight content of sixteen ounces.

Sales by Processors to Wholesalers

6. The maximum price per dozen containers, including Federal sales tax and cost of delivery to the buyer's place of business, at which a processor may sell any product listed in Schedule "A" hereto, packed in a metal or glass container having a net weight content listed therein:

- (a) to a wholesaler whose place of business is in a zone, shall be the price for the same set forth in Schedule "A" for the zone in which the buyer's place of business is situated, according to the grade, pack and net weight content of the container in which it is packed;
- (b) to a wholesaler whose place of business is not in a zone, shall be the sum of the following:
 - (i) the maximum price set forth in Schedule "A" for the zone from which the canned poultry is shipped to the buyer or, if transhipped en route, for the zone where the last transshipment takes place; and
 - (ii) the actual cost of transporting the canned poultry from the shipping point in the zone from which it was shipped or last transhipped, as the case may be, to the buyer's place of business.

Sales by Processors and Wholesalers to Persons Other Than Wholesalers or Consumers

7. (1) The maximum price per dozen containers, including Federal sales tax, at which a processor or wholesaler in a zone may sell to any person, other than a wholesaler or a consumer, any product listed in Schedule "B" hereto, packed in a metal or glass container having a net weight content listed therein shall be;

- (a) if the buyer's place of business is in a zone, the price set forth in Schedule "B" for that zone according to the grade, pack and net weight content of the container in which it is packed;
- (b) if the buyer's place of business is not in a zone, the maximum price set forth in Schedule "B" for the zone from which the canned poultry is shipped to the buyer or, if transhipped en route, for the zone where the last transshipment takes place.

(2) If the buyer's place of business is not in the same city, town or village in which the seller's warehouse is situated, the seller may prepay and add to the maximum price, the actual cost of transporting the canned poultry from the warehouse in the zone from which it was shipped or last transhipped, as the case may be, to the buyer's place of business but if the seller has more than one warehouse the cost of transportation shall be calculated as though the canned poultry had been shipped from the warehouse of the seller nearest to the buyer's place of business.

(3) The maximum price per dozen containers at which a processor or wholesaler not in a zone may sell any canned poultry shall be such as may from time to time be fixed by the Administrator of Meat and Meat Products.

Sales at Retail

8. (1) The maximum price at which any person, other than a processor, may sell any canned poultry at retail shall be the sum of the following:

- (a) the actual price paid by him for the canned poultry but in any event not exceeding the maximum price at which it may be sold to him as fixed by this Order;
- (b) the actual amount, if any, paid by him for transporting the canned poultry to his place of business from his supplier's nearest warehouse; and
- (c) (i) a markup (percentage of cost) not exceeding the lawful markup (percentage of cost) customarily obtained by him during the basic period September 15 to October 11, 1941, on sales of canned poultry but in any event not exceeding twenty-two per cent (22%) of his selling price; or

- (ii) if he purchased from a processor at a price not exceeding the maximum price fixed by Section 6, a markup (percentage of cost) not exceeding the lawful markup (percentage of cost) customarily obtained by him during the said basic period on sales of canned poultry but in any event not exceeding twenty-five per cent (25%) of his selling price.

(2) The maximum price at which a processor may sell any canned poultry to a consumer shall be the sum of the following:

- (a) according to the grade, pack and net weight content of the container in which it is packed, the price for the same set forth in Schedule "A" hereto for the zone in which the seller's retail outlet is situated; and
- (b) a markup not exceeding twenty-five per cent (25%) of his selling price.

Sales Between Wholesalers

The maximum price per dozen containers, including Federal sales tax, at which a wholesaler in a zone may sell to another wholesaler any product listed in Schedule "B" hereto packed in a metal or glass container having a net weight content listed therein shall be the price for the same set forth in Schedule "B" for the zone in which the buyer's place of business is situated, according to the grade, pack and net weight content of the container in which it is packed. Such maximum price shall include delivery to the buyer's place of business, if it is in a zone. If the buyer's place of business is not in a zone, the seller may prepay and add to such maximum price the actual cost of transporting the canned poultry from the warehouse in the zone from which it was shipped or last transhipped, as the case may be, to the buyer's place of business but if the seller has more than one warehouse the cost of transportation shall be calculated as though the canned poultry had been shipped from the warehouse of the seller nearest to the buyer's place of business.

Application of the Order

1. This Order comes into effect on September 1, 1944, and replaces Administrator's Order No. A-851, as amended, which is hereby revoked. The Order applies to sales by any person of the products listed in Schedule "A" when those products are packed in metal containers of the sizes set forth in that Schedule. It also applies to sales by wholesalers and retailers of the products listed in Schedule "B" when those products are packed in any size of glass or metal container.

- (d) if the Corporation refuses to continue to pay the amount for storage and insurance provided in Clause (c), the canner shall not, after notice of such refusal, be required to continue to store and insure the said products for the Corporation except on such terms as may be mutually agreed upon;
- (e) the Corporation may at any time after January 31, 1945, take possession of any products so stored for it by a canner.

12. The Corporation may withhold payment of any moneys payable to a canner under the provisions of this Order until he has furnished the Administrator of Processed Fruits and Vegetables with satisfactory evidence that he has fully complied with the provisions of Sections 9 and 11.

13. Every canner shall, when required by the said Administrator or any person authorized by him, exhibit to the said Administrator or to his agent or deputy all such books, accounts, records and documents as may be required to show and make a full record and disclosure of all transactions of the canner relating to the purchasing, packing, preserving, selling, storing and insuring of products sold or to be sold by the canner to the Corporation:

SPECIAL NOTICE

The Government of Canada is trying to prevent excessive increases in costs and prices so that there will not be a disastrous price rise that will weaken the war effort, create chaos in many industries and cause general misery.

This Order fixes *maximum* prices for canned fruits and vegetables and is part of this price control program.

These maximum prices have been fixed for the various grades of canned goods and in fixing them consideration had to be given to the needs of high cost operators. Anyone who is able to sell below these prices because of large volume, low operating cost or for any other reason should do so. In this way he will be sharing in the fight against disastrous inflation and will be complying with both the spirit and the letter of this regulation.

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 22nd day of August, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Munitions and Supply reports that the control and regulation of all "supplies" previously exercised by the Controller of Supplies pursuant to the powers conferred by Order in Council P.C. 6391 of August 19, 1941, as

Order in Council exempting materials used in the production of agricultural implements from war exchange tax.

P.C. 6651

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 22nd day of August, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas an Order in Council, P.C. 4936, was passed on June 26, 1944 exempting most of the imported materials and components used by Canadian manufacturers in the production of agricultural implements and agricultural machinery from the war exchange tax of 10 per cent, effective April 1, 1944;

And whereas the said Order was passed following representations of The War-time Prices and Trade Board to the effect that the cost of imported materials and components used by Canadian manufacturers in the production of agricultural implements and agricultural machinery had increased about 15 per cent since September, 1941 and the Board's recommendation that, in lieu of subsidy payments, these materials and components be exempt from the war exchange tax in order to prevent a price rise;

And whereas the Minister of Finance is of the opinion that the exemption from war exchange tax provided for in Order in Council P.C. 4936 should be extended to include certain relatively unimportant goods, such as wood handles, felloes, spokes, hub blocks, wood blocks, when imported for use in the manufacture of agricultural implements and agricultural machinery or in the manufacture of parts therefor, and articles and materials which enter into the cost of the manufacture of hay presses (Item 409h), scythes, sickles, etc. (Item 409i), traction ditching machines (Item 409l) and traction engines (Item 409m) when imported for use in the manufacture of the goods enumerated in Tariff Items 409h 409i, 409l, and 409m or in the manufacture of parts therefor;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance is pleased to revoke and doth hereby revoke the exemption from war exchange tax provided for in the said Order in Council P.C. 4936, 26th June, 1944.

His Excellency in Council is further pleased, under the authority of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, to order and it is hereby ordered that the following be exempt from the war exchange tax of 10 per cent ad valorem, effective April 1, 1944:

(4) Felloes of hickory or oak, not further manufactured than rough sawn or bent to shape, when imported for use in the manufacture of agricultural implements, agricultural machinery or farm wagons, or in the manufacture of parts thereof;

(5) Spokes of hickory or oak, not further manufactured than rough turned, and not tenoned, mitred or sized, when imported for use in the manufacture of agricultural implements, agricultural machinery, or farm wagons or in the manufacture of parts thereof;

(6) Articles and materials which enter into the cost of manufacture of the goods enumerated in Tariff Items 409h, 409i, 409l, and 409m when imported for use in the manufacture of the goods enumerated in the aforesaid tariff items or in the manufacture of parts thereof.

Part I—Introduction and Definitions

EFFECTIVE DATE AND APPLICATION OF ORDER

1. (1) This Order applies only to labrusca type grapes and comes into force on September 5, 1944. It replaces and revokes Administrator's Order No. A-873.

(2) This Order does not apply to sales of grapes by growers and licensed shippers to any manufacturer or processor for use in manufacturing or processing any food or other product.

PRICES FIXED ARE MAXIMUM PRICES

2. All prices fixed by this Order are maximum prices and must not be exceeded. No charge may be made for a container or for packing, handling or any other service which results in the sum of the price and the charge for the container, packing, handling and/or service exceeding the maximum price.

ADDITIONAL PAYMENTS AND CONSIDERATIONS ARE PART OF THE PRICE

3. Any consideration, money or money's worth given or paid by the buyer to any person in connection with the purchase of any grapes or received by the seller from any person in connection with the sale of any grapes shall constitute part of the price of such fruit.

DEFINITIONS

4. For the purposes of this Order,
 - (a) "consumer" means a person who buys grapes for his personal or household consumption;
 - (b) "licensed shipper" means any person holding on June 30, 1944 a licence issued under the provisions of The Fruits, Vegetables and Honey Act to buy and sell fruit and vegetables who is engaged in the business of assembling and shipping such produce out of the area of production or any other person designated in writing by the Administrator of Fresh Fruit and Vegetables;

On all other sales such prices are f.o.b. the seller's country shipping point. However, when a seller, by his own means of transportation, transports the fruit to a buyer in a city, town or village, the nearest limit of which is more than 15 road miles from his farm or country shipping point, as the case may be, that seller may charge the actual cost of such transportation but, in any event, at not more than the less than carload lot freight rate.

The maximum price at which a trucker may sell any Canadian grown grapes of a variety set forth in the Schedule hereto shall, according to the province in which the fruit is grown, to the class of buyer and to the kind and capacity of container in which the fruit is packed and sold, be an amount equal to the maximum price at which a grower may sell such fruit to the same class of buyer, f.o.b. the grower's country shipping point. However, when delivery is made to a place which is more than 15 road miles from the area of production of such fruit, the trucker may charge the buyer in addition to such maximum price an amount to cover transportation not exceeding the less than carload lot freight rate.

- (ii) 5 cents per 11-quart flat or open basket;
- (iii) 15 cents per bushel hamper; and
- (iv) an amount equal to 8 per cent of such grower's maximum price for containers of any other kind or capacity.

MAXIMUM PRICES—CANADIAN GROWN FRUIT

11. (1) Except as provided in subsection (2) of this Section, the maximum price at which any person, other than a grower, licensed shipper, trucker or wholesale distributor, may sell at retail any grapes grown in Canada, of a variety set forth in the Schedule hereto, shall be the sum of the following:

(2) The maximum price at which a retailer may sell at retail any grapes grown in Canada of a variety set forth in the Schedule hereto, purchased by him from a grower, licensed shipper or trucker at a price not exceeding the maximum price at which his supplier could have sold those grapes to a wholesale distributor, shall be the sum of the following:

- (a) the maximum price at which his supplier could have sold those grapes to a wholesale distributor;
- (b) if his supplier is not by this Order required to deliver free to him, the actual cost incurred by him in transporting the fruit from his supplier's shipping point to the city, town or village in which he has his place of business; and
- (c) a markup not exceeding 30 per cent of his selling price.

(3) If Canadian grown grapes are not sold by a retailer by the container in the original container in which they are packed when received by him, they shall be priced and sold by him on a per pound basis. When Canadian grown grapes are sold at retail by weight the maximum price per pound shall be determined by dividing the maximum retail price per original container as fixed by this Section by the net weight of the fruit in the original container in which the fruit is packed when received by the retailer.

(4) For the purpose of determining the maximum price per pound of any Canadian grown grapes sold at retail by weight, the net weight of the fruit in the original container in which it is packed when received by the retailer shall be deemed to be the net weight for such container set forth in the following table:

TABLE

6 quart basket (flat packed)	7 lbs.
6 quart basket (open packed)	8 lbs.

(2) The maximum price at which any person may sell at retail any grapes imported by him, of a variety set forth in the Schedule hereto, shall be the sum of the following:

- (a) according to the kind and capacity of container in which the fruit is packed and sold, an amount equal to the maximum price at which a licensed shipper may sell f.o.b. his shipping point, to a wholesale distributor, fruit grown in Ontario of the same kind and variety packed in the same kind and capacity of container;

(3) If imported grapes are not sold by a retailer by the container in the original container in which they are packed when received by him, they shall be priced and sold by him on a per pound basis. When imported grapes are sold at retail by weight the maximum price per pound shall be determined by dividing the maximum retail price per original container as fixed by this Section by the net weight of the fruit in the original container in which the fruit is packed when received by the retailer. For the purposes of this Section the net weight of the fruit in the original container when received by the retailer shall be deemed to be the net weight

- (a) stamped or marked on the container; or
- (b) if not so stamped or marked, as shown on his supplier's invoice; or

Part VII—General Provisions

LISTED CONTAINERS

13. (1) Listed containers are those containers listed in the Schedule hereto and conforming with the requirements of The Fruits, Vegetables and Honey Act.

(2) The maximum price fixed by this Order for any grapes in a listed container is on the basis of the container being well and properly filled according to the provisions of The Fruits, Vegetables and Honey Act. If any listed container is not well and properly filled the container shall be deemed to be an unlisted container and the maximum price shall be governed by Section 14.

SALES OF FRUIT IN UNLISTED CONTAINERS

14. (1) The maximum price at which any person may sell to any class of buyer any grapes in an unlisted container shall be determined on the basis of the maximum price fixed by this Order for sales to the same class of buyer of that variety of fruit packed in its base container according to the relationship which the net weight of the fruit in the unlisted container bears to the standard net weight of the fruit in its base container, cost of container included. For the purposes of this Section the base container for grapes shall be the 6 quart flat covered basket and the standard net weight thereof shall be deemed to be 7 lbs.

(2) This Section does not apply to sales at retail except when the fruit is sold by the container in the original container in which it was packed when received by the seller. When the fruit is not sold in the unbroken original container but in smaller quantities Section 11 or Section 12 shall apply depending on the country of origin of the fruit.

SALES OF FRUIT RECEIVED ON CONSIGNMENT

15. The maximum price at which any person may sell to any class of buyer any grapes received by him on consignment shall be an amount equal to the maximum price at which he may sell to the same class of buyer fruit of the same kind and variety and packed in the same kind and capacity of container purchased by him from the person who consigned the grapes to him.

PROTECTIVE SERVICES AND PRE-COOLING

16. The maximum prices fixed by this Order for sales of Canadian grown grapes do not include the cost of pre-cooling and protective services necessary to protect shipments of such fruit while in transit. When it is necessary to pre-cool any shipment of such grapes and/or to use any customary protective service to protect such fruit while in transit, the maximum price at which any person may sell such fruit to any class of buyer shall be an amount equal to the maximum price fixed by the other provisions of this Order on sales by him of such fruit to that class of buyer PLUS the actual cost of such pre-cooling and/or protective service but not exceeding the standard or customary charge for the same.

Part VIII—Records of Sales and Purchases

SALES INVOICES

17. (1) On every sale of grapes other than a sale at retail the seller shall at the time of delivery of the fruit furnish the buyer with an invoice showing the name and identifying address of the seller and the buyer, the date of sale, the quantity sold, the kind and capacity of the container, the variety of the fruit and any protective service or pre-cooling charge lawfully made and the price charged.

(2) Every such seller shall keep a duplicate copy of each invoice furnished by him as required by this Section.

RECORDS OF PURCHASES

18. Orders in Council

Order in Council proclaiming Revision No. 53 of the List of Specified Persons

P.C. 6937

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 5th day of September, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Acting Secretary of State of Canada, with the concurrence of the Secretary of State for External Affairs, the Minister of National Revenue and the Minister of Trade and Commerce, reports that it is deemed expedient to make certain additions and amendments to the List of Specified Persons proclaimed under Order in Council P.C. 519 dated the seventh day of February, 1940, and subsequent Orders in Council approved from time to time;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Acting Secretary of State, with the concurrence aforesaid, and under and by virtue of the War Measures Act, chapter 206, Revised Statutes of Canada, 1927, is pleased to order and doth hereby order that a Proclamation be issued and published in the *Canada Gazette* amending, as of the date of publication thereof, the List of Specified Persons aforementioned as follows:—

(a) by inserting the names and addresses specified in Part I of the Annex hereto;

(b) by deleting the names and addresses specified in Part II of the Annex hereto;

(c) by making the amendments specified in Part III of the Annex hereto;

the Proclamation issued hereunder to be designated as Revision No. 53 of the List of Specified Persons.

His Excellency in Council is further pleased, hereby, to direct that it shall be declared in such a Proclamation that, notwithstanding anything contained in Order in Council P.C. 519 of the seventh day of February, 1940, or in the Proclamation of the seventh day of February, 1940, issued pursuant thereto, the persons whose names are set forth in the said Part I of the Annex hereto shall be deemed, for the purposes of the Revised Regulations Respecting Trading with the Enemy (1943), to be and to have been enemies only from and including the date of such Proclamation issued hereunder.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council appointing Clayton F. Elderkin as Controller of the business and undertaking of Bloctube Controls of Canada, Limited

P.C. 7037

AT THE GOVERNMENT HOUSE AT OTTAWA

FRIDAY, the 8th day of September, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Department of Munitions and Supply has placed orders with Bloctube Controls of Canada Limited (hereinafter called "the Company"), a Company having a place of business in the City of Montreal, Quebec, for the manufacture of Control Boxes required in the production of Lancaster Aircraft;

And whereas Section 13 of the Department of Munitions and Supply Act contains provisions which are designed to ensure that the profits received by a Contractor under a munitions contract, as defined therein, shall not be excessive and empowers the Minister of Munitions and Supply, *inter alia*, in cases where he is satisfied that the price paid and payable to a Contractor under a munitions contract contains an unreasonable profit, to direct the Contractor to renegotiate the contract price and to direct the Contractor to pay to the Receiver-General of Canada any amount received by the Contractor which, in the opinion of the Minister, represents an unreasonable profit;

And whereas the orders placed with the Company as aforesaid are munitions contracts, within the meaning of Section 13 of the said Act;

And whereas the Minister of Munitions and Supply has reason to believe that the prices paid or payable to the Company under the said orders do contain an unreasonable profit;

And whereas the Minister is advised that approximately 75 per cent of the capital stock of the Company was owned by one shareholder, recently deceased, and that there is some doubt in respect to his testamentary disposition thereof and as to the persons in whom the same and the control of the Company will now vest;

And whereas the Minister is further advised that in view of the present uncertainty as to the control and management of the Company and of its financial position, it is doubtful whether the Company can continue to manufacture the said Control Boxes unless it is provided with proper supervision of its affairs and operations;

And whereas the said Control Boxes are urgently required for the completion of the said Lancaster Aircraft;

And whereas the Minister is of the opinion, having regard to the foregoing, that it is desirable and in the public interest that a Controller should be appointed to manage, operate and carry on the business, undertaking, affairs and operations of the Company and to supervise and control its finances and financial transactions, and that Clayton F. Elderkin of the City of Montreal, Chartered Accountant, is a fit and proper person to act as such Controller;

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Munitions and Supply and under and by virtue of the powers conferred by the War Measures Act and the Department of Munitions and Supply Act, is pleased to order and doth hereby order,—

1. That Clayton F. Elderkin of the City of Montreal, Chartered Accountant, be and he is hereby appointed Controller of the business, undertaking, affairs and operations of the Company, with the powers and authorities hereinafter set forth;

2. That the Controller shall have the custody and control of the undertaking and all the property and assets of the company and shall have the power and authority, in the name and on behalf of the Company, to manage, operate and carry on the business, undertaking, affairs and operations of the Company, and without limiting the generality of the foregoing, the Controller shall have power and authority in the name or on behalf of the Company to—

- (a) bring or defend any action, suit or other legal proceeding, civil or criminal;
- (b) draw, accept, make, endorse, discount, execute and issue promissory notes, bills of exchange, bills of lading, warrants, and other negotiable or transferable instruments;
- (c) borrow any sum or sums of money which, in the opinion of the said Controller, is or are required for the carrying on of the business operations and undertaking of the Company and give security therefor on all or any part of the property and assets of the Company;
- (d) enter into contracts and execute deeds and other documents relating to the carrying on of the business and operations of the Company and for such purposes use, when necessary, the seal of the Company;
- (e) exercise the powers, authorities and rights which but for the provisions of this order would have been exercisable by the Board of Directors of the Company; and
- (f) do and execute all such other things as are necessary, advisable or expedient for the management, operation and carrying on of the business, undertaking, affairs and operations of the Company;

3. That the Controller shall exercise the foregoing powers and authorities subject to such instructions and directions, if any, as the Minister of Munitions and Supply may from time to time see fit to give, provided, however, that all acts and things done by the Controller hereunder shall, whether or not in contravention of such instructions or directions, be binding upon the Company and all persons are invited to act accordingly;

4. That the Controller shall be paid such remuneration as shall be determined by the Minister to be fair and reasonable, and also his out-of-pocket expenses, all of which shall be a charge upon the operations of the Company, and that the Controller shall have full power and authority to employ such assistants to aid him in the carrying out of his duties hereunder as in the opinion of the Controller shall seem desirable, and to pay such assistants such remuneration as to the Controller shall seem fair and reasonable, and such remuneration shall likewise be a charge upon the operations of the Company;

5. That the Controller shall continue to be Controller of the business, undertaking, affairs and operations of the Company until his appointment as such is revoked by His Excellency the Governor General in Council and the powers and authorities hereinbefore conferred upon the Controller may be exercised at any time and from time to time until varied or revoked by His Excellency the Governor General in Council;

6. That until revocation of the Controller's appointment as aforesaid, and except to the extent that the Controller may otherwise direct, neither the Board of Directors nor the Shareholders of the Company, shall be entitled directly or indirectly to manage, operate, carry on, control or supervise the management, operation or carrying on of the business, undertaking, affairs and operations of the Company, and without limiting the generality of the foregoing:—

- (a) the Company shall have no power to spend or borrow money or make commitments or incur liabilities or mortgage, charge, hypothecate or pledge any of its property, whether existing at the date hereof, or subsequently acquired, except with the general or specific authorization in writing of the Controller, and
- (b) no cheques, notes or other bills of exchange, or other negotiable instruments, shall be issued by the Company, or if issued, shall be valid, unless countersigned by or on behalf of the Controller, and
- (c) the Company shall have no power, except with the general or specific authorization in writing of the Controller, to bring, defend, settle, compromise, abandon or consent to judgment in any action, suit or other legal proceeding, other than any action, suit or proceeding by or against His Majesty;

7. That the Controller in exercising the powers and authorities hereby conferred upon him, shall be deemed to be acting as the agent of the Company, except that he shall not be subject to any direction or control on the part of the Company or its officers;

8. That the Controller and any person acting for or on behalf of or under the authority of the Controller shall not be or become personally liable to any person (including the Company, its creditors and/or shareholders) for anything done or omitted in the exercise or purported exercise of any power or authority from time to time vested in or conferred upon the Controller;

9. That any person interfering with the exercise by the Controller of any of the powers, authorities and rights herein conferred upon the Controller or violating any of the provisions of this Order shall be liable upon summary conviction to a fine of not exceeding Five thousand dollars (\$5,000) or imprisonment for a term not exceeding five years or to both fine and imprisonment;

The making of this Order and the granting of the powers conferred upon the Controller hereby appointed are deemed to be advisable for the security, defence,

peace, order and welfare of Canada, having regard to the existence of the present state of war, the necessity hereby occasioned of obtaining continuous production of the Control Boxes, and the necessity of ensuring in the National interest that the profits derived by contractors under munitions contracts shall not be excessive.

A. D. P. HEENEY,
Clerk of the Privy Council.

Order in Council authorizing the payment of drawback of customs duty, war exchange, sales and excise taxes re goods purchased by departments of the Government of Canada with Mutual Aid Funds.

P.C. 59/7093

Certified to be a true copy of a minute of a Meeting of the Treasury Board, approved by His Excellency the Governor General in Council, on the 13th September, 1944.

The Board had under consideration a memorandum from the Honourable the Minister of Finance, concurred in by the Honourable the Minister of Munitions and Supply and the Honourable the Minister of National Revenue, as follows:—

"Whereas it has been the policy of the Government of Canada to pay customs duty, war exchange tax, sales tax and excise taxes, on goods imported or purchased in Canada for its own use, and whereas this policy has been continued in respect of purchases of goods for export, paid for with funds appropriated for Mutual Aid;

Whereas all of the goods purchased with Mutual Aid funds will be exported and as drawbacks are now being paid, and excise taxes exempted, in respect of goods exported, except in the case of Canadian Government purchases, it is deemed expedient to provide authority under which the Department of National Revenue can pay drawbacks of customs duty, war exchange tax, sales and excise taxes in respect of goods purchased by departments of the Government of Canada with Mutual Aid funds, and permit exemption from sales and excise taxes in respect of such goods.

The Undersigned has, therefore, the honour to recommend that, under authority of Section 3 of the War Measures Act, in cases where goods are or have been purchased by the Canadian Government and payment therefor is or is to be made from funds of Mutual Aid appropriations, and delivery therefor is made on or after April 1, 1944, authority be granted for the payment of drawback of any customs duty, war exchange tax, sales tax and excise taxes paid on such goods and for the remission or refund of the sales and excise taxes paid or payable in respect of such goods; provided that, in cases where drawback is payable, the Minister of National Revenue is hereby granted authority to pay such drawback either by the standard method of procedure or by payment of a specific amount per unit or a percentage of the contract unit price, whichever he may deem expedient, to be determined by such studies or investigations as may seem to him necessary in this regard."

The Board concur in the above report and recommendation, and submit the same for favourable consideration.

A. D. P. HEENEY,
Clerk of the Privy Council.

WARTIME PRICES AND TRADE BOARD

ADMINISTRATOR'S ORDER No. A-1316

Manufacturers' and Wholesalers' Prices for Hardwood Lumber in Canada, except the Vancouver Forest District

Under powers given by Wartime Prices and Trade Board to the Timber Administrator, it is hereby ordered on behalf of the Board as follows:—

Interpretation

1. For the purposes of this Order,

- (a) "grade" means the series of grades of lumber as defined in the rules of the National Hardwood Lumber Association, Chicago, Illinois, U.S.A., dated the 1st day of January, 1944.
- (b) "hardwood lumber" means lumber cut from the stump in any part of Canada except the Vancouver Forest District, and produced from brown or black ash, basswood, butternut, beech, birch, cherry, hickory, oak, sycamore, hard or soft maple and soft elm, excluding that variety of soft elm commonly known as "swamp elm;"
- (c) "point of shipment" means the point at which the lumber is loaded by the lumber manufacturer on railway freight cars for shipment to the wholesaler, retailer or consumer;
- (d) "wholesaler" means any person engaged in the business of selling lumber otherwise than at retail;
- (e) "Vancouver Forest District" means all that part of the Province of British Columbia outlined on a map issued by the Department of Lands of the said Province, dated March 31, 1937 (Reprint April, 1942).

Maximum Manufacturers' and Wholesalers' Prices Fixed

2. (1) Except as provided in Subsection (3) of this Section, the maximum price at which any lumber manufacturer, or any wholesaler, may sell or offer for sale at wholesale, or any person may purchase at wholesale, any hardwood lumber for delivery to a wholesaler, retailer or consumer in any part of Canada except the Vancouver Forest District, shall be the price shown in the Schedule, to this Order, which price shall be f.o.b. car at point of shipment unless the hardwood lumber is delivered by truck at the consumer's plant on the specific request of such consumer when the price shall be f.o.b. truck at the manufacturer's mill.

(2) Except as provided in Subsection (3) of this Section, the maximum price at which any lumber manufacturer, or any wholesaler may sell or offer for sale at wholesale, or any person may purchase at wholesale, any combination of grades of hardwood lumber which has not been graded, tallied and invoiced separately according to the grades set out in the Schedule to this Order, shall be the price for the lowest grade contained in the combination, unless

- (a) the seller accepts the grading made by the purchaser, in which case the maximum price may be charged for the grades determined by the purchaser as set out in the Schedule to this Order; or
- (b) the lumber manufacturer submits a statement to the Timber Administrator showing that he did not produce more than a total of fifty thousand feet board measure of hardwood in the previous calendar year, and such lumber manufacturer also receives approval in writing of the proposed selling price from the Timber Administrator, or his representatives, before the shipment of any lumber.

(3) The maximum prices as set out in the Schedule to this Order may be increased by a sum not exceeding \$4 per thousand feet board measure, where the total weight of hardwood lumber ordered at any one time by a retailer or consumer is less than minimum carload weight.

(4) No lumber manufacturer or wholesaler shall ship or deliver, and no person shall authorize shipment or accept delivery from a lumber manufacturer or wholesaler, of any lumber produced from white ash or rock elm under any agreement heretofore or hereafter made for the purchase or acquisition of any such lumber, unless the Timber Administrator has approved, in writing, of such agreement including the sale price.

Special Sizes and Selections of Lumber

3. (1) When any hardwood lumber is sawn to sizes, other than those sizes designated in the Schedule to this Order, such hardwood lumber shall not be sold until the price has been fixed upon application made to the Timber Administrator.

(2) Without a permit in writing from the Timber Administrator, no lumber manufacturer or wholesaler shall sell or offer for sale at wholesale, and no person shall purchase at wholesale, any hardwood lumber, specially selected for colour, grain, width, length, or grade, at prices in excess of the prices set out in the Schedule to this Order.

Basic Period Practice to be Observed

4. Manufacturers and Wholesalers shall pile and sort hardwood lumber in conformity with standard practices during the basic period, and, unless any hardwood lumber is ordered in specified widths, the seller shall supply a fair and reasonable proportion of all the widths developing in the manufacture.

Invoices To Show Particulars of Lumber Sold

5. Every person selling hardwood lumber, white ash and rock elm at wholesale shall complete, in duplicate, an invoice covering each such sale made by him, stating therein the point of shipment and full particulars of the species, sizes, and grades of hardwood lumber sold, and the price or prices charged therefor, and shall keep on file one copy of each invoice, and shall deliver the other copy to the purchaser.

Chairman, Wartime Prices and Trade Board.

NOTE: The provisions of this Order will permit manufacturers to resume production of many goods which have heretofore been prohibited. Where a manufacturer resumes production of goods for which his maximum price has been established in accordance with the Wartime Prices and Trade Regulations he shall not sell or offer to sell those goods at a price which is higher than the maximum price established therefor. In the case of those goods which differ in any way from the kinds or types previously sold by him and also in the case of established lines for which no maximum price has been fixed under the said regulations, the manufacturer shall submit his prices for approval as required by the provisions of Order No. 214.

DEPARTMENT OF MUNITIONS AND SUPPLY
 COAL CONTROLLER

Order No. Coal 15

(Imported Bituminous Coal Distribution)

DATED August 30, 1944.

Solid Fuels Administration for War Regulation No. 23 dated July 17, 1944, supersedes SFAW Revised Regulation No. 10 and SFAW Regulation No. 20 and makes substantial changes in the Regulations governing the delivery of bituminous coal by United States shippers to users and distributors. The purpose of this Order is to enable Canadian users and distributors to conform to these changes.

Therefore, pursuant to the powers conferred by Order in Council P.C. 1752 of March 5, 1943 and any other Order in Council or Statute;

It IS HEREBY ORDERED AS FOLLOWS:—

1. *Orders No. Coal 7; 7A; 11; and 11A Rescinded*

The Orders of the Coal Controller No. Coal 7 dated August 26, 1943; No. Coal 7A dated February 29, 1944; No. Coal 11 dated November 30, 1943, and No. Coal 11A dated January 31, 1944, are rescinded.

2. *Meaning of Terms used in this Order*

For the purposes of this Order, unless the context otherwise requires;

(a) "coal" or "bituminous coal" means all bituminous and sub-bituminous coal produced in the United States of America.

- (b) "by-product coal" means coal which is to be charged into by-product coke ovens for the production of coke for metallurgical uses, or for the production of gas or for the recovery of by-products.
- (c) "other special purpose coal" means coal, other than by-product coal, which is to be
 - (i) used for foundry or other metallurgical purposes in which the coal or its products of combustion come in direct contact with the metal during the processing; or
 - (ii) used for foundry facings requiring special chemical or physical characteristics; or
 - (iii) used for the production of water gas; or
 - (iv) charged into retorts for the production of gas; or
 - (v) used as a raw material, because of special chemical or physical characteristics, to form a component part of chemicals, or directly entering into the chemical processes; or
 - (vi) used in beehive coke ovens, except those engaged exclusively in the production of coke for domestic use.
- (d) "wholesaler" means any distributor, jobber, forwarder, commercial dock operator (river, lake or tidewater), or other person (except when engaged in retail dealer transactions) who resells bituminous coal.
- (e) "industrial consumer" means any person who consumes more than 10,000 tons of coal per year, or any person who, although he consumes less than 10,000 tons of coal per year, receives coal in cargo or carload lots from a producer or wholesaler.
- (f) "public utility" means an industrial consumer who renders a public service by supplying electricity, water, or gas to a community.
- (g) "retail dealer" means any person (including the retail outlet, branch or department of a person who is also a producer or wholesaler) to the extent that he sells, delivers or disposes of coal in a transaction involving the disposal of coal physically handled in a truck, wagon or other less than carload facility without regard to quantity or frequency of delivery.
- (h) "district" means a bituminous coal producing district of the United States of America, as set out in Appendix "A" to SFAW Regulation No. 23.
- (i) "SFAW" means the Solid Fuels Administration for War of the United States of America.

3. *Summary of Provisions of SFAW Regulation No. 23 Applicable to United States Shippers*

(1) *Preference Shipments*

United States shippers of coal are required to arrange their distribution schedules for the period April 1, 1944 to March 31, 1945 so as to provide for the shipment of coal in the following order of preference:—

First:

Shipments against order for by-product and other special purpose coal produced in Districts 1-4 inclusive, 6-11 inclusive or 13.

Secondly:

Shipments against orders for coal produced in Districts 1-4 inclusive or 6-11 inclusive and moving via the Great Lakes to any dock or other unloading facility on the Great Lakes.

Thirdly:

Shipments against orders for coal (except slack) produced in Districts 7 and 8 placed by retail dealers, or by wholesalers reselling such coal to retail dealers. This preference is limited to an amount of coal equal to 90 per cent of that shipped by the shipper to the retail dealer during the period April 1, 1943 to March 31, 1944.

Each of these preferences applies only on the performance of certain conditions set out in SFAW Regulation No. 23 and other SFAW Regulations. For information as to these conditions, if you are not already aware of them, you should apply to your wholesaler, or to the Coal Controller.

(2) *Prohibited Shipments*

United States shippers are prohibited from shipping any coal to an industrial consumer, if the conditions set out in subsection (1) of Section 5 of this Order are not complied with but this prohibition does not apply to industrial consumers exempted by subsection (2) of the said Section 5. United States shippers of coal are also prohibited from shipping any coal to a wholesaler (except a commercial dock operator located on the Great Lakes or on the Atlantic Seaboard) unless his order contains,

- (a) the names and locations of the industrial consumers to whom the coal is to be resold by the wholesaler; and
- (b) such information as is required to be submitted to the wholesaler in the orders of the industrial consumers, as provided in Section 5 of this Order;

but a shipper is not required to obtain this information when the order is for coal to be shipped to a lower lake dumping port or to a tidewater dumping port, and the coal is not segregated and earmarked for transshipment to a particular industrial consumer.

(3) *Distribution of Surplus Coal by U.S. Producers*

United States producers of coal who do not have adequate orders on which shipments consistent with SFAW Regulation No. 23 may be made during any calendar week, are required to arrange for the distribution of such surplus coal during that calendar week.

4. *How "Days' Supply" and "Monthly Consumption Requirements" are calculated by Industrial Consumers*

For the purpose of determining how much coal you are permitted to receive under this Order, it may be necessary for you to calculate your "days' supply" of coal and also your "monthly consumption requirements". The method by which these amounts are calculated is as follows:—

(a) "DAYS' SUPPLY"

Days' supply means the total amount of bituminous coal which an industrial consumer reasonably expects he will have in storage upon the last day of the calendar month in which he places an order for coal, divided by the average number of tons he reasonably expects will be consumed each day (including Sundays and legal holidays) during the succeeding calendar month. In determining the amount of coal you have "in storage", you shall include all bituminous coal produced in the United States or in Canada which you reasonably expect will be in your bin, dock pile, or in railroad cars or vessels, or in other storage facilities auxiliary to each of your plants (or railroad systems). You shall also include coal which is held in storage for your account or under your control. You should not include coal in transit which is not expected to arrive at your plant or storage facility (or railroad system) by the end of the month in which the order is placed. (A railroad system, in computing days' supply, shall include coal in cars on its system for its own use.)

If you use a single storage facility to supply coal to two or more plants (or railroad systems) you shall compute the days' supply of coal for each plant (or railroad system) separately. This is done by dividing the tonnage in the storage facility by the sum of the average number of tons which you reasonably expect will be consumed at each plant (or railroad system) each day (including Sundays and legal holidays) during the calendar month in which the coal is to be received. The result of this process of division shall be deemed to be the days' supply of each plant (or railroad system).

You shall compute separately your days' supply of those sizes and qualities of bituminous coal which are not substantially interchangeable in your operations.

If you order coal for a railroad system which uses coal produced in Districts 1-4, inclusive, 6-8, inclusive, and 13, and which also uses coal produced in other districts or Canada, you may compute separately the days'

supply of coal produced in the first group of districts upon the basis of the estimated monthly consumption of such coal, and the days' supply of coal produced in other districts or Canada, upon the basis of the estimated monthly consumption of such other coal.

(b) "MONTHLY CONSUMPTION REQUIREMENTS"

Monthly consumption requirements means the requirements of a plant (or railroad system) during the calendar month in which the coal is to be received. You shall compute separately monthly consumption requirements for those sizes and qualities of bituminous coal which are not substantially interchangeable in your operations.

If you order coal for a railroad system which uses coal produced in Districts 1-4, inclusive, 6-8, inclusive, and 13, and which also uses coal produced in other districts or Canada, you may compute separately the monthly consumption requirements of coal produced in Districts 1-4, inclusive, 6-8, inclusive, and 13, upon the basis of the estimated monthly consumption of such coal, and the monthly consumption requirements of coal produced in other districts or Canada upon the basis of the estimated monthly consumption of such other coal.

5. *When Orders Must be Filed and What They Must Contain*

(1) *Industrial Consumers Generally*

If you are an industrial consumer, you are prohibited from receiving any coal (other than "surplus" coal offered by a United States shipper) produced in any district, except District 5, under any order, unless you file such order with your supplier on or before the 24th day of the month preceding the month of shipment.

You are not permitted to receive any coal pursuant to any order, unless the order, or confirmation of the order, contains, or is amended to contain, the following information:

- (a) Separately, by uses, the specific number of tons ordered from your supplier;
- (b) Separately, by uses, your estimated days' supply (calculated as set forth in Section 4 (a) of this Order) as of the last day of the calendar month during which the order is placed;
- (c) Separately, by uses, your monthly consumption requirements (calculated as set forth in Section 4 (b) of this Order);
- (d) Separately, by uses, and groups of districts, the total tonnage of coal you have ordered from all suppliers for delivery to you from each group of districts during the same calendar month.

Districts 9, 10 and 11 are to be reported as Group A; Districts 1-4, inclusive, 6 and 13 are to be reported as Group B; Districts 7 and 8 are to be reported as Group C; and all other districts and Canada are to be reported as Group D.

- (e) A statement on the order, or confirmation of the order, that the above information is correct.

(2) *Exceptions*

The following industrial consumers are exempted from the provisions of this Section:

- (a) An industrial consumer who receives coal by truck and who lacks facilities for storing more than 10 days' supply of coal (based on his estimated requirements for an average winter month);
- (b) An industrial consumer who does not receive, during the calendar month, from all sources combined, more than 50 tons or one carload of bituminous coal;
- (c) An industrial consumer to the extent that he receives coal from a commercial dock.

6. Restrictions on Receipts by Industrial Consumers of By-Product and Other Special Purpose Coal

If you are an industrial consumer using by-product or other special purpose coal, you are prohibited from receiving from all sources combined, during the period May 1, 1944, to May 15, 1945, by-product or other special purpose coal produced in Districts 1-4, inclusive, 6-11, inclusive, and 13 in excess of an amount representing the difference between your inventory of such coal as of May 1, 1944, and the amount of your consumption requirements for such coal for the period May 1, 1944, to May 15, 1945, except that you are not required to maintain less than a 30 days' supply of by-product or special purpose coal.

7. Restrictions on Receipts by Industrial Consumers of Coal Other Than By-Product and Special Purpose Coal, and Other Than Coal Moving via the Great Lakes or Ex-Lake Dock

(1) Notwithstanding any other provision of this Order, industrial consumers are permitted to receive "surplus" coal which a producer may ship under the provision of SFAW Regulation No. 23 referred to in subsection (3) of Section 3 of this Order. Industrial consumers should make every reasonable effort to make known to producers and wholesalers that they are ready, willing and able to accept coal in addition to the amount ordered, to the extent that such coal is available and offered in accordance with the above-mentioned provision.

(2) Restrictions on Receipts by Industrial Consumers of Coal Produced in Districts 9, 10 and 11 (Group A)

If you are an industrial consumer whose days' supply of bituminous coal exceeds 120 days, calculated on the basis of your estimated consumption requirements for the month of November, 1944, you are prohibited from receiving during any calendar month coal produced in Districts 9, 10 and 11 (Group A), or any such districts, in an amount greater than 100 per cent of your monthly consumption requirements, without first obtaining permission from the Coal Controller.

NOTE: Although an industrial consumer who has a stockpile containing 120 days' supply is permitted to purchase 100 per cent of his monthly consumption requirements of coal produced in Districts 9, 10 and 11, the primary purpose of this provision is to encourage industrial consumers to stockpile between 40 and 90 days' supply of such coal. Any industrial consumer having a stockpile containing a 40 to 90 days' supply will not be required, when it is necessary to reduce such stockpile, to draw down at a greater rate than any other industrial consumer having a stockpile containing 40 to 90 days' supply. The failure of an industrial consumer to build a stockpile containing at least 40 days' supply, if he has facilities for storing coal in such quantity, will be considered by the Controller as adequate ground for denying any relief to such consumer when and if he requests aid in securing coal.

(3) Restrictions on Receipts by Industrial Consumers of Coal Produced in Districts 1-4, inclusive, 6 and 13 (Group B)

If you are an industrial consumer, you are prohibited from receiving during any calendar month coal produced in Districts 1-4, inclusive, 6 and 13 (Group B), or any of such districts, in an amount which exceeds your monthly consumption requirements for such calendar month. However, if you do not have (in addition to the amount which will satisfy your current monthly consumption requirements) a supply of coal equal to your estimated consumption requirements for the month of November, 1944, you may obtain that additional amount which will enable you to accumulate by November 1, 1944, a supply of coal equal to your estimated consumption for the month of November, 1944.

(4) Restrictions on Receipts by Industrial Consumers of Coal Produced in Districts 7 and 8 (Group C)

(a) Restrictions Imposed by Stock Limitation Table

If you are an industrial consumer, you are prohibited from receiving during any calendar month coal produced in Districts 7 and 8 (Group C)

or either of such districts, in amounts greater than those shown in the Stock Limitation Table set forth below. The Table operates as follows:

Column 1 indicates the industrial consumer's estimated day's supply, as calculated pursuant to Section 4 (a) of this Order.

Column 2 indicates the maximum percentage of monthly consumption requirements, calculated pursuant to Section 4 (b), which may be obtained by public utilities.

Column 3 indicates the maximum percentage of monthly consumption requirements which may be obtained by industrial consumers (other than public utilities).

STOCK LIMITATION TABLE

Days' Supply Column 1	Public Utilities Column 2 Per Cent	Maximum Percentage of Monthly Consumption Requirements Other Industrial Consumers
		Column 3 Per Cent
Less than 15 days	130	115
15 to 20 days..	130	110
21 to 25 days..	120	105

51 to 55 days..	100	65
56 to 69 days..	65	50
70 days or more	50	50

(b) *Exceptions in the Restrictions Imposed by the Stock Limitation Table*

Notwithstanding the restrictions set forth in the Stock Limitation Table above:

- (i) A public utility which has more than 55 days' supply, may order and receive, in addition to the amount of coal permitted under the Stock Limitation Table, such additional coal as is necessary to maintain such 55 days' supply;
- (ii) An industrial consumer who has more than 35 days' supply, may order and receive, in addition to the amount permitted under the Stock Limitation Table, such additional coal as is necessary to maintain such 55 days' supply.

(5) *Restrictions on Receipts by Industrial Consumers of Coal Produced in More Than One Group of Districts*

You will note that under this Section more stringent restrictions are imposed on receipts of coal produced in Group C than on receipts of coal produced in the other groups, and that more stringent restrictions are imposed on receipts of coal produced in Group B than on receipts of coal produced in Group A. If you are an industrial consumer receiving coal from any two of such groups of districts, you are prohibited from receiving more coal in the aggregate during any calendar month than you may receive under this order from the more liberal group from which you buy; moreover, you are prohibited from receiving during any calendar month more coal from the less liberal group from which you buy than you would be permitted to receive if you bought coal only from that group. If you receive coal from three groups of districts, you are prohibited from receiving more coal in the aggregate during any calendar month than you may receive under this order from the most liberal group from which you buy coal; you may not receive from the least liberal group more coal than you would be permitted to receive if you bought only from that group; and you may not receive from the next most liberal group an amount of coal greater than the difference between the amount you are permitted to receive from that group and the amount you are permitted to receive from the least liberal group.

If you order coal for a railroad system and compute separately the days' supply of coal produced in districts included in Group B and C, and the days' supply of coal produced in districts included in Groups A and D, as permitted under Sections 4 (a) and (b) of this Order, you are prohibited from receiving, in the aggregate, during any calendar month, from districts included in Groups B and C, an amount of coal greater than your average monthly purchases of coal from such districts during January, February, March and April, 1944.

8. Restrictions on Deliveries to Retail Dealers and Receipts by Retail Dealers of Coal Produced in Districts 7 and 8

(1) If you are a wholesaler, you must not deliver to any retail dealer during the period April 1, 1944 to March 31, 1945, a combined quantity of all-rail and ex-dock coal (except slack) produced in Districts 7 and 8 totalling more than 90 per cent of the total amount of coal (except slack) produced in such Districts which you delivered to the retail dealer during the period April 1, 1943 to March 31, 1944.

(2) If you are a retail dealer, you must not receive from all sources combined during the period April 1, 1944 to March 31, 1945 more than 90 per cent of the total amount of coal (except slack) produced in Districts 7 and 8 which you received during the period, April 1, 1943 to March 31, 1944.

NOTE.—Applications to substitute as a base year the period April 1, 1942 to March 31, 1943 will be considered by the Controller.

(3) Under SFAW Regulation No. 23 shippers are required to give preferential treatment to orders of retail dealers for coal in an amount equal to 90 per cent of the tonnage shipped to such dealers during the period April 1, 1943 to March 31, 1944. In filling orders entitled to such preference, your supplier is entitled to treat low volatile lump, egg, stove and domestic mine run coal produced in Districts 7 and 8 as a unit and interchangeable, and high volatile lump, egg, stove, and nut coal produced in Districts 7 and 8 as a unit and interchangeable. For this reason, in order to obtain the full benefit of the preference, you should, when ordering coal, indicate your willingness to accept interchangeable sizes of coal produced in Districts 7 and 8.

9. Restrictions on Deliveries from Commercial Docks to Consumers

(1) No consumer who purchases coal for use in an industrial plant or a hospital shall take delivery from a commercial dock for use in any premises of any more bituminous coal than the quantity which, when added to the quantity on hand on the premises, will last the consumer until May 15, 1945 with a stockpile of not more than 300 tons on hand at that date.

NOTE.—For restriction on deliveries of bituminous coal for use in premises other than hospitals and Industrial Plants see Order No. Coal 14.

(2) No operator of a commercial dock shall deliver to any consumer for use in an industrial plant or a hospital, any bituminous coal if the operator knows or has any reason to believe that the quantity of coal on hand on the premises will, by such delivery, exceed the quantity permitted by subsection (1) of this section.

10. Preference to be Given to Upper Lakes and Lower St. Lawrence

Every importer who directs shipments of bituminous coal to more than one dock shall, except when such coal is by-product coal or other special purpose coal, and consistent with mines production, availability of ships, unloading capacity of docks and other factors affecting the orderly movement of coal, give preference to shipments that he is required to make to docks west of, but not including Sarnia, Ontario, and east of, but not including Montreal, P.Q.

11. Reports from Dock Operators

If you are an operator of a private or commercial dock, you must complete and file with the Coal Controller in accordance with his instructions such reports as he may require. For this purpose you must use the forms prescribed by him.

12. *Requests for Assistance in Securing and Maintaining Stocks*

Any person who has been informed by a supplier in the United States of America that an order cannot be filled to the extent permitted by this Order, or SFAW Regulation No. 23, shall endeavour to secure coal from other suppliers and may request assistance in obtaining coal by filing a request in writing with the Coal Controller. The request for such assistance shall be filed in triplicate and shall be accompanied by a copy of the order or orders not expected to be filled.

13. *Permits*

(1) The provisions of this Order are subject to any permit issued by the Controller.

Order in Council authorizing payment of drawback to flour millers in respect of wheat milled for domestic consumption

P.C. 7319

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 19th day of September, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas under Order in Council P.C. 8528 known as the Wartime Prices and Trade Regulations, flour millers and other manufacturers of wheat products are required to sell flour and other human foods containing wheat in Canada at prices not in excess of the maximum prices charged by them during the period September fifteenth to October eleventh, nineteen hundred and forty-one;

And whereas, since the first day of August, nineteen hundred and forty-two, the market price of western wheat has been higher than during the period from the fifteenth day of September to the eleventh day of October, nineteen hundred and forty-one;

And whereas, in order to maintain the supply of flour and other human foods containing wheat, provision was made under Order in Council P.C. 9457, dated the sixteenth day of October, nineteen hundred and forty-two, and Order in Council P.C. 6602 of the nineteenth day of August, nineteen hundred and forty-three, for payments to the manufacturers of such products according to the quantity of western wheat estimated to have been used in the manufacture of such products sold in Canada during the crop year nineteen hundred and forty-three/forty-four, at a rate equal to the difference between the monthly average prices estimated to have been paid by such manufacturers for Number One Northern Wheat or Number One C.W. Amber Durum Wheat in store Fort William/Port Arthur and a price for the same grade of wheat in the same position determined as being appropriate to maximum prices for flour;

And whereas the Minister of Finance reports that the Wartime Prices and Trade Board, pursuant to Order in Council P.C. 9457, dated the sixteenth day of October, nineteen hundred and forty-two has determined upon seventy-seven and three eighths cents per bushel for Number One Northern and Number One C.W. Amber Durum in store Fort William/Port Arthur as the price for wheat appropriate to maximum prices for flour;

That it is desirable to continue such payments during the crop year nineteen hundred and forty-four/forty-five, subject to certain alterations in procedure;

That the said Order in Council P.C. 6602 as amended by Order in Council P.C. 7323, dated September 20, 1943, and these presents provide that no flour miller shall be entitled to retain payments made by the Canadian Wheat Board in respect of any fiscal year under the said Order in Council P.C. 9457, as amended, which contribute to net taxable income for such fiscal year in excess of 116-2/3 per cent of his standard profits;

That before any such payment may be made to any flour miller he must have executed and delivered to Commodity Prices Stabilization Corporation Ltd. an undertaking whereby he agrees to refund to the Commodity Prices Stabilization Corporation Ltd. for account of the Canadian Wheat Board, the amount by which his net taxable income (inclusive of such payments) in any fiscal year exceeds 116-2/3 per cent of standard profits or the amount of such payments, whichever is the lesser;

That Chapter 43, Fifth Session 8 George VI, being an Act to amend the Income War Tax Act provides, *inter alia*,

(1) that losses sustained in 1944 and fiscal periods ending therein and all subsequent periods by any person carrying on a business may be deducted from profits derived from the business either in the year immediately preceding or in the three years immediately succeeding the taxation year, and

(2) that one-half of expenditures on maintenance and repairs, incurred by any taxpayer carrying on a business (or an underground development, in the case of a taxpayer operating a mine), in a period to be fixed by Order in Council be regarded as deferred maintenance and repairs and be deductible as an expense, at the option of the taxpayer, either in the year or fiscal periods when incurred or in years or fiscal periods ending subsequent to December 31, 1942;

That revision of net taxable income occasioned by such losses or arising out of such deferred maintenance and repairs will of necessity affect adjustments which may have been made or may be made with Commodity Prices Stabilization Corporation Ltd. pursuant to such undertakings; and

That Commodity Prices Stabilization Corporation Ltd. will renegotiate any adjustment necessitated by a flour miller taking advantage of the amendments to the said Act and will advise the Canadian Wheat Board the amount if any due to such flour miller;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance and under and by virtue of the powers conferred by the War Measures Act, is pleased to order and it is hereby ordered as follows:—

1. For the purposes of this Order, and unless the context otherwise requires—

(a) "flour millers" shall include manufacturers of human foods containing wheat other than flour;

(b) "western wheat" means wheat grown in the Provinces of Manitoba, Saskatchewan and Alberta, in that part of the Province of Ontario lying west of

Fort William/Port Arthur and in that part of British Columbia known as the Peace River District, the Creston and Wynndel areas and in such other parts of British Columbia as the Canadian Wheat Board may from time to time designate under paragraph one of Part one of the regulations contained in Order in Council P.C. 1802 dated March ninth, nineteen hundred and forty-two;

- (c) "the monthly average price for hard red spring wheat" means the price for Number One Northern Wheat in store Fort William/Port Arthur which is determined by the Canadian Wheat Board each month beginning with and including August, nineteen hundred and forty-four, as being most nearly approximate to the arithmetic average price paid for that grade of wheat in that position by flour millers during that month, provided, however, that if during any month the price of Number One Northern rises to a premium of more than four cents per bushel over Number Two Northern, the "monthly average price" for hard red spring wheat may be determined by the Canadian Wheat Board by adding four cents per bushel to the price which is determined by the said Board to be most nearly approximate to the arithmetic average price paid for Number Two Northern Wheat in store Fort William/Port Arthur by flour millers during that month;
- (d) "the monthly average price for Durum wheat" means the price for Number One CW Amber Durum wheat in store Fort William/Port Arthur which is determined by the Canadian Wheat Board each month beginning with and including August, nineteen hundred and forty-four, as being most nearly approximate to the arithmetic average price paid for that grade of wheat in that position by flour millers during that month, reduced by the amount of any abnormal premium for Number One CW Amber Durum wheat over Number Two CW Amber Durum wheat;
- (e) "standard profits" shall mean the standard profits of the recipient determined under and in accordance with the Excess Profits Tax Act;
- (f) "net taxable income" shall mean net taxable income for the purposes of the Income War Tax Act.

2. Payments to flour millers are hereby authorized in respect of flour or other human foods containing wheat for consumption in Canada sold prior to or between the first day of August, nineteen hundred and forty-four and the thirty-first day of July, nineteen hundred and forty-five, both inclusive, and delivered between the first day of August, nineteen hundred and forty-four and the thirty-first day of July, nineteen hundred and forty-five, both inclusive, which shall be equal to the quantity of western wheat estimated to have been used in the manufacture of flour or such other human foods multiplied by the difference between the "monthly average price for hard red spring wheat" for the month in which the flour or such other human foods were delivered and seventy-seven and three-eighths cents per bushel, subject to the following terms and conditions:

- (a) For the purposes of making payments under this Order, the Canadian Wheat Board shall have the power to determine the quantity of western wheat used in the manufacture of any given quantity of flour or other human food containing wheat, but unless otherwise ordered by the Canadian Wheat Board one barrel (196 pounds) of flour shall be considered as equivalent to four and one-half bushels of wheat with the exception that one barrel (196 pounds) of whole-wheat flour of any variety or standard shall be considered equivalent to three and one-third bushels of wheat;
- (b) No flour miller shall be entitled to payment hereunder unless and until he has completed an undertaking that if in respect of any fiscal year of the flour miller his net taxable income, inclusive of all sums received by him at any time from the Canadian Wheat Board by way of payment hereunder in respect of deliveries of flour or other human foods during such fiscal year, exceeds 116 $\frac{2}{3}$ per cent of his standard profits, he will, as soon as possible after the end of such fiscal year, and not later than the date on which the recipient is required under the Income War Tax Act to file income tax returns in respect of such fiscal year, refund to Commodity Prices Stabilization Corpora-

tion Ltd. for account of the Canadian Wheat Board the amount of such excess, provided, however, that the flour miller shall be under no obligation to pay to the said Corporation for account of the Canadian Wheat Board any amount in excess of the total sums so received by him from the said Board by way of payments hereunder; provided however that in any case or class of cases where in the opinion of Commodity Prices Stabilization Corporation Ltd. application of the above principles of calculation of refund of payments would be inequitable, Commodity Prices Stabilization Corporation Ltd. may require an undertaking providing for calculation of refund of payments on such other basis or by such other method as the Minister of Finance may approve;

- (c) Payments hereunder shall be made in respect of flour and other human food sold prior to or between the first day of August, nineteen hundred and forty-four, and the thirty-first day of July, nineteen hundred and forty-five, both inclusive, and delivered between the first day of August, nineteen hundred and forty-four and the thirty-first day of July, nineteen hundred and forty-five both inclusive;
- (d) No payments hereunder shall be made in respect of flour or wheat products exported from Canada;
- (e) Payments hereunder in respect of human foods containing Durum wheat shall be at a rate equal to the difference between the "monthly average price for Durum wheat" and seventy-seven and three-eighths cents per bushel.

3. (a) The Canadian Wheat Board is hereby charged with the duty of determining and paying to flour millers the sums of money payable under this Order, and is hereby authorized and empowered to make such orders and regulations as may be necessary or advisable for carrying out the provisions of this Order.

(b) The Canadian Wheat Board is hereby authorized to pay to any flour miller such sum as Commodity Prices Stabilization Corporation Ltd. certifies as being due to him by reason of renegotiation of any adjustment which has been or may be made with Commodity Prices Stabilization Corporation Ltd. pursuant to any undertaking executed and delivered by such flour miller to Commodity Prices Stabilization Corporation Ltd. in accordance with the said Order in Council P.C. 6602 or with Section 2 (b) hereof.

(c) Commodity Prices Stabilization Corporation Ltd. is hereby charged with the sole duty of determining and collecting the sums of money payable to the said Corporation for account of the Canadian Wheat Board under and by virtue of this Order and of remitting such sums collected to the said Board, and the Canadian Wheat Board is in no way responsible for the manner in which the said duty is performed by the said Corporation.

4. (a) Every person other than a flour miller shall, before he exports flour or wheat products from Canada, repay to the Canadian Wheat Board an amount equal to the payment received by the miller in relation to the flour or wheat products to be exported, as determined by the Wartime Prices and Trade Board.

(b) Any amount payable to the Canadian Wheat Board under this section shall be recoverable as a debt due the Crown and without prejudice to any other remedy, may be recovered by the Canadian Wheat Board as a civil debt.

5. Expenditures hereunder, including expenses incurred by the Canadian Wheat Board in administering the provisions hereof, shall be charged against monies to be allotted from the War Appropriation for this purpose or out of monies appropriated by Parliament for this purpose.

Clerk of the Privy Council.

WARTIME PRICES AND TRADE BOARD

ORDER No. 414

Maximum Prices for Goods

Statement in Respect of Order No. 414

Order No. 414 has been issued to consolidate and simplify a number of existing price regulations into a single regulation which sets out the procedures for controlling the prices of all goods. The new Order also clarifies the procedure for establishing maximum prices on all goods, including raw materials, component parts and capital goods, coming on the market for the first time since the imposition of the price ceiling. It in no way, however, supersedes or over-rides those orders which establish maximum prices or maximum markups for specified commodities or groups of commodities.

The Order does not involve any change in the price ceiling policy. The effect of the original imposition of price control in 1941 was to establish maximum prices for individual sellers based on sales made during the basic period. This principle continues unchanged. Consequently, in establishing maximum prices for dissimilar (new or modified) goods, the Board will continue to fix such prices at the level at which these goods would have sold during the basic period.

The Order also maintains unchanged the procedures previously established for dealing with applications to adjust maximum prices. It is obvious, however, that any upward revision of price ceilings is wholly incompatible with the Board's mandate to stabilize the cost of living and can only be contemplated in extreme cases. Where the cost of manufacturing or of importing goods has increased to the extent that such increases cannot reasonably be absorbed, consideration will be given as to whether some relief may be afforded. The determination of the point at which relief may be given is not susceptible of precise definition and must depend upon the circumstances of the individual case. As a general and basic premise, however, it can be stated definitely that the price ceiling cannot be maintained unless applications for enhanced maximum prices are restricted to those applicants who can demonstrate overall financial need.

In any event, it is a fundamental principle of the price ceiling policy that the prices paid by consumers of goods and services must not be allowed to rise. Accordingly in considering applications for price adjustments, where relief is contemplated, every possibility of sharing the burden must first be exhausted. If necessary, subsidies will also be considered to ensure the supply of essential goods at ceiling prices.

1. Orders Nos. 143, 185 and 214 of the Board and Administrator's Order No. A-1223 are hereby revoked and are replaced by this Order. Notwithstanding the revocation of Orders Nos. 143, 185 and 214, however, no person shall sell or offer to sell any goods at a price in excess of the maximum price in effect on October 2, 1944, fixed, approved or concurred in by or under any of those Orders on sales by him of those goods.

2. This order shall come into force on October 2, 1944.

4. This Order, other than Sections 48 and 50, shall not apply to used goods, scrap goods or goods or sales that are exempted both from the provisions of Section 7 of the Wartime Prices and Trade Regulations and from any price fixed by any Order issued by or under authority of the board or by another price-fixing authority with the concurrence of the Board.

5. (1) No person shall sell or offer to sell any goods which are not his standard goods (defined in clause (k) of Section 3) until the maximum price at which he may sell the goods has been fixed under the provisions of this Order and he has complied with such provisions in all respects.

(2) No person shall buy or offer to buy from any seller any goods if he knows or has reason to believe that the goods are not the seller's standard goods.

(3) Any person who, prior to October 2, 1944, has sold any goods the maximum price for which on sales by him was not fixed by Section 7 of the Wartime Prices and Trade Regulations, was not fixed or required to be fixed by or under Order No. 214 (respecting Consumer Goods) or any other Order issued by or under authority of the Board or by another price-fixing authority with the concurrence of the Board may continue to sell such goods at a price not exceeding the highest lawful price at which he sold identical goods in the period from October 12, 1941 to September 15, 1944, subject to any action of an Administrator under the authority of section 48.

6. No person shall cease to use or in any way alter the trade description of any goods he sells except with the written consent of the Administrator concerned.

7. No person selling any goods shall introduce into his normal trade practice any additional transaction in the distribution of his goods in such a way as to increase the cost thereof to any subsequent buyer.

8. Jurisdiction over sales at wholesale or at retail of some goods has been or may be assigned to a Commodity Administrator instead of the Administrator of Wholesale Trade or the Administrator of Retail Trade. In the case of sales of such goods, references in this Order to the Administrator of Wholesale Trade and the Administrator of Retail Trade are to be construed as references to that Commodity Administrator.

9. (1) Every manufacturer, wholesaler and retailer shall observe the following requirements:—

- (a) In each season, every manufacturer shall continue to produce and every wholesaler and retailer shall continue to deal in goods that are similar in usefulness, durability, serviceability and intrinsic worth to, and in approximately the same price ranges as, goods he produced or dealt in, respectively, in the corresponding season of 1941.
- (b) Every manufacturer, wholesaler and retailer shall maintain in each price range of his goods a volume which bears the same proportion to the total volume of the goods respectively produced or dealt in by him as the volume in that price range bore to the total volume of goods respectively produced or dealt in by him in 1941: provided however, that he may decrease the proportion which the volume of his goods in his higher price ranges bears to the total volume of his goods.
- (c) If a manufacturer finds it necessary to decrease the proportion which his volume of production in his lower price ranges bears to his total production, due to his inability to obtain the necessary materials or substitute materials, such decrease shall not be a contravention of this Section if he immediately reports such inability to the Commodity Administrator.

(d) If a wholesaler or retailer finds it necessary to decrease the proportion which his volume of goods in his lower price ranges bears to his total volume of goods due to his inability to obtain such goods or substitute goods, such decrease shall not be a contravention of this Section.

(2) If a decrease by a manufacturer, wholesaler or retailer in the proportion which his volume of goods in his lower price ranges bears to his total volume of goods is due to any Order of the Board or of an Administrator or of other authority prohibiting or restricting production, such decrease shall not be a contravention of this Section.

(3) If any Order required a manufacturer to restrict his production of goods described in that Order to kinds, models or types specified in the Order and that Order is revoked, the manufacturer may continue to restrict his production to those kinds, models or types, provided that he maintains in each price range a volume which bears the same proportion to the total volume of the goods produced by him as resulted from his compliance with the requirements of that Order. In such case, that production shall not be a contravention of this Section.

(4) The Commodity Administrator in respect of manufacturers, the Administrator of Wholesale Trade in respect of wholesalers and the Administrator of Retail Trade in respect of retailers may, upon application, or on his own initiative, give directions in writing to any person varying the requirements of subsection (1) and any direction as to production or distribution given before October 2, 1944 by an Administrator shall continue in effect until cancelled.

GOODS MADE TO ORDER AND SPECIAL CASES

10. (1) Maximum prices of goods not identical in every respect, including trade description, with the standard goods of the manufacturer or wholesaler and which are of the type set forth in clauses (a), (b) and (c) following, shall be governed by this Section instead of Sections 13 and 14, or Section 30:

- (a) goods of a capital or durable nature that are manufactured to order for or to the specifications of the user for the purpose of the production, transportation or distribution of other goods or services but which are not consumed in such production, transportation or distribution except to the extent of wear and tear;
- (b) goods to be sold to a manufacturer as component parts of any goods referred to in clause (a) preceding or as component parts of any goods intended for ultimate sale to the Department of Munitions and Supply or any agency thereof or for export, either in the same form or after further manufacture, unless such goods are also offered for sale for civilian use in Canada;
- (c) such other goods as the Chairman, or such person as he may from time to time appoint, may designate by notice published in *Canadian War Orders and Regulations* or otherwise designate in writing.

(2) The maximum price at which a manufacturer or wholesaler may sell or offer to sell goods of a kind referred to in subsection (1) shall be determined by reference to the lawful maximum price fixed for goods of the same class and kind

- (i) by Section 7 of the Wartime Prices and Trade Regulations or
- (ii) by or under an Order issued by or under authority of the Board or issued by another price-fixing authority with the concurrence of the Board, or otherwise fixed by or under authority of the Board, or
- (iii) by or under authority of this Order.

* If the manufacturer or wholesaler did not sell goods of the same class and kind in the period from October 12, 1941 to September 15, 1944, then his maximum price shall be determined by reference to the lawful price charged by other manufacturers or wholesalers for goods of the same class and kind.

(3) In any case where he deems it to be necessary, an Administrator may direct a manufacturer or wholesaler to make the application referred to in Sections 14 or 30, as the case may be.

11. (1) If any person manufactures any goods, other than goods referred to in Section 10 or goods which are component parts of other goods, to the order and specifications of and for sale by a customer in such circumstances that the customer has the exclusive right of sale of the goods, the pricing of the goods shall be governed by this Section.

(2) If such customer in selling the goods represents himself as the manufacturer of the goods or is the manufacturer of other goods,

(a) the person who in fact manufactures shall not (i) deliver any of the goods at a price exceeding his lawful maximum price therefor or (ii) deliver any of the goods for which his lawful maximum price has not been fixed, until he has made an application to the Commodity Administrator, has furnished all information required by that Administrator and that Administrator has approved or fixed the price at which he may deliver the goods; and

(b) the customer shall make any application and perform such acts as are required of a manufacturer by Sections 13 to 22 inclusive.

(3) If such customer is a wholesaler who is acquiring the goods for sale to other wholesalers and retailers, or if he is a retailer, the person who in fact manufactures the goods shall be regarded as the manufacturer for the purposes of this Order and shall make any application and perform such acts as are required of a manufacturer by Sections 13 to 18 inclusive and Sections 20 to 22 inclusive. The maximum prices or maximum markups at which the customer and other persons may sell the goods shall be fixed or varied concurrently in the manner described in the appropriate Sections referred to, and the customer and other persons shall perform such acts as are required by them by those Sections.

Part II—Manufacturers

12. The maximum price at which a manufacturer may sell or offer to sell any goods manufactured by him may have been fixed

(a) by Section 7 of the Wartime Prices and Trade Regulations (which Section established as ceiling prices lawful maximum *prices* obtained in the basic period), or

(b) by or under an Order issued by or under the authority of the Board or issued by another price-fixing authority with the concurrence of the Board, or otherwise fixed by or under authority of the Board (and whenever a manufacturer's maximum price has been fixed by such an Order, his basic period maximum price will no longer apply while the Order is in force), or

(c) by or under authority of this Order (in which case the manufacturer will receive a notice or direction from the Board);

and if the maximum price at which a manufacturer may sell any particular goods manufactured by him has not been fixed in any of the foregoing ways, he must obtain fixation of his maximum price for such goods under the provisions of this Part. Any goods the maximum price for which has been fixed in any way are thereafter to be regarded as his *standard* goods.

FIXATION OF MAXIMUM PRICE FOR DISSIMILAR GOODS

13. Whenever a manufacturer produces any goods (hereinafter referred to as dissimilar goods) which are not identical in every respect, including trade description, with his standard goods, and which are not goods referred to in Section 10, he shall not sell or offer to sell such dissimilar goods unless and until the maximum price at which he may sell such goods has been fixed under this Order and he has complied with the provisions of this Order in all respects.

14. The manufacturer of the dissimilar goods shall make an application to the Commodity Administrator, on a form provided by the Board, to fix the maximum price for the dissimilar goods and shall furnish all information required in or by such form and in the manner required.

15. (1) If the Commodity Administrator is of the opinion that the goods referred to in the application submitted under Section 14 serve the same purpose as the manufacturer's most nearly comparable standard goods, and are equivalent thereto in usefulness, durability, serviceability and intrinsic worth, he shall direct that the maximum price at which such dissimilar goods may be sold by the manufacturer and by wholesalers and retailers shall be the same as the maximum price at which the most nearly comparable standard goods of that manufacturer may be sold by him and such wholesalers and retailers, respectively, and a notice in duplicate shall be sent to the manufacturer by or on behalf of the Board setting forth such directions.

(2) Upon receipt of such notice, the manufacturer shall forthwith endorse upon one of the copies thereof, a signed and dated acknowledgment of its receipt by him and, before selling or offering to sell such goods, he shall forward that endorsed copy to the office specified in the notice.

(3) The Commodity Administrator may by direction in writing require that such dissimilar goods be given that trade description by which the manufacturer has designated the most nearly comparable standard goods referred to in subsection (1) or, where the use of such trade description might be likely to cause deception or confusion, the Commodity Administrator may by direction in writing require that such dissimilar goods be given a different trade description or be otherwise identified.

(4) When the manufacturer receives the notice referred to in subsection (1) preceding, he shall, at or before the time of shipping to any of his customers any of the goods referred to in the notice, inform that customer as to the directions contained in the notice by sending to him a printed or written notification giving the trade description of the dissimilar goods and the trade description of the standard goods and stating that all sellers' maximum prices for the dissimilar goods shall be the same as their maximum prices for the standard goods.

16. (1) If the Commodity Administrator is of the opinion that the goods referred to in the application submitted under Section 14 do not serve the same purpose as the manufacturer's most nearly comparable standard goods or are not equivalent thereto in usefulness, durability, serviceability and intrinsic worth, or if there are no such nearly comparable standard goods, he shall (unless production of the goods is contrary to the requirements of Section 9 of this Order or the requirements of any Order) fix the maximum price therefor on sales by the manufacturer to each class of customer mentioned by him in his application. If the goods are to be sold at wholesale, the Administrator of Wholesale Trade shall for each class of wholesaler fix the maximum prices or the maximum markups on sales of such goods at wholesale. If the goods are to be sold at retail, the Administrator of Retail Trade shall fix the maximum prices or maximum markups on sales of such goods at retail.

(2) When the fixations have been made, a notice in duplicate shall be sent to the manufacturer by or on behalf of the Board, setting forth the said maximum prices and maximum markups. Upon receipt of such notice, the manufacturer shall forthwith endorse upon one of the copies thereof a signed and dated acknowledgment of its receipt by him and, before selling or offering to sell such goods, he shall forward that endorsed copy to the office specified in the notice.

(3) The trade description of such dissimilar goods shall differ from that of any other goods produced or sold by the said manufacturer. In any case in which the trade description of such dissimilar goods might be likely to cause deception or confusion, the Commodity Administrator may by direction in writing require that means be adopted to avoid the same and may specify the means.

17. Whenever a manufacturer's maximum price for any dissimilar goods has been fixed under Section 16 and he has received the notice referred to in that Section, he shall, at or before the time of shipping any of those goods to any of his customers, inform that customer as to the price fixations or directions contained in that notice by sending to him a printed or written notification completed in accordance with the appropriate form in the Appendix to this Order or in a form approved by the Commodity Administrator.

18. (1) Before shipping any of the goods affected, an exact copy of each form of notification proposed to be sent by a manufacturer under Section 15 or Section 17 must be filed by the manufacturer with the Commodity Administrator and any such form shall be altered as that Administrator may require.

(2) When a manufacturer has sent to a customer a notification as required by those Sections, no further notification need be sent on further sales of those goods to that customer.

19. On the first sale of dissimilar goods to each wholesaler and retailer, the manufacturer shall clearly mark on the invoice covering the sale that they are dissimilar goods and may use the expression "new" for that purpose; but, on further sales of those goods to the same wholesaler or retailer, invoices need not be so marked.

VARIATION OF MAXIMUM PRICES FOR STANDARD GOODS

20. (1) Whenever the manufactured cost of any standard goods increases so that the lawful maximum price does not provide a reasonable markup for the manufacturer and he can demonstrate financial need, he may make application to the Commodity Administrator for consideration of his case. The application shall be on a form provided by the Board and all information required in or by such form shall be furnished and in the manner required.

(2) If the Commodity Administrator is of the opinion that the manufacturer's maximum price for the standard goods referred to in an application should be varied, he shall fix the new maximum price thereof on sales by the manufacturer to each class of customer mentioned by him in his application. If the goods are sold at wholesale and if the Administrator of Wholesale Trade is of the opinion that the maximum wholesale prices also should be varied, he shall for each class of wholesaler fix the maximum prices or the maximum markups on sales of such goods at wholesale. If the goods are sold at retail and if the Administrator of Retail Trade is of the opinion that the maximum retail price also should be varied, he shall fix the maximum prices or the maximum markups on sales of such goods at retail. All such fixations shall be submitted to the Chairman for approval.

(3) When the fixations have been approved by the Chairman, a notice in duplicate shall be sent to the manufacturer by or on behalf of the Board, setting forth the maximum prices and maximum markups that have been fixed. Upon receipt of such notice, the manufacturer shall forthwith endorse upon one of the copies thereof a signed and dated acknowledgment of its receipt by him and before selling or offering to sell such goods at any increased price he shall forward that endorsed copy to the office specified in the notice.

(4) An application shall be made under this Section whenever

- (a) the quantity of the goods in any container is varied by a change in the size of the container or is otherwise varied, or
- (b) it is desired to impose or alter any terms or conditions of sale unless as a result the laid-in cost of the goods to the buyer is reduced.

21. (1) Whenever a manufacturer's maximum price for any standard goods has been varied under Section 20 and he has received the notice referred to in that Section, he shall, at or before the time of shipping any of those goods to any of his customers, inform that customer as to the price fixations or directions contained in that notice by sending to him a printed or written notification completed in accordance with the appropriate form in the Appendix to this Order or in a form approved by the Commodity Administrator.

(2) Before shipping any of the goods at the varied maximum price an exact copy of each form of notification proposed to be sent by the manufacturer in accordance with subsection (1) preceding must be filed by the manufacturer with the Commodity Administrator and any such form shall be altered as that Administrator may require.

(3) When the manufacturer has sent to a customer a notification as required by this Section, no further notification need be sent on further sales of those goods to that customer.

PRICE FIXATIONS FOR LIMITED PERIOD

22. (1) Maximum prices for and maximum markups on standard goods and on dissimilar goods referred to in this Part may be fixed for a limited period to be determined by the Commodity Administrator.

(2) Whenever the maximum price for or maximum markup on any goods has been fixed for a limited period, the manufacturer of such goods shall, not later than thirty days before the expiration of such period, make application to the Commodity Administrator for a review of such maximum price or markup; and every such application shall be on a form provided by the Board. The application shall show wherein any of the particulars set forth in the application made under Section 14 or Section 20 are at variance with the actualities experienced during that limited period.

(3) When the manufacturer has made application for review under this Section, he may continue to sell the goods concerned at the existing lawful maximum price unless the Commodity Administrator otherwise directs by notice in writing.

(4) The Commodity Administrator, with the approval of the Chairman in the case of standard goods, may confirm or vary the maximum price or markup previously fixed with or without limit as to time. If a further limited period is specified, the provisions of subsections (2) and (3) preceding shall apply. If the Commodity Administrator varies the maximum price or markup the Administrator of Wholesale Trade and Administrator of Retail Trade may take any action they deem necessary in respect of sales at wholesale and at retail, respectively.

CHANGE IN BUSINESS NAME

23. The maximum price at which a manufacturer who changes the name under which he operates his business may sell or offer to sell the goods produced by him shall be the maximum price at which he could lawfully sell those goods if he had not changed such name.

NEW OWNER OF A BUSINESS

24. If a manufacturer who is the new owner of a business manufactures goods that are not identical in every respect, including trade description, with the standard goods manufactured by the former owner of the business, the goods shall be deemed to be dissimilar goods manufactured by the new owner and the provisions of Sections 13, 14, 15, 16, 17, 18, 19 and 22 shall apply and the standard goods referred to in those Sections shall be deemed to mean the standard goods of the former owner of the business.

25. If a manufacturer who is the new owner of a business manufactures goods that are identical in every respect, including trade description, with the standard goods manufactured by the former owner, he may, subject to Section 26, sell those goods at a price not exceeding the maximum price at which such former owner could lawfully sell the goods if he had continued to operate the business. (Every new owner must, however, obtain a licence from the Board under Order No. 202, or any Order replacing that Order, before he may sell any goods.)

26. (1) A manufacturer who is the new owner of a business shall, within thirty days after becoming such new owner, file with the Commodity Administrator

(a) a list showing each of the identical goods referred to in Section 25 that he manufactures or proposes to manufacture and, opposite each of the listed goods, shall state the maximum price at which the former owner of the business could lawfully sell the goods to the extent that he is able to ascertain that maximum price and

(b) a list showing such of the goods the former owner's maximum price for which he does not know and, opposite each of such listed goods, shall state the maximum price at which he proposes to sell the goods.

(2) To the lists referred to in subsection (1) preceding, the new owner shall attach an application to the Commodity Administrator for approval of the prices shown in the lists. After filing the application, the new owner may continue to sell the listed goods filed under clause (a) of subsection (1) at prices not exceeding the listed maximum prices unless the Commodity Administrator otherwise directs by notice in writing. The new owner, however, shall not sell any listed goods filed under clause (b) of subsection (1) until the Commodity Administrator has fixed the maximum price by approving the listed price or fixing a different maximum price by notice in writing. No new owner, however, who fails to comply with this Section shall sell or offer to sell any goods after the expiration of the thirty days mentioned in subsection (1) preceding.

(3) Every notice given by the Commodity Administrator under this Section shall be sent in duplicate to the new owner who, upon receipt of the notice and before further selling or offering to sell any goods, shall endorse upon one copy of the notice a signed and dated acknowledgment of its receipt by him and shall forward that endorsed copy to the office specified in the notice.

NEW ENTRANT IN BUSINESS

27. The goods manufactured by any new entrant in business shall be regarded as dissimilar goods manufactured by him and the provisions of Sections 13, 14, 16, 17, 18, 19 and 22 shall apply, (Every new entrant in business must also obtain a permit from the Director of Licensing under Order No. 234 and a licence from the Board under Order No. 202, or any Order replacing either of such Orders, before he may sell any goods.)

Part III—Wholesalers of Domestic and Imported Goods

(NOTE: Throughout this Part, it is indicated that jurisdiction lies with the Administrator of Wholesale Trade; however, Section 8 provides that wherever jurisdiction over sales by wholesalers has been or may be transferred to a Commodity Administrator, references to the Administrator of Wholesale Trade in this part will be construed as references to that Commodity Administrator. All existing arrangements of this kind are to be continued until instructions to the contrary are issued.)

28. (1) The maximum price at which a wholesaler may sell or offer to sell any domestic or imported goods may have been fixed

- (a) by Section 7 of the Wartime Prices and Trade Regulations (which Section established as ceiling prices the lawful maximum *prices* obtained in the basic period), or
- (b) by or under an order issued by or under authority of the Board or issued by another price-fixing authority with the concurrence of the Board, or otherwise fixed by or under authority of the Board (and, whenever the maximum price or maximum markup on sales at wholesale has been fixed by such an order, the basic period maximum price will no longer apply while the order is in force), or
- (c) by or under authority of this Order (in which case the wholesaler may receive a notification from his supplier or a direction or notice from the Board and the wholesaler must adopt the maximum price or maximum markup set forth in the notification, direction or notice); and if the maximum price or maximum markup at which a wholesaler may sell any particular goods has not been fixed in any of the foregoing ways, he must establish his maximum price or maximum markup in accordance with the provisions of this Part.

(2) Any goods the maximum price for which or the maximum markup on which has been fixed in any way referred to in subsection (1) or established in accordance with Sections 29 to 32 inclusive are to be regarded thereafter as the wholesaler's *standard goods*.

29. (1) The maximum price at which any wholesaler may sell or offer to sell any goods designated from time to time by the Administrator of Wholesale Trade and which are similar in usefulness, durability, serviceability and intrinsic worth to his standard goods shall be the same as the lawful maximum price at which that wholesaler may sell such standard goods.

(2) Every designation by the Administrator of Wholesale Trade under this Section shall be by notice signed by him, countersigned by the Chairman of the Board.

30. (1) Whenever a wholesaler acquires for re-sale any goods (hereinafter referred to as dissimilar goods) which are not identical with his standard goods (see subsection (2) of Section 28), and are not goods referred to in Section 10 or Section 29, he shall not sell or offer to sell such dissimilar goods unless and until the maximum price or maximum markup at which he may sell such goods has been fixed under this Order and he has complied with the provisions of this Order in all respects.

(2) The wholesaler shall make an application to the Administrator of Wholesale Trade, on a form provided by the Board, to fix the maximum price for the dissimilar goods and shall furnish all information required in or by such form and in the manner required. The application may be filed at the nearest office of the Board.

31. (1) If the Administrator of Wholesale Trade is of the opinion that the goods referred to in the application submitted under Section 30 are dissimilar goods, he shall fix the maximum price or maximum markup on sales of such goods by each class of wholesaler mentioned in the application (unless production of the goods is contrary to the requirements of Section 9 of this Order or the requirements of any other order or unless the Administrator believes that the maximum price at which the wholesaler's supplier in Canada may sell the goods has not been fixed or established). If the goods are to be sold at retail and if the Administrator of Retail Trade is of the opinion that he should fix at the same time the maximum price or markup on the sale of such goods at retail, he shall fix the maximum prices or maximum markups on sales of such goods at retail. When the fixations have been made, a notice in duplicate shall be sent to the wholesaler by or on behalf of the Board, setting forth the said maximum prices or maximum markups.

(2) Upon receipt of such a notice, the wholesaler shall forthwith endorse upon one of copies thereof a signed and dated acknowledgment of its receipt by him and, before selling or offering to sell such goods, he shall forward that endorsed copy to the office specified in the notice.

32. (1) Whenever the cost of a wholesaler's standard goods that are imported by him into Canada becomes such that the lawful maximum price does not provide a reasonable markup thereon, the wholesaler may make application to the Administrator of Wholesale Trade, on a form provided by the Board, for consideration of such case. All information required in or by such form shall be furnished and in the manner required.

(2) If the Administrator of Wholesale Trade is of the opinion that the importing wholesaler's maximum price for the standard goods referred to in the said application should be varied, he shall fix the new maximum price therefor on sales by such wholesaler to each class of customer. If the goods are sold to other wholesalers and if the Administrator of Wholesale Trade is of the opinion that the maximum prices on sales by such other wholesalers should be varied, he shall fix the maximum prices or maximum markups on sales by such other wholesalers. If the goods are sold at retail and if the Administrator of Retail Trade is of the opinion that the maximum retail price should be varied he shall fix the maximum prices or the maximum markups on sales of such goods at retail. All such fixations shall be submitted to the Chairman for approval.

(3) When the Chairman has approved the fixation or fixations, a notice in duplicate shall be sent to the importing wholesaler by or on behalf of the Board, setting forth the said maximum prices and maximum markups that have been fixed. Upon receipt of such notice, such wholesaler shall forthwith endorse upon one of the copies thereof a signed and dated acknowledgment of its receipt by him and, before selling or offering to sell such goods at any increased price, he shall forward that endorsed copy to the office specified in the notice.

- (4) An application shall be made by a wholesaler under this Section whenever
- (a) the quantity of any goods imported or packaged by him in any container is varied by a change in the size of the container or is otherwise varied, or
 - (b) he desires to impose or alter any terms or conditions of sale of any goods unless as a result the laid-in cost of the goods to the buyer is reduced.

33. (1) Under the provisions of Part II of this Order, any wholesaler who purchases goods from a manufacturer will receive a notification from that manufacturer setting forth maximum prices or maximum markups on sales of such goods at wholesale and at retail whenever (a) the maximum price for the manufacturer's standard goods has been varied, or (b) the maximum price for the manufacturer's dissimilar goods and maximum prices or maximum markups on sales of such goods at wholesale and at retail have been fixed, or (c) the maximum price for the manufacturer's dissimilar goods has been fixed for all sellers by relation to the maximum prices established on his most nearly comparable standard goods.

(2) Under the provisions of this Part, any wholesaler will receive a notice from the Board whenever, following an application by him, (a) a maximum price or maximum markup has been fixed on sales by him of dissimilar goods (see Sections 30 and 31), or (b) the maximum price or maximum markup at which he may sell his standard imported goods has been varied (see Section 32).

(3) Whenever a wholesaler receives from a manufacturer a notification of the kind described in clause (a) or clause (b) of subsection (1) or receives from the Board a notice of the kind described in subsection (2), he shall, at or before the time of shipping any of those goods to any of his customers, send a notification to that customer according to the appropriate Form in the Appendix to this Order. If a wholesaler receives from another wholesaler a notification under this subsection, he shall at or before the time of shipping any of those goods to any of his customers send a corresponding notification to that customer.

(4) Before shipping any of the goods referred to in subsection (3), an exact copy of each form of notification proposed to be sent by the wholesaler in accordance with subsection (3) must be filed by him with the Administrator of Wholesale Trade and any such form shall be altered as that Administrator may require.

(5) When the wholesaler has sent to a customer a notification as required by this Section, no further notification need be sent on further sales of those goods to that customer.

(6) Whenever a wholesaler first sells any dissimilar goods in respect of which he is required by this Section to send a notification to his customers, he shall clearly mark on the invoice covering the sale that they are dissimilar and may use the expression "new" for that purpose; but, on further sales of those goods to the same customer invoices need not to be so marked.

(7) The Administrator of Wholesale Trade may approve or specify any alternative form of notification and/or invoicing that he considers proper and in accordance with the intent of this Section.

34. Whenever a wholesaler receives from a manufacturer a notification of the kind referred to in clause (c) of subsection (1) of Section 33, he is not required to send any notification in respect thereof to his customers.

CHANGE IN BUSINESS NAME

35. The maximum price at which a wholesaler who changes the name under which he operates his business may sell or offer to sell any goods shall be the maximum price at which he could lawfully sell those goods if he had not changed such name.

NEW OWNER OF A BUSINESS

36. Subject to Section 37, the maximum price at which a wholesaler who is the new owner of a wholesale business may sell or offer to sell any goods shall be the maximum price at which the former owner of the business could lawfully sell those goods at wholesale if he had continued to operate the business. (Every new owner must, however, obtain a licence from the Board under Order, No. 202, or any Order replacing that Order, before he may sell any goods.)

37. (1) A wholesaler who is the new owner of a business shall, within thirty days after becoming such new owner, file at the nearest office of the Board a list showing each of the goods that he sells or proposes to sell and, opposite each of such goods, shall state the maximum price at which the former owner of the business could lawfully sell the goods to the extent that he is able to ascertain that maximum price and, to the extent that he is unable to ascertain that maximum price, shall state the maximum price, clearly differentiated, at which he proposes to sell the goods. Such list may be the proposed price-list or catalogue which he has prepared for distribution among his customers. The wholesaler shall furnish such additional information as the Administrator of Wholesale Trade may specify.

(2) To the list referred to in subsection (1) preceding, the new owner shall attach an application to the Administrator of Wholesale Trade for approval of the prices shown in the list. After filing the application, the new owner may continue to sell the listed goods at prices not exceeding the listed maximum prices mentioned in subsection (1) unless that administrator otherwise directs by notice in writing. Subject to subsection (3) however, no new owner who fails to comply with this Section shall sell or offer to sell any goods after the expiration of the thirty days mentioned in subsection (1).

(3) The Administrator of Wholesale Trade, upon application by the new owner, may exempt the new owner from the necessity of filing the list referred to in subsection (1) preceding and may by notice in writing give directions to the new owner as to the maximum prices or maximum markups at which the new owner may sell his goods.

(4) Every notice given by the Administrator of Wholesale Trade under this Section shall be sent in duplicate to the new owner who, upon receipt of the notice and before further selling or offering to sell any goods, shall endorse upon one copy of the notice a signed and dated acknowledgment of its receipt by him and shall forward that endorsed copy to the office specified in the notice.

NEW ENTRANT IN BUSINESS

38. No new entrant in business shall sell or offer to sell any goods at wholesale unless and until the maximum price at which he may sell such goods has been fixed under this Order and he has complied with the provisions of this Order in all respects.

(Every new entrant in business must, before proceeding to have his maximum prices fixed under this Order, obtain a permit from the Director of Licensing under Order No. 284 and a licence from the Board under Order No. 202, or any Order replacing either of such Orders.)

39. (1) Such new entrant in business shall file with the Administrator of Wholesale Trade, directly or through the nearest office of the Board, for approval a list showing each of the goods that he proposes to sell and, opposite each of such goods, the maximum price at which he proposes to sell the goods. Such list may be the proposed price-list or catalogue which he has prepared for distribution among his customers. The Wholesaler shall furnish such additional information as the Administrator of Wholesale Trade may specify.

(2) The Administrator of Wholesale Trade, upon application of the new entrant in business, may exempt the new entrant in business from the necessity of filing the list referred to in subsection (1) preceding and may by notice in writing give directions to the new entrant in business as to the maximum prices or maximum markups at which he may sell his goods.

(3) The new entrant in business shall not sell or offer to sell any goods until he

(a) has received from the Administrator of Wholesale Trade a notice in writing in duplicate approving the said listed prices, or fixing or giving directions as to the maximum prices or maximum markups at which the new entrant in business may sell the listed goods, and

(b) has endorsed upon one copy of the notice a signed and dated acknowledgment of its receipt by him and has forwarded that endorsed copy to the office specified in the notice.

The prices approved or the prices or markups fixed in the notice shall be the maximum prices or maximum markups at which the new entrant in business may sell or offer to sell the goods referred to in the notice.

Part IV—Retailers

(NOTE: Throughout this Part, it is indicated that jurisdiction lies with the Administrator of Retail Trade. Section 8, however, provides that wherever jurisdiction over sales by retailers has been or may be transferred to a Commodity Administrator, references to the Administrator of Retail Trade in this Part will be construed as references to that Commodity Administrator. All existing arrangements of this kind are to be continued until instructions to the contrary are issued.)

40. (1) The maximum price at which a retailer may sell or offer to sell any domestic or imported goods may have been fixed

(a) by Section 7 of the Wartime Prices and Trade Regulations (which Section established as ceiling prices lawful maximum *prices* obtained in the basic period), or

(b) by or under an order issued by or under authority of the Board or issued by another price-fixing authority with the concurrence of the Board, or otherwise fixed by or under authority of the Board (and whenever the maximum price or maximum markup on sales at retail has been fixed by such an order, the basic period maximum price will no longer apply while the order is in force), or

(c) by or under authority of this Order (in which case the retailer may receive a notification from his supplier or a direction or notice from the Board, and the retailer must adopt as his own the maximum price or maximum markup set forth in the notification, direction or notice as if it had been fixed directly for him);

and, if the maximum price or maximum markup at which a retailer may sell any particular goods has not been fixed in any of the foregoing ways, he must establish his maximum price for those goods in accordance with Sections 41, 42 and 43.

(2) Any goods the maximum price for which or the maximum markup on which has been fixed in any way referred to in subsection (1) or established in accordance with Sections 41, 42 and 43, are to be regarded thereafter as the retailer's *standard* goods.

41. If a retailer intends to sell any goods the maximum price for which or maximum markup on which has not been fixed in any way referred to in Section 40 and

- (a) if the goods serve the same purpose as his standard goods and are equivalent thereto in usefulness, durability, serviceability and intrinsic worth, the maximum price at which he may sell or offer to sell the goods shall be the same as the lawful maximum price at which he may sell such standard goods at retail;
- (b) if the goods do not serve the same purpose as any of his standard goods or are not equivalent thereto in usefulness, durability, serviceability or intrinsic worth *but are identical with goods being sold by a competitor of the same class in the same locality*, the maximum price at which he may sell or offer to sell the goods shall be the price at which such competitor is selling such goods at retail.

42. (1) If the retailer establishes his maximum price on any goods by reference to the price of a competitor as set out in paragraph (b) of Section 41, he shall, before selling or offering for sale such goods, file at the nearest office of the Board particulars showing:

- (a) the trade description of the goods;
- (b) the name and address of the said competitor;
- (c) that competitor's selling price for the goods and the date on which the goods were on sale by that competitor;
- (d) his laid-in cost of the goods; and
- (e) the name of his supplier;

and shall furnish such additional information as may be required.

(2) Upon the particulars being filed as required by subsection (1), the said retailer may sell his said identical goods at retail at a price not exceeding the price so filed unless, within sixty days from the time the said particulars are filed, the Administrator of Retail Trade or a Prices and Supply Representative otherwise directs by notice in writing. Any such notice shall be sent in duplicate to the retailer who, before further selling or offering to sell the goods, shall endorse upon one copy of the notice a signed and dated acknowledgment of its receipt by him and shall forward that endorsed copy to the office specified in the notice.

43. (1) In all cases where the maximum price or maximum markup on any goods has not been established in any of the ways set out in Section 40 and the retailer is unable to establish a maximum price under Section 41 he shall make application at the nearest office of the Board for directions, in which event the Administrator of Retail Trade or a Prices and Supply Representative may fix the maximum price or maximum markup on sales of the goods concerned by that retailer.

(2) Whenever a maximum price or maximum markup for any goods is fixed under subsection (1) preceding, a notice shall be sent to the retailer by or on behalf of the Board, setting forth the maximum price or maximum markup that has been fixed. The retailer shall comply with all instructions contained in or accompanying the notice.

TRANSACTIONS BETWEEN RETAILERS

44. (1) If a retailer buys from another retailer any goods at a gross price which, before deduction of any discount therefrom allowed to him, is less than his own lawful maximum selling price for the goods, the price at which he may resell such goods shall not exceed such gross price.

(2) On every purchase referred to in subsection (1), the buyer shall demand from the seller and the seller shall forthwith furnish to the buyer a sales invoice or receipt showing the date of sale, the identity of the seller, and the gross price charged by the seller for the goods and the discount therefrom, if any, allowed by the seller to the buyer.

(3) The invoice or receipt referred to in subsection (2) shall, for a period of twelve months from the date of the transaction, be kept available by the buyer for inspection by any representative of the Board.

CHANGE IN BUSINESS NAME

45. The maximum price at which a retailer who changes the name under which he operates his business may sell or offer to sell any goods shall be the maximum price at which he could lawfully sell the goods if he had not changed such name.

NEW OWNER OF A BUSINESS

46. (1) The maximum price at which a retailer who is the new owner of a retail business may sell any goods shall be the maximum price at which the former owner of the business could lawfully sell those goods if he had continued to operate the business, unless the Administrator of Retail Trade or a Prices and Supply Representative otherwise directs by notice in writing.

(2) Every notice given under subsection (1) preceding shall be sent in duplicate to the new owner who, upon receipt of the notice and before further selling or offering to sell any goods, shall endorse upon one copy of the notice a signed and dated acknowledgment of its receipt by him and shall forward that endorsed copy to the office specified in the notice.

NEW ENTRANT IN BUSINESS

47. (1) Every new entrant in business at retail must establish his maximum selling price for any goods in accordance with this Section. (Before selling any goods, however, he must obtain a permit from the Director of Licensing under Order No. 284 and a licence from the Board under Order No. 202, or any Order replacing either of such Orders.)

(2) If the maximum price or maximum markup at which any particular goods may be sold at retail has been fixed by any Order made or approved by the Board or issued by other price-fixing authority with the concurrence of the Board, the new entrant in business must comply with such Order.

(3) In respect of any goods the maximum price for which or maximum markup on which on sales at retail has not been fixed by any Order referred to in subsection (2), the new entrant in business must not sell or offer to sell the goods at a price higher than the price at which identical goods are being sold or offered for sale by competitors of the same class in the same locality. If those competitors are not selling the identical goods, the price at which the new entrant in business may sell or offer to sell the goods must not exceed the level of retail prices for goods of the same class or kind in that locality.

(4) The Administrator of Retail Trade or a Prices and Supply Representative may review any prices established under this Section and may vary such prices or fix or vary maximum markups in lieu thereof. Whenever the Administrator of Retail Trade or a Prices and Supply Representative varies a maximum price or fixes or varies a maximum markup under this subsection, a notice in duplicate shall be sent to the new entrant in business who, upon receipt of the notice and before further selling or offering to sell any goods referred to in the notice, shall endorse upon one copy of the notice a signed and dated acknowledgment of its receipt by him and shall forward that endorsed copy to the office specified in the notice.

Part V—Administrative Provisions

48. (1) Every Administrator may from time to time

- (a) review prices and markups and require such reductions in prices or markups as he may specify, and require any person to give such notice thereof to such other persons as he may specify;
- (b) require any person to furnish such information concerning any goods under the jurisdiction of the Administrator and in such manner as the Administrator may specify;
- (c) prescribe the price ranges within which any goods may be manufactured or dealt in by any person;

(e) prescribe, with the approval of the Chairman, what person or persons shall constitute a class of buyer for the purposes of subsection (4) of Section 7 of the Wartime Prices and Trade Regulations, and what conditions of sale and quantities shall entitle a buyer to the benefit of such subsection (4), and what difference in price shall be allowed by any seller for the purpose of such subsection (4);

(f) require any person to give such notification to his customers as the Administrator may specify;

(g) fix, by order signed by the Administrator and countersigned by the Chairman of the Board, the maximum price or maximum markup at which any goods may be sold or offered for sale by any person, and prohibit purchase or sale at a price or markup in excess of the price or markup so fixed.

(2) Any of the powers of an Administrator under this Order may also be exercised by any other person to the extent that he may be authorized so to do by the Chairman.

49. Any notice required by this Order to be sent to any person may, in lieu thereof, be published in *Canadian War Orders and Regulations*; and such publication shall, for the purposes of this Order, constitute receipt of that notice by that person.

50. Any person may appeal to the Administrator concerned from any decision by a Prices and Supply Representative. Any person may appeal to the Board from any decision, direction, prescription or requirement by an Administrator.

51. Fixations that are required by this Order to be approved by the Chairman may, in lieu thereof, be approved by the Secretary of the Board or by the Chief of the Prices Division of the Board or by any other person appointed by the Chairman for such purpose.

52. (1) In any case in which it appears that any provision of this Order is impracticable with respect to any goods or that, by reason of special circumstances, it appears expedient to waive compliance with or give special directions as to any provision of this Order, the Chairman, Chief or Assistant Chief of the Prices Division may give any directions in writing and, without any prior notice of intention being necessary, may at any time withdraw or amend any directions. All action taken under this subsection shall be reported at a meeting of the Board.

Orders in Council

Order in Council appointing Colonel G. LeB. Ross to the Army Salvage and Disposal Board, vice Colonel G. W. Cavey.

P.C. 7281

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 19th September, 1944.

The Committee of the Privy Council have had before them a report dated 14th September, 1944, from the Minister of National Defence, representing that Order in Council P.C. 4649, dated 25th June, 1941, *inter alia* provides for the establishment of the Army Salvage and Disposal Board and that the Chairman or any member of the Board may at any time be removed from office on recommendation of the Master General of the Ordnance with the approval of the Minister of National Defence and that any vacancies occurring as a result of such removal or otherwise shall be filled by appointment by the Governor in Council;

That by Order in Council P.C. 7294, dated 18th August, 1942, Colonel G. W. Cavey, of the Branch of the Master General of the Ordnance was appointed a member of the said Board;

That Colonel G. W. Cavey is now retired from the Army and can no longer remain a member of the Board;

That a large percentage of the obsolete stores submitted to the said Board for consideration as to disposal are of a technical nature and it is therefore considered that Colonel G. LeB. Ross, the Director of Ordnance Services (Technical Stores) is a suitable person to be appointed to the said Board in the place of Colonel G. W. Cavey; and

That the Master General of the Ordnance recommends that Colonel G. W. Cavey be permitted to resign from the Army Salvage and Disposal Board.

The Committee, therefore, on the recommendation of the Minister of National Defence, advise that the appointment of Colonel G. W. Cavey as a member of the Army Salvage and Disposal Board be revoked and that Colonel G. LeB. Ross be appointed a member of the said Board in his place and stead.

Order in Council re entry into Canada of dependents of members of the Canadian Armed Forces

P. C. 7318

AT THE GOVERNMENT HOUSE AT OTTAWA

THURSDAY, the 21st day of September, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas the Minister of Mines and Resources, with the concurrence of the Secretary of State for External Affairs, and with the approval of Cabinet War Committee, reports:

1. That it is desirable to facilitate entry into Canada of dependents of members of the Canadian Armed Forces and, where the aforesaid members are Canadian citizens or have Canadian domicile, to provide such dependents with the same status; and

2. That the medical examination overseas of dependents of members of the Canadian Armed Forces establishes, in some instances, that the person examined is not admissible to Canada under the provisions of the Immigration Act.

Therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources, with the concurrence aforesaid, and under the authority of the War Measures Act, Chapter 206 of the Revised Statutes of Canada, 1927, and notwithstanding anything contained in the provisions of the Immigration Act and Regulations, is pleased to order and it is hereby ordered as follows:

1. (a) The term "dependent" as used in this Order means the wife, the widow or child under eighteen years of age of a member or former member of the Canadian Armed Forces who is serving or has served outside of Canada in the present war.

(b) The term "approved medical practitioner" as used in this Order means a doctor of medicine approved by the Immigration Medical Service of the Department of Pensions and National Health.

2. Every dependent applying for admission to Canada shall be permitted to enter Canada and upon such admission be deemed to have landed within the meaning of the said Act; and where the member of the Canadian Armed Forces is either a Canadian citizen or has Canadian domicile, the dependent shall, upon being landed, be deemed to have acquired the same status for the purposes of the said Act.

3. Before proceeding to Canada the dependent shall be examined by a medical officer in the service of the Government or an approved medical practitioner. On request the Chief Officer of the Medical Immigration Service shall be furnished with full particulars of the medical examination of the dependent and such particulars may be transmitted to the Public Health Service of the Province to which the dependent is destined, with a view to securing necessary treatment and as a protection to public health.

4. In any case in which medical examination discloses that a dependent is suffering from an infectious or contagious disease, or a disease which may become dangerous to the public health, or that travel would be dangerous to the dependent in his or her present condition, the admission to Canada of such dependent may be deferred until the production of a medical certificate from an approved medical practitioner establishing that the condition of the person concerned is not infectious or contagious, and that he or she may travel with reasonable safety as the case may be.

5. In any case in which the certificate is furnished by an approved medical practitioner who is not in the service of the Government, the cost shall be paid at the approved rate by the Immigration Branch, Department of Mines and Resources, out of the War Appropriation.

Order in Council providing tariff treatment, exemption from War Exchange and Special Excise taxes for coquina shells

P.C. 7395

AT THE GOVERNMENT HOUSE AT OTTAWA

TUESDAY, the 26th day of September, 1944.

PRESENT:

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

Whereas Order in Council P.C. 9374 of October 13, 1942 exempted imports of "oyster shells, not further manufactured than crushed or screened, or both, for use as poultry feeds or in the manufacture of poultry feeds" from customs duty, war exchange tax and special excise tax to enable this essential feed to be sold under ceiling prices;

And whereas the Minister of Finance reports that the supply in Canada and in the United States of oyster shells for feed purposes is not sufficient to meet the demand;

That about a year ago a large deposit of coquina shells was discovered in Florida, which shells are very similar, chemically, to oyster shells and equally as suitable for poultry feeding purposes;

That coquina shells are admitted duty free from all countries under Tariff Item 680, the Item providing for unmanufactured shells, but are subject to the war exchange tax of 10 per cent and the 3 per cent special excise tax; and

That it would be in the best interests of the Canadian poultry industry if imports of coquina shells were exempt from the war exchange tax of 10 per cent ad valorem and the special excise tax of 3 per cent and if provision were made for exempting this material from the customs duty of 20 per cent ad valorem if any of these shells were imported crushed or otherwise manufactured;

Now, therefore, His Excellency the Governor General in Council, on the recommendation of the Minister of Finance and under the authority of the War Measures Act, Chapter 206, Revised Statutes of Canada, 1927, is pleased to order and it is hereby ordered:—

1. That coquina shells, not further manufactured than crushed or screened, or both, for use as poultry feeds or in the manufacture of poultry feeds be accorded the tariff treatment hereunder indicated, effective September 1, 1944:—

Coquina shells, not further manufactured than crushed or screened, or both, for use as poultry feeds or in the manufacture of poultry feeds . . .

2. That coquina shells, not further manufactured than crushed or screened, or both, for use as poultry feeds or in the manufacture of poultry feeds be exempt from the war exchange tax of 10 per cent ad valorem and the special excise tax of 3 per cent, effective September 1, 1944.

(2) The maximum price at which a used bicycle which is not a rebuilt bicycle or the equivalent of a rebuilt bicycle may be sold by any person shall be an amount equal to the maximum price of a rebuilt bicycle of the same make, kind and age, less the amount of the estimated cost of making it into a rebuilt bicycle. However, the maximum price shall not in any event exceed sixty per cent of the maximum price of such used bicycle if it had been rebuilt.
